2009-2010 Action Plan Year: 2009-2010

Action Plan Summary

Add Annual Objective

Display: All

Related Project Period Objective: Increase the percent of health education presentations to target audiences across the state from 15% to 65% by June 2012.

Related FDA Recipient Activity:

- 1 - Assess and enhance current infrastructure
- 2 - Build strong partnerships
- 3 - Assess the burden of cancer
- 4 - Mobilize support for comprehensive cancer control
- 5 - Develop a plan that has broad support
- 6 - Implement the plan
- 7 - Conduct evaluation of the plan
- 8 - Effect policy change
- 9 - Monitor changes in population based measures

Strategy: Comprehensive Cancer Control

Characters: 0 / Maximum: 200

Identify the Rationale/Approach for the Strategy:

Evidence-based

- United States Preventive Services Task Force (USPSTF)
- National Guideline Clearinghouse (AHRQ)
- Guide to Community Preventive Services (The Community Guide)
- MMWR Recommendations
- Best Practices for Comprehensive Tobacco Control Program
- American Cancer Society

Systematic Reviews

- Cochrane Reviews
- National Cancer Institute's (NCI) Physician Data Query (PDQ)
- AHRQ effective health-care research evidence reviews (EPC Evidence Reports)

*Population Focus:

General Population

Specific Population

*Measurement:

Direction of Change: Select

Unit of Measurement: Select

What will be measured?

Characters: 0 / Maximum: 300

Baseline:

Target:

Unknown

Data Source: Select

Other (specify):

Timeframe: 6/30/2009 - 6/29/2010

Related Project Period Objective: 01.0 - Maintain the percent of time spent on physical activity among cancer surv to 100% by June 2017.

Objective ID:

Related FOA Recipient Activity:

- 1. Program Management
- 2. Fiscal Management
- 3. Routinely Utilize Cancer Surveillance Data
- 4. Routinely Support Collaborate and Coordinate with Existing Cancer Coalition
- 5. Maintain, Implement, and Periodically Revise a Comprehensive Cancer Cont
- 6. Demonstrate Outcomes through Evaluation to Improve Program Performanc

Describe the objective and how it will impact the problem:

Characters 0 / Maximum: 2000

Population Focus:

General Population

Specific Population

Scope:

City, County, Local

Multi-State Region

National

Region Within State, Territory, Pacific Island Jurisdiction

State, Territory, Pacific Island Jurisdiction

Tribe/Tribal Organization

Setting:

Agriculture

Community

Faith-based

Health Care

School

Transportation

Work Site

Other (Specify)

Cross-Cutting Issues:

Access to Care

Clinical trials

Early Detection and Treatment

Education and Health Promotion

Epidemiology/Surveillance

Genomics

Health disparities/social determinants

Patient Navigation

Quality of Care

Not Applicable

Other (Specify)

Level of Change:

Community/Population

Individual

Organizational/System

Policy

Provider/Community Health Worker/Patient Navigator

Other (Specify)

Type of Change:

Awareness, Knowledge, Attitude

Behavior/practice

Policy

Measurement:
(This section creates the SMART Objective Statement)
