

**Understanding and Connecting Americans and Nature. Dr. Stephen R. Kellert, Yale University, and D.J. Case and Associates**

**Paperwork Reduction Act Statement: The U.S. Fish and Wildlife Service is sponsoring this survey under the authority of the Fish and Wildlife Act of 1956. The survey will provide information necessary to understand the connection between Americans and nature in an increasingly diverse, technologically oriented, and rapidly changing society. Results will help improve the design and delivery of new or existing programs aimed at engaging the public in nature-related activities. Your response is voluntary. An agency may not conduct or sponsor and you are not required to respond to an information collection unless it displays a currently valid Office of Management and Budget control number. We estimate that it will take you 20 minutes to complete the survey. These times include the time necessary to gather information, read instructions, and complete the survey. You may send comments on any aspect of this information collection to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, (Mail Stop BPHC), Falls Church, VA 22041.**
