- 2 Hello. Welcome to the CARE hotline. For English Press 1 or stay on the line. Pour le
- 3 français appuyez sur 2.
- 5 This phone line will help you make sure that you and your loved ones are healthy and
- 6 safe after your recent travel from a country with an Ebola outbreak. We'll ask you some
- 7 questions and help connect you with a doctor if needed.

9 Begin ID

- 10 To begin, we will need the ID number from the back of your CARE card. The CARE
- card was given to you at the airport with your CARE kit. Do you have your CARE card?
- Press 1 for yes, Press 3 for no.
- 15 No card connect
- 16 I'm going to connect you with someone at the Centers for Disease Control and
- 17 Prevention to help you. Please hold.
- 19 Enter ID
- 20 Great! Your CARE ID number is on the back of your CARE card. Please enter your
- 21 CARE ID number now.
- 23 You entered
- 24 You entered
- 26 Correct ID
- 27 Is this correct? Press 1 for yes. Press 3 for no.

Public reporting burden of this collection of information is estimated to average 4 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0821).

Re-enter ID Please re-enter the ID number from your CARE card. No recognize ID I'm sorry. I'm don't recognize that number. I'm going to connect you with someone who can help. Please hold. Now registered Thank you. You're now registered in our system. Next, please answer some questions about how you're feeling today. Intro 2 Thanks for calling the CARE hotline. Take Temp Q and YN Did you take your temperature today? If you took your temperature, press 1. If you did not take your temperature, press 3. Fever Q and YN Press 1 if your temperature was at or above 100.4 degrees Fahrenheit or 38 degrees Celsius. Press 3 if it was lower. Lost Therm If you've lost your thermometer and are unable to take your temperature, please press 1. We'll connect you with someone at the Centers for Disease Control and Prevention. If 

you can't take your temperature for a while and want to call back later, press 3.

14 58 59 Therm close loop Please find your thermometer and take your temperature at a convenient time. It may help 60 to take your temperature everyday before lunch and then again before dinner, as part of 61 your daily routine. We won't call you back again, but please take your temperature and 62 call this number as soon as you can. Doing so will help to make sure that you and your 63 loved ones stay safe and healthy. 64 65 Fever Confirm 66 You have indicated that you have a fever. 67 68 69 Connect with CDC I will now connect you with someone at the Centers for Disease Control and Prevention. 70 If necessary, that person will help you connect with the health department in your area to 71 arrange a visit with a doctor. Please hold. 72 73 74
