

Violence Intervention To Enhance (VITEL) Evaluation 6-MONTH FOLLOW-UP Client-Level Survey

Funding for data collection supported by the
Center for Substance Abuse Treatment (CSAT)
Substance Abuse and Mental Health Services Administration (SAMHSA)
U.S. Department of Health and Human Services (HHS)

Instructions: These instructions are for program staff administering the VITEL Evaluation Client-Level Survey. The Client-Level Survey should be administered by program staff at baseline (based on the program's definition of baseline), discharge, and 6-months post-baseline to all clients receiving VITEL services. ***Please note that this version of the Client-Level Survey is to be used at the 6-MONTH FOLLOW-UP (i.e., 6-months post-intake/baseline) only.***

The Client-Level Survey includes seven sections: Background Information, Intimate Partner Violence Risk, Substance Use/Risky Behavior, HIV Testing/HIV Status, Social Support, Mental Health and Medical Health, and Motivation for Treatment. All questions in Sections A – G should be asked of the client.

Please read the introduction to each section (in *italics*) and then read each question to the client as it is written. For some questions, you will read the response options to clients. Other questions are open-ended and you will not read the response options to clients. Please see the note in *italics* next to each question to determine whether you should read the response options. Some questions require the use of response options cards. Please provide the response options card to clients when noted.

You may provide clarification to the client to help them in understanding the question, but please do not change the wording of the questions.

**** The Client Dosage Form must be completed after the 6-MONTH FOLLOW-UP ****

The Client-Level Survey should take approximately 25 minutes to administer.

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0930-xxxx. Public reporting burden for this collection of information is estimated to average 45 minutes per respondent, per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to SAMHSA Reports Clearance Officer, 1 Choke Cherry Road, Room 2-1057, Rockville, Maryland, 20857.

Program Staff: The purpose of these questions is to get more information about how best to provide services. We are asking these questions because it is a requirement for us from the Federal government who gave us funding to provide services to you. All your background information and survey answers will be kept strictly confidential. All survey answers will be provided to the Federal government using only a number for you so there will be no way they can identify who you are. If you have any questions, comments, or concerns they can be directed to XXXXXX at XXX-XXX-XXXX.
