---------------------

**NURSING HOME OR REHABILITATION CENTER:**

Nursing homes are licensed or certified facilities that provide nursing services 24 hours a day to the residents. Rehabilitation centers provide skilled nursing care or rehabilitation services and other related health services.

**PERSONAL CARE HOME OR RESIDENTIAL CARE FACILITY:**

Personal care and residential care facilities or apartment buildings offer residents help with activities, such as bathing and dressing, but do not provide 24-hour nursing services. (Some residents at a personal care or residential care facility may not require such assistance, but it must be available to them.) These facilities are sometimes called assisted-living communities, personal care homes, board and care homes, or domiciliary homes.

**CCRC OR RETIREMENT HOME OR CENTER:**

CCRC and retirement centers or homes may have nursing home facilities on a campus or in one large building along with other housing and services, such as apartments, board and care services, and often a variety of community-based long-term care services.

**HOSPITAL**

**PRIVATE HOME OR APARTMENT**

**OTHER LTC FACILITY:**

Long-term care facilities provide a residence, some surveillance and available living assistance for persons no longer willing or able to live on their own for the long term.
