

Justification

CMS/CCIIO is changing the language used in several paragraphs of the currently approved supporting statement. Please see crosswalk below for details. In an effort to be more inclusive, we are allowing the option for Assister organizations to add information to organizations information for the public facing website when submitting updates to CMS. CMS is not requiring, expecting or requesting additional information from Assister organizations at this time. There are not any budget adjustments or changes in the burden of estimates.

	CMS 10463; June 26, 2015	Non-substantive PRA change request
p.2	In addition to adhering to the reporting requirements under the Navigator cooperative agreement, this information collection request includes making any updates or corrections regarding Assister organization information, involving Navigator and Enrollment Assister Program (EAP) organizations, submitted to CMS.	In addition to adhering to the reporting requirements under the Navigator cooperative agreement, this information collection request includes making any updates, additions, and/or corrections regarding Assister organization information, involving Navigator and Enrollment Assister Program (EAP) organizations, submitted to CMS.
p.4	Any updates and corrections to that information can be submitted electronically by the Assister organization to ensure that accurate and current information is available to the public.	Any updates, additions, and/or corrections to that information can be submitted electronically by the Assister organization to ensure that accurate and current information is available to the public.
p.5	Any updates or corrections from Assister organizations may occur on an as needed bases.	Any updates, additions, and/or corrections from Assister organizations may occur on an as needed bases.
p.9	This information will be displayed on a public facing website. Any updates and corrections to that information can be submitted electronically by the Assister organization to ensure that accurate and current information is available to the public.	This information will be displayed on a public facing website. Any updates, additions, and/or corrections to that information can be submitted electronically by the Assister organization to ensure that accurate and current information is available to the public.
p.11	However, CMS requires all Assister organizations to update or correct organization information as needed. CMS estimates that each Navigator awardee will require ¼ hour to update or correct any submission to CMS:	However, CMS requires all Assister organizations to update, add, and/or correct organization information as needed. CMS estimates that each Navigator awardee will require ¼ hour to update, add, and/or correct any submission to CMS:
p.16	CMS also requires Assister organizations to provide organizational information for the public facing website. Updates and corrections can be submitted electronically by the Assister organization to ensure that accurate and current information is available to the public. As a result of this change, there is a marginal increase in the number of hours and costs.
