General Instructions: Report direct earned premium information (DEP) as divided by the industry classification of your policyholders. Use NAICS Codes for purposes of allocation unless you still use SIC Codes; report in the appropriate fields for one or the other, but not both. Unlike other worksheets, this Worksheet does not seek information segregated by coverage subject to TRIA provided for a \$0 disclosed premium charge. "Other Commercial" references liability coverages; see the Exposure Bases by Jurisdiction Worksheet to identify lines as divided between property and liability exposures. Refer to the data dictionary for further instructions.
