---

### Your Attendance

---

**\*Please select your attendee type:**

- a. Scientist: I am a staff scientist and/or I have completed my post-doctoral training. I continue to perform experiments as a researcher on a federally-funded BRAIN project or BRAIN-related research project with another funding source.
- b. Trainee: I am a post-doctoral trainee or earlier stage in my education and I may perform research for a federally-funded BRAIN project or BRAIN-related research project with another funding source.
- c. Other

## Registration Questions

---

### Your Research Field or Discipline

---

Had you worked in the field of Neuroscience prior to participating in the BRAIN Initiative?

- Yes  
 No

Aside from Neuroscience, what would you currently consider to be your primary field of research?

- i. Biochemistry or Molecular and Cellular Biology  
 ii. Bioinformatics, Statistics, or Applied Mathematics  
 iii. Chemistry  
 iv. Clinical Sciences  
 v. Computational Biology  
 vi. Computer Science  
 vii. Engineering  
 viii. Ethics, Philosophy, or Law  
 ix. Genetics/Genomics  
 x. Neuroimaging/Radiology  
 xi. Physiology or Systems Biology  
 xii. Physics  
 xiii. Psychology or Behavioral Sciences  
 Other (please specify):

Continued from previous page

Aside from Neuroscience, what would you currently consider to be your secondary field of research (if applicable)?

- i. Biochemistry or Molecular and Cellular Biology
- ii. Bioinformatics, Statistics, or Applied Mathematics
- iii. Chemistry
- iv. Clinical Sciences
- v. Computational Biology
- vi. Computer Science
- vii. Engineering
- viii. Ethics, Philosophy, or Law
- ix. Genetics/Genomics
- x. Neuroimaging/Radiology
- xi. Physiology or Systems Biology
- xii. Physics
- xiii. Psychology or Behavioral Sciences
- Other (please specify):

What kind of training, if any, have you provided to the scientific community (please select all that apply):

- a. None thus far.
- b. Giving advice to colleagues on a case-by-case basis.
- c. Temporarily hosting outside researchers in your lab to train them in techniques/tools your lab has developed.
- d. Creating online, open-access materials/tutorials/protocols for the community.
- e. Hosting or presenting workshops/training courses.
- Other training to those beyond your immediate lab:

## Registration Questions

### Your Project Resources

We are interested in learning more about the resources that you have produced as a result of your BRAIN project(s). Please provide website URLs, a short title/description, and the specific BRAIN project for which the resource was developed by using the form below. These URLs may be added to the NIH BRAIN Initiative website to facilitate distribution among the research community.

Do you receive federal funding through the BRAIN Initiative?

Yes  No

Please indicate the number of BRAIN projects with which you are affiliated. You will have the opportunity to provide information on each project:

- 1 project  
 2 projects  
 3 projects  
 4 projects  
 5 projects

i. Please select your funding source from the drop down:

ii. Please provide the project/grant number of your BRAIN project:

iii. Please provide the URL for any publicly available data (e.g. in a data repository):

iv. Please provide the URL for any available software:

v. Please provide the URL for any available training materials:

vi. Please provide the URL for any reagents/animals shared in a repository:

vii. Please provide the URL for any other associated resources:

# FIFTH ANNUAL BRAIN Initiative Investigators Meeting

[NIH BRAIN Initiative Home](#)

[Contact NINDS Office](#)

Registration is almost complete! All BRAIN Initiative projects must be represented by ONE (1) poster during the poster sessions, which requires ONE (1) associated abstract submission. Please note that BRAIN-funded F32 fellowship recipients are expected to submit an abstract and present a poster on their work as the Principle Investigator of the project.

Trainee Travel Award Eligibility: F32 fellowship recipients and recipients of BRAIN Diversity Supplements are not eligible for the travel award.

**Note:** If you are interested in submitting a Symposium proposal, Research Highlight Talk, Trainee Travel Award, or general poster abstract, you can access your registration record at any time and change the type of your submission or select another category for submission.

Submission deadlines:

- Symposia Submissions – November 30, 2018
- Research Highlight Talk Submissions – January 31, 2019
- Trainee Travel Award Submissions – January 31, 2019
- General Poster Abstract Submissions – March 11, 2019

## NINDS Participant

I would like to complete a symposium proposal and I am prepared to be the (co-) organizer of this symposium if it is selected.

I would like to complete the abstract submission on behalf of (one of) my BRAIN Initiative project, and I DO want it to be considered for a Research Highlight Talk or Trainee Travel Award. Note: Trainees are expected to submit their own abstract that relates to a broader BRAIN Initiative project. Trainee abstracts do NOT supplant the overall project abstract or poster. Eligible trainees cannot have advanced beyond the postdoctoral stage of their education.

I would like to complete the abstract submission on behalf of (one of) my BRAIN Initiative project, but we do NOT want this abstract to be considered for a Research Highlight Talk or Trainee Travel Award.

NO, I will NOT be completing the abstract submission process.

## 2019 BRAIN Initiative® Investigators Meeting Symposium Submission System

OMB# 0925-0740 Exp Date: 05/2019

Public reporting burden for this collection of information is estimated to vary from 10 minutes to 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

**Final Abstract Submission Deadline: November 30, 2018**

[Welcome, Pam](#) | [Log Out](#)

Continued from previous page

### **Symposia Criteria**

- Symposia are 90-minutes in duration.
- Sessions should start with a 5-minute introduction of the session's topic/speakers and end with 5-minutes for closing remarks and/or additional Q/A.
- The Session Organizer(s) should indicate session format in their "Overall Objective" response. This includes information like the number of speakers, anticipated duration of individual presentations, use of a panel, timing of audience Q/A etc.
- Session Organizer(s) should review the sessions from the past 2 meetings (April 2018 and December 2016, PDF provided) and try to avoid redundancy in their submission.
- Proposals may NOT contain images, graphics, and/or figures.
- Symposia proposals are limited to 2200 characters or less (including spaces).
- Symposia proposals are to be pasted as plain text into a text box.

Investigators are expected to submit ONE corresponding abstract for EACH federally-funded project.

#### **IMPORTANT SUBMISSION DEADLINE**

Consideration for Symposium Acceptance: **November 30, 2018**

### BEFORE YOU CONTINUE

You will want to make sure you have the following information:

1. Names of up to TWO (2) session organizers.
2. The title of the symposium session.
3. The overall objective(s) of the symposium session (max 1500 characters).
4. A justification of the timeliness of this symposium session (max 500 characters).
5. A BRIEF description for use in the meeting program (max 500 characters).
6. Indication of whether the session includes areas and/or topics relating to the ethical implications of BRAIN-supported emerging neurotechnologies and advancements and their applications.
7. Request for assistance from the 2019 PI Meeting Program Committee and/or federal program staff in identifying additional speakers. **Note: The Program Committee may provide alternate speaker suggestions following consideration of the overall meeting program.**
8. Diversity Statement Acknowledgement (max 500 characters, as needed):
  - a. *In my speaker list, have I included representation of women, minorities, and/or persons with disabilities?*
  - b. *If no appropriate representation is included, can I think of another potential speaker(s) to invite (with equivalent qualifications), whose participation would improve diversity inclusion?*
  - c. *If not, why? Is this an area where we need to plan/perform additional outreach?*
9. The names of suggested moderators/speakers for this session. **Note:** To further enhance panel diversity, please consider career stage, and discipline. Moderators/speakers do NOT need to receive federal BRAIN Initiative funding to participate.

Please note, you will be able to submit multiple abstracts.

First time submitters will need to create an account. After clicking on the "Submit Symposia" button below, select the "Need to create an account?" link below the Log-in button.

# 2019 BRAIN Initiative® Investigators Meeting Symposium Submission System

Diversity Statement: A growing body of [research](#) focused on the benefits of diversity shows that teams comprised of people from a variety of backgrounds and experiences produce better and more innovative products and ideas than a homogenous team. The National Institutes of Health, along with the other federal and non-federal organizations participating in the U.S. BRAIN Initiative, recognizes the benefits of a diverse workforce on scientific discovery, with a particular focus on enhancing the pool of individuals from backgrounds underrepresented in biomedical research. Accordingly, we seek to nurture appropriate representation of women, under-represented minorities, and/or persons with disabilities as poster presenters and invited speakers in relation to their participation in the annual BRAIN Initiative Investigators Meeting.

## Step 2: Submission and Speaker Information

QUESTION 1. Please provide the names of up to TWO (2) session organizers:

\* Session Organizer #1

Session Organizer #2

\* 2. Please provide the title of the symposium session:

Continued from previous page

\* 3. Please provide the overall objective(s) of the symposium session (max 1500 characters):

1,500 characters remaining

\* 4. Please justify the timeliness of this symposium session (max 500 characters):

500 characters remaining

\* 5. Please provide a BRIEF description for use in the meeting program (max 500 characters):

500 characters remaining

6. This session includes areas and/or topics relating to the ethical implications of BRAIN-supported emerging neurotechnologies and advancements and their applications.

- Yes
- No

7. I would appreciate assistance from the 2019 PI Meeting Program Committee and/or federal program staff in identifying additional speakers. Note: The Program Committee may provide alternate speaker suggestions following consideration of the overall meeting program.

- Yes
- No

8. Diversity Statement Acknowledgement (max 500 characters, as needed):

*\* a. In my speaker list, have I included representation of women, minorities, and/or persons with disabilities?*

- Yes
- No

*b. If no appropriate representation is included, can I think of another potential speaker(s) to invite (with equivalent qualifications), whose participation would improve diversity inclusion?*

500 characters remaining

*c. If not, why? Is this an area where we need to plan/perform additional outreach?*

500 characters remaining

9. Please provide the names of suggested moderators/speakers for this session. **Note:** To further enhance panel diversity, please consider career stage, discipline, and geographical location. Moderators/speakers do NOT need to receive federal BRAIN Initiative funding to participate:
