DFAST-14A Scenario Schedule Cover Sheet

In addition to providing the name, RSSD ID, and charter ID of your institution on this cover sheet, all firms are expected to complete the following four tabs in this workbook: *Scenario Variable Definitions, DFAST Baseline Scenario, DFAST Adverse Scenario,* and *DFAST Severely Adverse Scenario*. If the firm so chooses, it can provide bank baseline, bank stress, and/or additional stress scenarios on additional tabs.

Please see the submission instructions for additional guidance on completing these worksheets.

Institution Name: [   ]

RSSD ID: [   ]

Submission Date (MM/DD/YYYY): [   ]

OCC Charter ID: [   ]

DFAST Baseline Scenario (additional variables used beyond those supplied)

Variable Number	Variable Name	Variable Definition	Variable Type	Economic Category	Geographic Code	Unit of Measure	Frequency	Model Category: Retail - Residential Real Estate (including construction)	Model Category: Retail - Credit Cards
1									
2									
3									
4									
5									
6									
7									
8									
9									
10									

DFAST Adverse Scenario (additional variables used beyond those supplied)

Variable Number	Variable Name	Variable Definition	Variable Type	Economic Category	Geographic Code	Unit of Measure	Frequency	Model Category: Retail - Residential Real Estate (including construction)	Model Category: Retail - Credit Cards
1
