

RETRIEVABILITY:

Records may be retrieved by name and date of birth, A-number, or receipt number.

SAFEGUARDS:

DHS/USCIS safeguards records in this system according to applicable rules and policies, including all applicable DHS automated systems security and access policies. USCIS has imposed strict controls to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

RETENTION AND DISPOSAL:

USCIS stores the physical documents and supplemental documentation in the Alien File and processes asylum, NACARA and follow-to-join applications, and credible fear or reasonable fear determinations in the respective case management system. The A-File records are permanent whether hard copy or electronic. USCIS transfers the A-Files to the custody of NARA 100 years after the individual's date of birth.

NARA approved the RAPS [N1-563-04-06], APSS [N1-563-04-07], CAMINO [N1-566-12-06] and CLAIMS 3 [N1-566-08-12] Retention Schedule. RAPS, APSS, and CAMINO Master File automated records are maintained for 25 years after the case is closed and then destroyed. CLAIMS 3 records are destroyed after the data is transferred to the electronic master file and verified. Information in the master file is destroyed 15 years after the last completed action with respect to the benefit. USCIS is proposing to update the CLAIMS 3 Retention Schedule to destroy records 25 years after the last completed action.

Records replicated on the unclassified and classified networks will follow the same retention schedule.

SYSTEM MANAGER AND ADDRESS:

The Chief of the Asylum Division, Refugee, Asylum, and International Operations Directorate, U.S. Citizenship and Immigration Services, Suite 3300, 20 Massachusetts Avenue NW., Washington, DC, 20529.

NOTIFICATION PROCEDURE:

Individuals seeking notification of and access to any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the National

Records Center (NRC) FOIA/PA Office, P.O. Box 648010, Lee's Summit, MO, 64064-8010. The NRC's contact information can be found at <http://www.dhs.gov/foia> under "Contacts." If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act (FOIA) Officer, Department of Homeland Security, Washington, DC 20528-0655.

When seeking records about yourself from this system of records or any other Departmental system of records, your request must conform with the Privacy Act regulations set forth in 6 CFR part 5. You must first verify your identity, meaning that you must provide your full name, current address, and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief FOIA Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, you should:

- Explain why you believe the Department would have information on you;
- Identify which Component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records;

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without the above information, the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

In processing requests for access to information in this system, USCIS will review not only the records in the operational system but also the records that were replicated on the unclassified and classified networks, and based on this notice provide appropriate access to the information.

RECORD ACCESS PROCEDURES:

See "Notification procedure" above.

CONTESTING RECORD PROCEDURES:

See "Notification procedure" above.

RECORD SOURCE CATEGORIES:

Records are obtained from the applicant or his or her accredited representative, preparer, or interpreter. Information contained in this system may also be supplied by DHS, other U.S. federal, state, tribal, or local government agencies, foreign government agencies, and international organizations. USCIS personnel may input information as they process a case, including information from internal and external sources to verify whether a benefit requestor or family is eligible for the benefit requested. Information from other systems of records (or their successor systems) such as Alien File, Index, and National File Tracking System of Records (DHS/USCIS/ICE/CBP-001, 78 FR 69983, November 22, 2013); USCIS Benefits Information System (BIS) (DHS/USCIS-007, 73 FR 56596, September 29, 2008); ICE Removable Alien Records System (DHS/ICE-011, 75 FR 23274, May 3, 2010); U.S. Customs and Border Protection (CBP) TECS (DHS/CBP-011, 73 FR 77778, December 19, 2008); DHS Automated Biometric Identification System (IDENT) (DHS/USVISIT-004, 72 FR 31080, June 5, 2007); Department of Justice (DOJ) Records and Management Information System (JUSTICE/EOIR-001, 72 FR 3410, January 25, 2007); Department of Defense (DOD) Defense Biometric Services, 74 FR 48237, (September 22, 2009); DOD Detainee Biometric Information System, 72 FR 14534, (March 28, 2007); and DOD Defense Biometric Identification Records System, 74 FR 17840, (April 17, 2009).

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Dated: November 16, 2015.

Karen L. Neuman,
Chief Privacy Officer, Department of Homeland Security.

BILLING CODE 9111-97-P

DEPARTMENT OF HOMELAND SECURITY**Transportation Security Administration**

[Docket No. TSA-2009-0018]

Intent To Request Renewal From OMB of One Current Public Collection of Information: Certified Cargo Screening Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), OMB control number 1652-0053, abstracted below that we will submit to the Office of Management and Budget (OMB) for renewal in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. The collections of information that make up this ICR include: (1) Applications from entities that wish to become Certified Cargo Screening Facilities (CCSFs); (2) personally identifiable information to allow TSA to conduct security threat assessments on certain individuals employed by the CCSFs; (3) standard security program or submission of a proposed modified security program or amendment to a security program; and (4) recordkeeping requirements for CCSFs. TSA is seeking the renewal of the ICR for the continuation of the program in order to secure passenger aircraft carrying cargo.

DATES: Send your comments by January 29, 2016.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at www.reginfo.gov. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic,

mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0053, Certified Cargo Screening Program, 49 CFR parts 1515, 1540, 1544, 1546, 1548, and 1549. Section 1602 of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, 121 Stat. 266, 278 (Aug. 3, 2007), required the development of a system to screen 50 percent of the cargo transported on a passenger aircraft by February 2009, and to screen 100 percent of such cargo by August 2010. In September 2009, TSA issued an interim final rule (IFR) amending 49 CFR to implement this statutory requirement. See 74 FR 47672 (Sept. 16, 2009). In August 2011, TSA issued the Air Cargo Screening final rule (Final Rule) to finalize the statutory requirement for 100 percent screening of air cargo. See 76 FR 51848 (Aug. 18, 2011). TSA received approval from OMB for the collections of information contained in the IFR and the Final Rule, and now seeks to extend this approval. Accordingly, TSA must proceed with this ICR for this program in order to continue to meet the Congressional mandate. The ICR allows TSA to collect several categories of information as explained below.

Data Collection

TSA certifies qualified facilities as Certified Cargo Screening Facilities (CCSFs). Companies seeking to become CCSFs are required to submit an application for a security program and for certification to TSA at least 90 days before the intended date of operation. All CCSF applicants submit applications and related information either electronically through email, through the online Air Cargo Document Management System, or by postal mail. TSA regulations (49 CFR parts 1540 and 1549) require CCSFs to ensure that individuals performing screening and related functions, and those who have unescorted access to cargo, have successfully completed a security threat assessment (STA) conducted by TSA. In addition, the senior manager or representative in control of the CCSF operations, and the CCSF Security Coordinators and their alternates, must all undergo STAs. CCSFs must submit personally identifiable information on these individuals to TSA so that TSA can conduct an STA. TSA also requires CCSFs to accept and implement a standard security program provided by TSA or to submit a proposed modified security program to the designated TSA

official for approval. The CCSF must also submit to an assessment of its facility by TSA. Once TSA approves the security program and determines that the applicant is qualified to be a CCSF, TSA will send the applicant a written notice of approval and certification to operate as a CCSF.

Once approved, CCSFs must maintain screening, training, and other security-related records of compliance with their security program and make them available for TSA inspectors.

The forms used for this collection of information include the CCSF Facility Profile Application (TSA Form 419B), CCSF Principal Attestation (TSA Form 419D), Security Profile (TSA Form 419E), and the Security Threat Assessment Application (TSA Form 419F).

Estimated Burden Hours

As noted above, TSA has identified several separate information collections under this ICR. Collectively, these four information collections represent an estimated average of 18,290 responses annually, for an average annual hour burden of 7125.24 hours.

1. *CCSF Application.* The CCSP section of the TSA Office of Security Operations estimates that it will receive 180 applications in 3 years, for an average of 60 applications annually. TSA further estimates that these applications will require an average of 3 hours each to complete, resulting in an annual hour burden of approximately 180 hours (60 × 3).

2. *STA Applications.* All CCSP participants subject to 49 CFR parts 1548 and 1549 will be required to have certain employees undergo security threat assessments (STAs). Approximately 6,600 STAs were purchased from TSA for CCSP participants between January and September 2015, which is about 733 STAs per month (6,600 STAs/9 months = 733.33). Thus, TSA estimates it will receive a total of 8,800 applications per year (733.33 × 12 months), or 26,400 applications in 3 years. TSA further estimates that STA applications will require approximately 15 minutes each to complete, resulting in an annual hour burden of approximately 2,200 hours (8,800 × 0.25 hours).

3. *Security Programs.* As discussed in section 1, CCSF Application, TSA estimates that 60 entities will apply for CCSF every year. All CCSFs are required to maintain records of compliance with TSA regulations and its security program. For a new entity to compile these records, complete the required training, and complete the security program process, TSA estimates that the

annual burden is 40 hours. TSA estimates the annual hour burden associated with the initial application of entities requesting to be approved as CCSFs is 2,400 (60 new applicants × 40 hours).

In addition, TSA currently has 950 CCSFs that must recertify every 3 years. According to the CCSP Section of the TSA Office of Security Operations (OSO), about half of these, or 475, will renew their certification or will relocate annually. TSA estimates that a renewal of the CCSF or relocation update to the CCSF will take 3 hours per entity. A site visit to approve the renewal of the CCSF will take an additional 2 hours for each entity. TSA estimates that a site visit takes place for approximately 20 percent of renewals, or 95 entities (475 × .20). Thus, TSA estimates that the annual hour burden associated with the renewal applications of existing CCSFs is 1,615 (475 renewals × 3 hours + 95 site visits × 2 hours).

4. *Recordkeeping Requirements.* TSA estimates a time burden of approximately five minutes (0.083 hours) annually per employee who is required to have an STA for each CCSF to prepare and file the training records and other records of compliance. TSA estimates it will receive a total of 26,400 STA applications in 3 years, for an average of 8,800 STA applications annually. TSA estimates an annual hour burden of approximately 730.4 hours (8,800 STA applicants × 0.083 hours).
