EducationUSA is a U.S. Department of State network of advising centers that provide accurate, current and comprehensive information on U.S. higher education opportunities. EducationUSA centers in India offer valuable support to students, parents, and academics in the form of specialized and university sessions, education fairs, and pre-departure orientation.

We welcome your feedback on your higher education journey and engagement with EducationUSA in India. This voluntary survey will help us improve services to better reach and inform Indians interested in studying in the United States.
