Does the Collection Of Information Employ Statistical Methods? <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes (Complete Section B and attach CEO review sheet).
A.8. Abstract: Description and Purpose: National Apprenticeship Week (NAW) is a Nationwide movement to promote Apprenticeship and educate the public on opportunities that exist by encouraging Apprenticeship sponsors to host local apprenticeship related events. The NAW event registration link gives apprenticeship stakeholders (employers, education institutions, Members of Congress, Labor Unions, Industry Associations, Federal Partners and Community Based Organizations) an opportunity to tell us, and the public, about the NAW events they're hosting across the Country. It's also an opportunity for DOL to track the impact and progress of NAW. The registration site simply includes event related information such as the name of the organization hosting the event, the date, time, and location of the event, a brief description (500 words or less), and point of contact in case people want more information. The information provided on the registration site is intended for public use on the NAW website, so there is no need or expectation for confidentiality.
