

General Statement for IC List

This Generic Clearance Request of Survey Improvement Projects will recruit persons who have participated in past USDA surveys and have expressed a willingness to participate in pilot testing. We are not anticipating any refusals.

The questionnaire(s), survey materials, and a description of the purpose, method of testing, recruitment, information collection, and analysis proposed under this generic approval will be submitted to OMB for approval prior to use in the field.

This survey docket does not have a special form or instrument used for Non-respondents.
