Strategic Plan Template

Instructions:

The strategic plan is intended to help you plan the activities your site will implement to achieve each of the five ADDM strategies, set performance targets, and select suggested performance measures on which your site will report. The strategic plan should be developed for the period between Jan 1, 2015 – December 31, 2016 and refer to activities that will be conducted for the 2014 surveillance year, with the exception of activities related to Strategy 3 (data analyses), which may cover prior surveillance years.

Please scroll down to complete the template for each of the five ADDM strategies.

Your strategic plan should be completed and submitted to CDC no later than June 30, 2015.

The **Status of Activities** and **Notes/Challenges** columns should be updated and reported to CDC **every 6 months.**

Definitions for each of the data elements requested below are provided in the **ADDM Network Performance Measurement Reporting Guidelines.**

Strategy 1 (S1) Component A: 8-year-old ASD+CP or ASD+ID Surveillance

Planned activities		Related output	Lead personnel	Target start date	Target end date	Status of activities	Notes/ challenges

Key performance measures		6 month target		12 month target		18 month target		End of surveillance year (ESY) target	
		Denominator	Percent	Denominator	Percent	Denominator	Percent	Denominator	Percent
	% of educational data sources for which access to data has been secured or renewed								
	% of health data sources for which access to data has been secured or renewed								
	% of education records for which review has been completed - 8yr olds								
	% of health records for which review has been completed - 8yr olds								
	Select a suggested measure, if appropriate								
	Select a suggested measure, if appropriate								

Strategy 2 (S2) Component B: 4-year-old ASD+CP or ASD+ID Surveillance

Planned activities		Related output	Lead personnel	Target start date	Target end date	Status of activities	Notes/ challenges

Key performance measures		6 month target		12 month target		18 month target		End of surveillance year (ESY) target	
		Denominator	Percent	Denominator	Percent	Denominator	Percent	Denominator	Percent
% of educational data sources for which access to data has been secured or renewed									
% of health data sources for which access to data has been secured or renewed									
% of early intervention data sources for which access to data has been secured or renewed									
% of education records for which review has been completed - 4yr olds									
% of health records for which review has been completed - 4yr olds

Strategy 4 (S4) Community Education & Outreach

Planned activities	Related output	Lead personnel	Target start date	Target end date	Status of activities	Notes/ challenges

Key performance measures	6 month target		12 month target		18 month target		End of surveillance year (ESY) target	
	Denominator	Percent	Denominator	Percent	Denominator	Percent	Denominator	Percent
# of education/outreach activities conducted								
# of education/outreach activities targeting under-identified groups								
# of data sources Community Report/ State Page disseminated to per year

Strategy 5 (S5) Monitoring & Evaluation

Planned activities	Related output	Lead personnel	Target start date	Target end date	Status of activities	Notes/ challenges

Key performance measures	6 month target		12 month target		18 month target		End of surveillance year (ESY) target	
	Denominator	Percent	Denominator	Percent	Denominator	Percent	Denominator	Percent
# of months that site meetings were held to track efforts towards achieving strategic plan and required performance measures								
Average abstraction % concordance per reporting period								

ADDM Network 6-month Performance Measures

Instructions:

Please use the table below to enter data for the performance measures listed. You may enter data into cells that are not greyed out.
Data reported should reflect activities completed for the period between <u>January 1 - June 30, 2015</u> and refer to activities conducted for the 2014 surveillance year.
For measures asking for percent, please enter the numerator and denominator and the percent will be automatically calculated.

ADDM Network End-of-Surveillance-Year (ESY) Performance Measures

Instructions:

Please use the table below to enter data for the performance measures listed. Please note that the grey cells are locked. You may enter data into cells that are not greyed out.

Data reported should reflect activities completed for the period between <u>January 1, 2015 - December 31, 2016</u> and refer to activities conducted for the 2014 surveillance year.

For measures asking for percent, please enter the numerator and denominator and the percent will be automatically calculated. For measures asking for Yes/No response, please click the down arrow to select a response from the drop down menu.

Measures marked as 'Optional' denote measures that are not included in the FOA.

Measures with an asterix (*) are included in the strategic plan template.

End-of-Surveillance-Year Performance Measures

ADDM Strategy	**Performance measure**	**Numerator/ Count**	**Denominator**	**Percent/ Average**	**Yes/No**	**Notes/Comments**
Strategy 1 & 2	Were final case records linked to community indicators based on geocoding?					
Strategy 1 & 2	Were final case records linked to birth certificates?					
Strategy 1 & 2	% of monthly clinician review reliability calls your site participated in			#DIV/0!		
Strategy 4	# of data sources Community Report/State Page disseminated to*					
Strategy 5	Did any clinician reviewers fall below an 80% reliability score?*					
Strategy 5	If yes, have they reestablished their reliability by reviewing additional records?*					
Strategy 5	# of months that site meetings were held to track efforts towards achieving strategic plan and required performance measures*					
Strategy 5	Are you aware of any new/modified policies related to ASD within your surveillance area? [OPTIONAL]					
Strategy 5	Are you aware of any new research that has been planned/initiated to look further into the findings from the ADDM Network? [OPTIONAL]
