ECE-ICHQ Project
Center Director
Self-Administered Questionnaire
Fall 2015

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0970-0355. The time required to complete this information collection is estimated to average 3.5 hours per respondent, including the time to review instructions, gather the data needed, and complete and review the information collected.

INTRODUCTION

We appreciate your and your center's participation in the Assessing the Implementation and Cost of High Quality Care and Education study (ECE-ICHQ). The Administration for Children and Families within the U.S. Department of Health and Human Services is sponsoring the study to measure the cost of operating quality early education programs. They have contracted with Mathematica Policy Research, an independent research organization, to design and conduct the study.

As part of the study, we are conducting this survey to learn about your organization and what your center does to support the care and development of young children. This survey collects data about all of the early care and education services for children from birth to age 5 offered by your organization at this address.

Who Should Complete this Questionnaire? This questionnaire should be completed by the center director or person in an equivalent position.

How to Complete the Questionnaire? Many questions can be answered by simply placing a check mark or entering a number in the appropriate box. For some questions you will be asked to write in a brief response. For other questions, you will be asked to enter the number of children with particular characteristics who are served by your program. For questions that require a numeric response, you may enter numbers including decimal points, up to two places after the decimal (for example, 1.25). Please fill in all boxes, using a leading zero for numerical answers, if necessary. Please fill it out using a pen. If you make an error, please cross it out and write your intended answer next to it.

The answers you provide are very important, so please make them as complete as possible and take your time to answer each question as best you can. Some questions may not apply to your center and there are no right or wrong answers.

Voluntary Participation. Your participation is important and will help us understand the resources needed to offer quality early care and education. Your participation is voluntary and you may skip any questions you do not want to answer. Information you provide will be treated in a private manner, and the study will not identify individuals or centers in any of its reports.

Please complete this questionnaire within the next 5 days. Once complete, please send it back to [ADDRESS]. It will take approximately 3.5 hours in total to complete. Please record the amount of time you spent to complete this questionnaire in the space provided on the last page. This information will be helpful for planning our future data collection efforts. If you have any questions, please contact your project liaison at [PHONE] or eceichq@mathematica-mpr.com.

Thank you for your cooperation in completing this questionnaire.

A. CENTER CHARACTERISTICS

A1. Is your center for-profit, not-for-profit, or is it run by a government agency?

MARK ONE ONLY

- 1 For-profit
- 2 Not-for-profit
- 3 Run by a government agency → GO TO B1
- 4 Other (*specify*) _____
- d Don't know

A2. Is your center independently owned and operated, a franchise, or part of a chain?

F. STAFFING

F1. Next are questions about staff who work at your center. Categories listed for staff who work directly with children ages 0-5 may not be the terms used in your center. Please do your best to put staff working directly with children into one of the three categories (lead teachers, assistant teachers, and aides). We are also interested in learning about the number of specialists, administrators, and support staff.

Staff Category	F1a. How many of each staff category work in your center?	F1b. How many of each staff category are full-time?
a. Lead teachers who work with children ages 0-5.....	_ _	_ _
b. Assistant teachers who work with children ages 0-5.....	_ _	_ _
c. Aides who work with children ages 0-5.....	_ _	_ _
d. Education specialists (staff who focus on development or support of the educational program or curriculum).....	_ _	_ _
e. Specialists who work at your center who provide or connect children and their families with services outside of the classroom (such as to assist with nutrition, health, mental health, or support services).....	_ _	_ _
f. Staff who focus on administration or management of operations or finances.....	_ _	_ _
g. Staff who do not work directly with children (Include, support staff, clerical staff, drivers, cooks, and anyone else on your center's payroll).....	_ _	_ _

F2. What are the minimum education requirements for each type of staff listed below?
