

Overview

These are screenshots and help text for the last iteration of the National Census Bureau Survey (NCSB). For the January 2017 iteration of this survey, we will employ a split-panel design. Respondents will receive Version 1 or Version 2 of the survey. All respondents will go to the same website, but then half will be redirected to a different URL with the second version of the survey. Most of the screens and their functionality will remain the same for the second version of the survey (including a mobile web responsive design). The only changes are to the text. Changes appear in red throughout this document. The base design for both surveys is the existing NCBS survey.

In addition to the text changes provided in red in this document, the following changes will also be made:

Census Day: February 1, 2017

Survey Open Period: ~6 weeks

Survey Open Day: January 23, 2017

Survey Close Day: March 15, 2017

After March 15, 2017, display:

National Census Bureau Survey is now closed.

The National Census Bureau Survey provides information to study a variety of new methods and advanced technologies that are under consideration for the 2020 Census. This is an ongoing survey conducted approximately four times a year. We appreciate your interest in this survey, but we will no longer be processing responses to this survey for the current data collection period. Thank you.

Owned by you or someone in this household with a mortgage or loan

Select this response option to describe any house, apartment, or mobile home that has any type of loan secured by real estate. These liens may be called mortgages, deeds of trust, trust deeds, or contracts to purchase. Owner-occupied units with reverse mortgages and home equity loans are considered to be "owned with a mortgage or loan" as are owner-occupied mobile homes with installment loans.

Owned by you or someone in this household free and clear (without a mortgage or loan)

Select this response option to describe owner-occupied properties without any loans secured by real estate.

Rented

Select this response option to describe units where money rent is paid or contracted. 'Continuing care,' sometimes called life care, is a contract between an individual and housing services provider. The contract requires that shelter, usually a house or apartment, and services such as meals or transportation to shopping or recreation, be provided. For these kinds of living arrangements, select the 'Rented' box.

Occupied without payment of rent

Select this response option if the house or apartment is not owned or being bought by a member of the household and if money rent is not paid or contracted. (For example, a house or apartment that is provided free to a janitor, caretaker, or superintendent in exchange for services.)

Choose the option that best describes where this person is living and sleeping MOST OF THE TIME around September 1, 2016.

Here are some examples of what we mean by MOST OF THE TIME:

- If, around the time of September 1, 2016, a person lives at one residence for part of each week and at another residence for the other part of each week, then that person is on a "weekly cycle," and you should select the residence where that person stays most of the time during each week (e.g., commuter workers).
- The same concept would apply to someone who is on a "monthly cycle" (e.g., children in shared custody) or a "yearly cycle" (e.g., people with a seasonal residence). You should select the residence where that person stays most of the time during each cycle (e.g., most of each month, or most of each year).
- If the person stays equal amounts of time at each place during each cycle, then you should select "Equal time at all places."
