

Screen Shots of Workplace Health in America Survey – Section 2

Introduction to Health Promotion Programs section

The screenshot displays a web browser window with the URL <https://survey.rti.org/SE/default.aspx>. The browser's address bar shows the page title as "WHPPS". The main content area includes the CDC logo on the left and the "Workplace Health in America" logo on the right. A progress bar indicates that 24% of the survey has been completed. A central text box contains the following information:

Next we will cover health education programs, environmental supports and policies/benefits related to specific health behaviors. Specifically, "programs" refer to any educational opportunity that seeks to improve knowledge, skills and/or change behaviors in ways that promote employee health or prevent disease using any a variety of methods including print/online materials, contests, classes and/or other activities.

We will take one health behavior at a time and ask a series of questions about programs, then some specific strategies for environmental supports and policies/benefits that employers may offer.

At the bottom of the content area, there are two blue buttons labeled "Back" and "Next". The browser's taskbar at the bottom shows various application icons, including Chrome, Internet Explorer, File Explorer, and Microsoft Office applications. The system tray on the right indicates the time is 9:27 AM on Friday, 2/5/2016.

HPR1.2.a – HPR1.2.k. with definition for environmental supports showing.

The screenshot shows a web browser window with the URL <https://survey.rti.org/SE/default.aspx>. The page features the CDC logo and the Workplace Health in America logo. A progress bar indicates that 25% of the survey has been completed. The main content is a survey question: "In the past 12 months, did you offer any of the following specific strategies to help increase physical activity?". Below the question is a table with four columns: "Yes", "No", "Don't Know", and "Refused". The table lists ten strategies, each with a radio button in the corresponding column. The first two strategies, "Provide an exercise facility on-site?" and "Subsidize or discount the cost of onsite and /or offsite exercise facilities?", have radio buttons in the "Yes" and "No" columns. The third strategy, "Provide environmental maps of measurement for health promotion provided by the surrounding community where employees live, recreation, weight room", has a radio button in the "Don't Know" column. The remaining seven strategies have radio buttons in the "No" column.
