Paperwork Burden Statement..... 85

Dear Applicant:

Thank you for your interest in applying for a new grant under the fiscal year (FY) 2014 Title III, Part A, Alaska Native and Native Hawaiian-Serving Institutions (ANNH) Programs grant competition (Catalog of Federal and Domestic Assistance [CFDA] numbers 84.031N and 84.031W). This letter highlights specific elements in the Title III, Part A, ANNH Competition Application Package. As you formulate your application, please review these requirements carefully, and thoroughly review the entire Application Package before preparing and submitting your application.

In order to receive a grant under Title III, Part A Programs, an institution of higher education (IHE) must have applied for and been designated as an eligible institution. The Notice Inviting Applications for the Designation as an Eligible Institution was published in the Federal Register on January 13, 2014.

The FY 2014 ANNH grant competition offers IHEs two distinct application options. Under the Title III, Part A, ANNH Program applicants may address two Competitive Preference Priorities (CPPs) and one Invitational Priority (IP). Under the Title III, Part F, ANNH Program, covered in a separate document, applicants may address two CPPs and two IPs. Applicants will be given an additional five pages if addressing the CPPs, and an additional five pages if addressing the IP(s).

This ANNH, Part A, Application Booklet includes two CPPs and one IP. The CPPs are 1) Increasing Postsecondary Success and 2) Improving Productivity. Each CPP affords applicants the possibility of adding two (2) additional points to an application’s total score. Therefore, an institution could earn up to four (4) additional points. Applicants who do not address the CPPs will receive no (0) priority points. Please note that non-Federal reviewers will proportionately award points to each CPP response. The IP is: Support Activities that strengthen Native language preservation and revitalization at our institutions of higher education. There are no points associated with the IP.

The Department of Education (Department) strongly encourages applicants to address the CPPs and the IP. In order to secure the highest possible CPP score, the Department encourages applicants to provide thorough CPP responses. For additional information about the CPPs, refer to the Federal Register Notice Inviting Applications for New Awards for FY 2014. The notice is included in this Application Package.

In FY 2014, the Title III, Part A, ANNH competitions (84.031N and 84.031W) will award both Individual Development and Cooperative Arrangement Development Grants.

Applications for FY 2014 grants under the Title III, Part A, ANNH Program must be submitted electronically using Grants.gov at: <http://www.grants.gov>. At least two weeks before the deadline date an applicant who is unable to submit using Grants.gov must submit a written request to waive the electronic submission requirement. In order to submit a paper application,

an applicant must have received approval for a non-electronic submission. Additional information about Grants.gov submission requirements can be found in the “Competition Highlights,” the Notice published in the Federal Register, and the transmittal instructions that are included in this Application Package.

The Notice Inviting Applications for New Awards published in the Federal Register is the official document describing the requirements for submitting a Title III, Part A, ANNH grant application. Applicants should not rely upon any information that is inconsistent with the guidance provided in the official document.

If you have any questions or require additional information, please contact LaTonya Brown by email at latonya.brown@ed.gov, or by telephone at (202) 502-7619. For an overview of significant competition elements, we encourage applicants to review the Application Package “Competition Highlights” section.

We appreciate your interest in the Alaska Native and Native Hawaiian Serving Institutions Program and look forward to receiving your application.

Sincerely,

/s/

Linda Byrd-Johnson
Acting Deputy Assistant Secretary
for Higher Education Programs

Competition Highlights

1. Title III, Part A, ANNH grant applications for FY 2014 must be submitted electronically through Grants.gov at: <http://www.grants.gov>
2. Please note that the Grants.gov site is different from the Department's e-Application system used in past competitions. Once you download the application package from Grants.gov, you will be working offline and saving data on your computer. Be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit your application.
3. We urge you to consider the following three important administrative factors when applying for this grant program:
 - i. Register at the Grants.gov website early. The registration procedures may require 5 or more days to complete.
 - ii. Consider submitting your application 2-3 days prior to the closing date. The time it takes to upload an application will vary depending on your application and the speed of your Internet connection. The application submission process must be complete prior to the deadline for transmittal of applications.
 - iii. Remember to provide the DUNS number that was used when your organization registered with the System for Award Management (SAM), formerly the Central Contractor Registry (CCR).
4. Grants.gov does not allow applicants to "un-submit" or delete applications. Therefore, if you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must "re-submit" the application. If the Department receives duplicate applications, we will accept and process the application with the latest "date/time received" validation.
5. Authorized grant activities for ANNH are listed in Title III, Part A, Section 317 of the Higher Education Act of 1965, as amended (HEA). A copy of this section is included in this application package.
6. There are two competitive preference priorities (CPP) under this competition. Each CPP is worth two points. We award up to an additional four points total to an application, depending on how well the application meets both CPPs. Applicants must address the CPPs in order to receive any additional points. Applicants who do not address either of the CPPs will not receive points for the CPPs. The CPPs are: 1) Increasing Postsecondary Success and 2) Improving Productivity.

7. There is one invitational priority (IP) under this competition. There are no points association with the IP. The IP is: “Support Activities that strengthen Native language preservation and revitalization at our institutions of higher education”.
8. Please note that you must submit your application by 4:30:00 p.m. (Washington, D.C. time) on or before the application deadline date. Late applications will not be accepted. **We suggest that you submit your application several days before the deadline.** The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date.
9. All applicants are required to adhere to the page limit for the Project Narrative portion of the application. The page limit for an **Individual Development Grant** is no more than **50 pages**, and the page limit for a **Cooperative Arrangement Grant** is no more than **70 pages**.
10. If addressing **CPPs 1, 2 or both**, you will be permitted five additional pages. Each Priority should include a separate heading, and should be uploaded as a pdf file only in the **“Other/CPP”** section in Grants.gov. If addressing the **IP**, you will be permitted five additional pages. The IP should also have a separate heading, and should be uploaded as a pdf file only in the **“Other/IP”** section in Grants.gov.
11. All grant applicants for ANNH must have applied for and received FY 2014 Designation of Eligibility. Applicants failing to apply for eligibility will not have their application entered in the review process. The deadline for applying for basic eligibility was March 14, 2014.
12. Your institution's application for a FY 2014 Title III, Part A, ANNH grant **MUST** be in the same name provided in the FY 2014 Designation of Eligibility application, or it will be deemed not eligible to be read.
13. For FY 2014, applicants can only receive funding for one Title III or Title V program.
14. All applicants are required to submit an ANNH Program Profile Form (page 83), which contains the tie-breaker information. Applicants are asked to carefully read question #4 on the Program Profile Form information and, if applicable, to check the box or place an X next to the box certifying that they will comply with the statutory requirement and program assurances regarding endowments cited in the program regulations.
15. All applicants must provide an abstract limited to one **single-spaced** page. The abstract must be uploaded as a **PDF file only**. Complete instructions for submitting the abstract are included in the “Instructions for Completing the Application.”
16. Information on ANNH is accessible at the Department’s Web site at:
<http://www2.ed.gov/about/offices/list/ope/idades/index.html>

Grants.gov Submission Procedures and Tips for Applicants

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download a newer version of Adobe reader (Grants.gov recommends Adobe Reader 10.1.4). Information on computer and operating system compatibility with Adobe, links to download a newer version, and warnings about using Adobe Reader XI are all available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”).

Please be aware that **Grants.gov has discovered an issue with the newest version of Adobe Reader XI.**

Applicants may encounter the following error that will prevent them from submitting their application:

"At least one required Field was empty. Please fill in the required field (highlighted) before continuing."

Grants.gov recommends that if applicants encounter this issue, they submit their application using any version below Adobe Reader XI. Please refer to the [compatibility table](#) for additional information about supported versions of Adobe Reader. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/applicants/organization-registration.html>

- 2) [Note: Your organization will need to update its System for Award Management (SAM) registration annually (formerly Central Contractor Registry (CCR)*.)]
- 3) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time of the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR - Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application. Please discuss with your central grants office if the application is for a branch campus.

- 4) **VERIFY SUBMISSION IS OK –** You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: “Validated,” “Received by Agency,” or “Agency Tracking Number Assigned.” Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, of the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

<http://www.grants.gov/web/grants/applicants/applicant-faqs.html>.

For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at

<http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>.

If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. **PLEASE DO NOT RELY SOLELY ON E-MAIL TO**

CONFIRM WHETHER YOUR APPLICATION HAS BEEN RECEIVED TIMELY AND VALIDATED SUCCESSFULLY.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/contactus/contactus.jsp> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/applicants/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit**

electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Department approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources:
<http://www.grants.gov/web/grants/applicants/applicant-resources.html>
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package must have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded filenames must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

*Please note that the Central Contractor Registry (CCR) was replaced by the System for Award Management (SAM) effective July 30, 2012. For more information on the migration of CCR data to SAM, grant applicants should read this information located on Grants.gov:
<http://grants-gov.blogspot.com/2012/07/information-about-pending-migration.html#!/2012/07/information-about-pending-migration.html>.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Title III, Part A, ANNH program is
authorized under Section 317 of the Higher Education Act (HEA) of
1965, as amended to provide grants to eligible institutions of
higher education (IHEs) to enable them to improve and expand

their capacity to serve Alaska Natives and Native Hawaiians under either a five-year Development grant or a five-year Cooperative Arrangement grant, or both, to carry-out allowable activities to improve their academic quality, institutional management, and fiscal stability in order to increase their self-sufficiency and strengthen their capacity to make a substantial contribution to the higher education resources of the Nation. Institutions may use these grants to plan, develop, or implement activities that promise to strengthen the institution.

Priorities: This notice contains two competitive preference priorities from the Department of Education(Department)notice of final supplemental priorities and definitions for discretionary grant programs, published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637). This notice contains one invitational priorities approved by the Department.

Competitive Preference Priorities: For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to two points for each competitive preference priority for an additional four points total to an application, depending on how well the application meets these priorities.

These priorities are:

Competitive Preference Priority 1--Increasing Postsecondary

Success: College Completion (2 points).

Projects that are designed to address the following priority area: increasing the number and proportion of high-need students (as defined in this notice) who persist in and complete college or other postsecondary education and training.

Note: In responding to this priority, applicants are encouraged to discuss how all strategies they propose to carry out would improve postsecondary success.

Competitive Preference Priority 2--Improving Productivity.

Projects that are designed to significantly increase efficiency in the use of time, staff, money, or other resources while improving student learning or other educational outcomes (i.e., outcome per unit of resource). Such projects may include innovative and sustainable uses of technology, modification of school schedules and teacher compensation systems, use of open educational resources (as defined in this notice), or other strategies.

Note: The types of projects identified in Competitive Preference Priority 2 are suggestions for ways to improve productivity. The Department recognizes that some of these examples, such as modification of teacher compensation systems, may not be relevant to this program. Accordingly, applicants should consider

responding to this competitive preference priority in a way that improves productivity in a relevant higher education context.

Invitational Priorities: For FY 2014 the Department is encouraging applicants to address the invitational priority. The priority is:

Invitational Priority 1—Support Activities that strengthen Native language preservation and revitalization at our institutions of higher education.

NOTE: There are no additional points awarded for the invitational priority.

Definitions:

The following definitions are from the notice of final supplemental priorities and definitions for discretionary grant programs published in the Federal Register on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637), and apply to the priorities in this notice:

2. a. Cost Sharing or Matching: This program does not require cost sharing or matching.

b. Supplement-Not-Supplant: This program involves supplement-not-supplant funding requirements. Grant funds shall be used so that they supplement and, to the extent practical, increase the funds that would otherwise be available for the activities to be carried out under the grant and in no case supplant those funds (34 CFR 607.30 (b)).

IV. Application and Submission Information

1. Address to Request Application Package: You can obtain an application via the Internet using the following address: <http://Grants.gov>. If you do not have access to the Internet, please contact LaTonya Brown, U.S. Department of Education, 1990 K Street, NW., room 6029, Washington, DC 20006-8513. Telephone: (202) 502-7619; or, by e-mail: latonya.brown@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the program contact person listed in this section.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limits: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria. The Competitive Preference Priorities and Invitational Priorities will be uploaded in the "Other/CPP" section and the "Other/IP" section, which you will be permitted only five additional pages for each section. We have established mandatory page limits for the Individual Development Grant and Cooperative Arrangement Grant applications. You must limit the application narrative (Part III) to no more than 50 pages for the Individual Development Grant; and 70 pages for cooperative arrangement grants.

Note: Please include a separate heading when responding to the ALL priorities. For the purpose of determining compliance with the page limit, each page on which there are words will be counted at one full page. Applicants must use the following standards.

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be outside the 1" margin.

- Double space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, captions and all text in charts, tables, figures, and graphs. Charts, tables, figures,

and graphs in the application narrative may be single spaced and will count toward the page limit.

- Use a font that is either 12 point or larger, and no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An applications submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance (SF-424); the Supplemental Information for SF-424 Form required by the Department of Education; Part II, the Budget section, Budget Information Non-Construction Programs (ED 524), (not including the narrative budget justification—which is a part of the application narrative section Part III); Part IV, the assurances and certifications; or the one-page program abstract, the resumes, the bibliography, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III), including the budget responses of the selection criteria and the “Other/CPP” section and “Other/IP” section for the priorities.

Note: Each of the Priority sections (Other/CPP and Other/IP) will be permitted no more than five additional pages. If you include more than five pages under each section, we will reject your application.

If you include any attachments or appendices not specifically requested in the application package, these items will be counted as part of your application narrative (Part III) for the purpose of the page limit requirement. You must include your complete response to the selection criteria in the application narrative. Note: The Budget Information-Non-Construction Programs Form (ED 524) Sections A-C are not the same as the narrative response to the Budget selection of the selection criteria. The supporting narrative for the activity detail budget form lists the requested budget line items line by line.

We will reject your application if you exceed the page limit.

3. Submission Dates and Times:

Applications Available: April 16, 2014.

Deadline for Transmittal of Applications: June 2, 2014.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: August 4, 2014.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for these programs.

5. Funding Restrictions: We specify limitations on allowable costs in 34 CFR 607.30. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

Applicability of Executive Order 13202. Applicants that apply for construction funds under the Title III, Part A programs, must comply with Executive Order 13202 signed by former President George W. Bush on February 17, 2001, and amended on April 6, 2001. This Executive Order provides that recipients of Federal construction funds may not "require or prohibit bidders,

offerors, contractors, or subcontractors to enter into or adhere to agreements with one or more labor organizations, on the same or other construction project(s)" or "otherwise discriminate against bidders, offerors, contractors, or subcontractors for becoming or refusing to become or remain signatories or otherwise adhere to agreements with one or more labor organizations, on the same or other construction project(s)." However, the Executive Order does not prohibit contractors or subcontractors from voluntarily entering into these agreements. Projects funded under these programs that include construction activity will be provided a copy of this Executive Order and will be asked to certify that they will adhere to it.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), and after July 24, 2012, with the System for Award Management (SAM)--the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application;
and

d. Maintain an active CCR or SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The CCR or SAM registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days to complete. Information about SAM is available at SAM.gov. In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page:

<http://www.grants.gov/web/grants/applicants/organization-registration.html>).

7. Other Submission Requirements: Applications for grants under the ANNH programs must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Alaska Native-Serving Institutions Program (CFDA number 84.031N) and the Native Hawaiian-Serving Institutions Program (CFDA number 84.031W) must be submitted electronically using the Government wide Grants.gov Apply site at www.grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for this competition at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.031, not 84.031N).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You

must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the

Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to

the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: LaTonya Brown, U.S. Department of Education, 1990 K Street, NW., room 6029, Washington, DC 20006-8513. FAX: (202) 502-7861.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

c. Submission of Paper Applications by Hand Delivery.

V. Application Review Information

1. Selection Criteria: The selection criteria for these programs are in 34 CFR 607.22,(a) through (g). Applicants must address each of the following selection criteria (separately for each proposed activity). The total weight of the selection criteria is 100 points; the maximum score for each criterion is noted in parentheses.

(a) Quality of the Applicant's Comprehensive Development Plan (Maximum 25 Points).

(b) Quality of Activity Objectives (Maximum 15 Points).

- (c) Quality of Implementation Strategy (Maximum 20 Points).
- (d) Quality of Key Personnel (Maximum 7 Points).
- (e) Quality of Project Management Plan (Maximum 10 Points).
- (f) Quality of Evaluation Plan (Maximum 15 Points).
- (g) Budget (Maximum 8 Points).

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)-(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Awards will be made in rank order according to the average score received from an evaluation performed by a panel of three non-Federal reviewers. A rank order funding slate will be made that includes scores for competitive preference priorities 1 and

3. Tie-breaker for Development Grants. In tie-breaking situations for development grants, 34 CFR 607.23(b) requires that additional points be awarded to any applicants that: (1) have an endowment fund of which the current market value, per full-time equivalent (FTE) enrolled student, is less than the average current market value of the endowment funds, per FTE enrolled student at comparable institutions that offer similar instruction; (2) have expenditures for library materials per FTE enrolled student that are less than the average expenditures per FTE enrolled student at comparable institutions that offer similar instruction; or (3) that propose to carry out one or more of the following activities—

- (1) Faculty development;
- (2) Funds and administrative management;
- (3) Development and improvement of academic programs;
- (4) Acquisition of equipment for use in strengthening management and academic programs;
- (5) Joint use of facilities; and
- (6) Student services.

For the purpose of these funding considerations, we use 2011-2012 data.

If a tie remains after applying the tie-breaker mechanism above, priority will be given in the case of applicants for: a) individual development grants to applicants that have the lowest

endowment values per FTE student; and b) cooperative arrangement development grants to applicants in accordance with section 394(b) of the HEA, if the Secretary determines that the cooperative arrangement is geographically and economically sound or will benefit the applicant institution.

4. Special Conditions: Under 34 CFR 74.14, 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant (34 CFR 607.24); or, is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section in this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118 and 34 CFR 607.31. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: The Secretary has established the following key performance measures for assessing the effectiveness of the Strengthening Alaska Native and Native Hawaiian-Serving Institutions Programs:

a. The percentage change, over the five-year period, of the number of full-time degree-seeking undergraduates enrolled at Alaska Native and Native Hawaiian-Serving Institutions. Note that this is a long-term measure, which will be used to periodically gauge performance, beginning in FY 2009.

b. The percentage of first-time, full-time degree-seeking undergraduate students at 4-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

c. The percentage of first-time, full-time degree-seeking undergraduate students at 2-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

d. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 4-year Alaska Native and Native Hawaiian-Serving Institutions graduating within 6 years of enrollment; and

e. The percentage of first-time, full-time degree seeking undergraduate students enrolled at 2-year Alaska Native and

Native Hawaiian-Serving Institutions graduating within 3 years of enrollment.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 607.31, the extent to which a grantee has made "substantial progress toward achieving the objectives set forth in its grant application, including, if applicable, the institution's success in institutionalizing practices and improvements developed under the grant." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Program Statute

HIGHER EDUCATION ACT OF 1965, AS AMENDED

TITLE III--INSTITUTIONAL AID

SEC. 301. FINDINGS AND PURPOSES.

(a) **FINDINGS.** --The Congress finds that--

(1) there are a significant number of institutions of higher education serving high percentages of minority students and students from low-income backgrounds, that face problems that threaten their ability to survive;

(2) the problems relate to the management and fiscal operations of certain institutions of higher education, as well as to an inability to engage in long-range planning and development activities, including endowment building;

(3) in order to be competitive and provide a high-quality education for all, institutions of higher education should improve their technological capacity and make effective use of technology;

(4) the title III program prior to 1985 did not always meet the specific development needs of historically Black colleges and universities and other institutions with large concentrations of minority, low-income students;

(5) the solution of the problems of these institutions would enable them to become viable, fiscally stable and independent, thriving institutions of higher education;

(6) providing assistance to eligible institutions will enhance the role of such institutions in providing access and quality education to low-income and minority students;

(7) these institutions play an important role in the American system of higher education, and there is a strong national interest in assisting them in solving their problems and in stabilizing their management and fiscal operations, and in becoming financially independent; and

(8) there is a particular national interest in aiding those institutions of higher education that have historically served students who have been denied access to postsecondary education because of race or national origin and whose participation in the American system of higher education is in the Nation's

interest so that equality of access and quality of postsecondary education opportunities may be enhanced for all students.

(b) **PURPOSE.** --It is the purpose of this title to assist such institutions in equalizing educational opportunity through a program of Federal assistance.

PART A STRENGTHENING INSTITUTIONS

SEC. 312. DEFINITIONS; ELIGIBILITY.

(a) **EDUCATIONAL AND GENERAL EXPENDITURES.** -- For the purpose of this part, the term "educational and general expenditures" means the total amount expended by an institution of higher education for instruction, research, public service, academic support (including library expenditures), student services, institutional support, scholarships and fellowships, operation and maintenance expenditures for the physical plant, and any mandatory transfers which the institution is required to pay by law.

(b) ELIGIBLE INSTITUTION. -- For the purpose of this part, the term “eligible institution” means --

(1) an institution of higher education--

(A) which has an enrollment of needy students as required by subsection (c) of this section;
(B) except as provided in section 392(b), the average educational and general expenditures of which are low, per full-time equivalent undergraduate student, in comparison with the average educational and general expenditures per full-time equivalent undergraduate student of institutions that offer similar instruction;

(C) which is

(i) legally authorized to provide, and provides within the State, an educational program for which such institution awards a bachelor’s degree;

(ii) a junior or community college; or

(iii) the College of the Marshall Islands, the College of Micronesia/Federated States of Micronesia, and Palau Community College;

One of the objectives of the Executive order is to strengthen federalism—or the distribution of responsibility between localities, States, and the Federal government—by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<http://www.whitehouse.gov/omb/grants/spoc.pdf>

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372—CFDA# 84.031A, U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

General Education Provisions Act (GEPA) Section 427

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation that you may address: *gender, race, national origin, color disability, or age*.

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

***Notes:**

- **Applicants are required to address this provision by attaching a statement to the ED GEPA 427 Form that must be downloaded from [Grants.gov](https://www.grants.gov).**
- **All applicants must include information in their applications to address this provision in order to receive funding under this program.**

Government Performance and Results Act (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

- As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2013. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Increase student achievement, reward qualified teachers, and renew troubled schools so that every student can read and do math at grade level by 2014, as called for by the No Child Left Behind Act.

Goal 2: Encourage more rigorous and advanced coursework to improve the academic performance of our middle and high school students.

Goal 3: Work with colleges and universities to improve access, affordability, and accountability, so that our higher education system remains the world's finest.

The performance indicators for the Alaska Native and Native Hawaiian-Serving Institutions program are part of the Department's plan for meeting Goal 3. The Department's specific goal for this program is to improve the capacity of minority-serving institutions, which traditionally have limited resources and serve large numbers of low-income and minority students, to improve student success and to provide high-quality educational opportunities for their students.

What are the Performance Indicators for ANNH?

The specific performance indicators for ANNH are as follows:

1. The number of full-time degree-seeking undergraduates enrolled at ANNH. Note that this is a long-term measure, which will be used periodically to gauge performance, beginning in FY 2009.
2. The percentage of first-time, full-time degree-seeking undergraduate students at 4-year ANNH institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH institution.
3. The percentage of first-time, full-time degree-seeking undergraduate students at 2-year ANNH institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same ANNH institution.

4. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 4-year ANNH institutions graduating within six years of enrollment.
5. The percentage of first-time, full-time degree-seeking undergraduate students enrolled at 2-year ANNH institutions who graduate within three years of enrollment.
6. The cost per successful program outcome: federal cost per undergraduate and graduate degree at ANNH institutions.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met.

The most recent version of this program's annual performance report can be viewed at <https://apr.ed.gov>. To login, please click on the training tab and request login information to obtain access.

Project Narrative Instructions

The project narrative shall be attached to the “Project Narrative Attachment Form” in Grants.gov.

Before preparing the Project Narrative, applicants should review the program statute, program regulations, the Federal Register Notice, the Dear Applicant Letter, and the Competition Highlights for specific guidance and requirements.

The Secretary evaluates an application according to the program specific criteria in 34 CFR 607.22. The Project Narrative should provide in detail the responses to each selection criterion. The maximum possible score for each category of selection criterion is indicated in parenthesis. For ease of reading by the reviewers, applicants should follow the sequence of the criteria as provided below. Applications should be written in a concise and clear manner. You must limit the section of the narrative that addresses the selection criteria to no more than 50 pages for the Individual Development Grant application and 70 pages for the Cooperative Arrangement Grant.

Applicants MUST address each of the following ANNH selection criteria:

- | | | |
|----|---|-------------|
| 1. | Quality of Comprehensive Development Plan | (25 points) |
| 2. | Quality of Activity Objectives | (15 points) |
| 3. | Quality of Implementation Strategy | (20 points) |
| 4. | Quality of Key Personnel | (7 points) |
| 5. | Quality of Project Management Plan | (10 points) |
| 6. | Quality of Evaluation Plan | (15 points) |
| 7. | Quality of Budget | (8 points) |

Total Maximum Score for Selection Criteria	100 points
---	-------------------

The following guidance may assist you in addressing the questions that will be used to evaluate your responses to the selection criteria:

**(a) Quality of Comprehensive Development Plan
(Maximum: 25 points).**

(1) The strengths, weaknesses, and significant problems of the institution’s academic programs, institutional management, and fiscal stability are clearly and comprehensively analyzed and result from a process that involved major constituencies of the institution.

Content: Separately describe and analyze your institution's strengths, weaknesses, and significant problems in the following three areas as they relate to each proposed activity:

1. Academic programs,
2. Institutional management, and
3. Fiscal stability.

We are considering “weaknesses” and “significant problems” to be one and the same. Use the grant funds to address some of these weaknesses and problems. Here are some guidelines for stating the problems:

- State what is “too high” or what is “too low.” For example, the percentage of freshmen students who fail four courses is too high. When you state the problem this way, the objectives become obvious. Such as, “to decrease, from 42 percent to 30 percent, the percentage of freshmen students who fail four courses.”
- Avoid problem statements that declare the problem as "the lack of " or "the need for" the very solution you are proposing for funding. Such as, “the problem with our academic programs is a lack of or need for student services outside the classroom. Thus, we propose an activity to establish those student services." This type of statement usually contains circular reasoning.
- Provide summaries of or excerpts from recent data, reports, evaluations or studies that demonstrate that you have objectively and thoroughly analyzed your institution’s main problems.
- Describe the process you used to formulate the above information.
- Provide evidence of the extent and nature of the faculty, staff, students, community, industry, and other major constituents' involvement in this process. You may rely on previously written information, such as a self-study for accreditation, as long as your process for developing the information involved the major constituencies' representatives and reflects your institution's current situation.

(2) The goals for the institution’s academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis.

Content: Based on a comprehensive analysis of your institution's strengths, weaknesses, and significant problems, separately state the institutional goals as they relate to each proposed activity you plan to address using Title III, Part A, ANNH Program funds.

(3) The objectives stated in the plan are measurable, related to institutional goals, and if achieved, will contribute to the growth and self-sufficiency of the institution.

Content: Focusing only on the institutional objectives that are specifically related to your proposed Title III, Part A, ANNH Program activities, separately provide measurable objectives for how you will reach each of the goals as you discussed in #2. Achieving the objectives outlined should contribute to the growth and self-sufficiency of the institution.

Describe in measurable terms how objectives are related to the goals of the institution. The description should include details on the following:

Specific Tasks

Institutionalize personnel, programs, and services.

Methods Involved

Operational funding budgeted and allocated to sustain improvements.

Tangible Results

Program, services, and personnel fully institutionalized.

(4) The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practices and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.

Content: In this section, separately describe the following for each proposed activity:

The methods your institution will use to integrate practices and improvements developed into its operations and, if appropriate, continue them after the grant ends. For example, provide specifics on how your institution will obtain approval from appropriate internal and/or external governance authorities to conduct new or revised curricula and use new intervention strategies. What will the time period be for these actions?

Provide the resources you will need to institutionalize newly developed practices and improvements and, most importantly, how you will fund them. In particular, discuss how your institution will fund operational costs such as personnel, maintenance, and upgraded equipment. For example, one way to ensure that positions continue after the grant ends is for your institution to pay a percentage of the salary during the grant and increase that percentage during years two, three, four, and five.

(b) Quality of Activity Objectives (Maximum: 15 Points).

(1) The extent to which the objectives for each activity are realistic and defined in terms of measurable results.

Content: State your annual objectives, separately for each activity, which, when combined with their performance indicator(s), are measurable and realistic (not too high, not too low). Connect each objective to the problem or weakness it should address, as you described in the CDP. In addition:

- o DO NOT identify process objectives such as: "To establish a college-wide committee", whose measurement is: "We formed a committee." Identify processes or tasks under the Implementation Strategy as discussed next.

- o DO use words such as "to increase" or "to decrease" since you are more likely to be describing a genuine, outcome objective.
- o DO NOT begin your objective with words such as "to provide," "to develop," or "to establish." This heightens the likelihood you may be describing a process or task rather than an outcome objective.
- o DO provide a realistic number of objectives and performance indicators for each proposed activity and for each year you are requesting funds for that activity.

(2) The extent to which the objectives for each activity are directly related to the problems to be solved and to the goals of the comprehensive development plan.

Content: Separately describe how meeting the objectives of each proposed activity will address a problem identified in the CDP and affect your institution's ability to address its goals for its academic programs, institutional management, or fiscal stability.

If you need funds for more than one activity, you may propose different start and end dates and vary the duration of each. For example, you may need only three years to develop a new curriculum but five years to develop a new management information system. Any proposed activity should address a critical problem that the CDP describes as hindering institutional growth and self-sufficiency. If you propose to use up to 20% for endowment investing, do not write an activity narrative regarding this use of endowment investing, as we do not consider it an activity in the usual sense.

(c) Quality of Implementation Strategy (Maximum: 20 Points).

(1) The extent to which the implementation strategy for each activity is comprehensive.

(2) The extent to which the rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects.

Content: For each proposed activity, explain why you chose a specific method for implementing that activity. Include how you determined that method to be most effective, indicating relevant studies or projects that you reviewed and experts that you consulted.

(3) The timetable for each activity is realistic and likely to be attained.

- Chart an implementation strategy to meet your objectives for each year you are requesting funds and for each activity.
- Use time frames that are realistic for completing a task. Chart each of the five years using the budget period of October 1 to September 30.

- Describe in a comprehensive, sequential and clear manner who will do what and how they will do it to meet the objectives of each activity.
- Identify, by title, the primary participants who will carry out the tasks to meet the objectives. Describe how the personnel will perform the tasks and the results you expect from them.

(d) Quality of Key Personnel (Maximum: 7 Points).

(1) The extent to which the experience and training of key professional personnel are directly related to the stated activity objectives.

(2) The extent to which the time commitment of key personnel is realistic.

Content: For each proposed activity, list, by title and name (if available) which positions are being proposed using Title III funds and describe the qualifications you require of that position and the amount of time each person will allot to the proposed activity.

If you want to use a consultant, explain why a consultant is more advantageous than using the institution's personnel.

(e) Quality of Project Management Plan (Maximum: 10 Points).

(1) The extent to which procedures for managing the project are likely to ensure efficient and effective project implementation.

(2) The extent to which project coordinator and activity directors have sufficient authority to conduct the project effectively, including access to the president or chief executive officer.

For the Title III, Part A, ANNH Program coordinator's position, provide the following:

- ✓ Under "Quality of Key Personnel", be sure to include the coordinator's required qualifications (education, experience, training) and the specific duties of the position. Directly relate the duties to the stated purposes and objectives of the project.
- ✓ Indicate how much time the Title III, Part A, coordinator will commit to the project. Make the time commitment realistic, not too high nor too low, relative to the tasks the individual will perform.

Note: Your Title III, Part A coordinator's time commitment to a project may vary considerably from that in another project or another institution's project. One project focused on developing a management information system, for example, may have a coordinator who is the director of technology in the ordinary hierarchy of the college. He or she may allot 10 percent time to coordinate the project for which the college will pay. On the other hand, a new coordinator of a faculty development project may be an

instructional developer with a 50 percent time or 100 percent time commitment paid for with Title III, Part A, funds. Carefully think through the management structure and time commitment that will work best at your institution and specify the reasons for your choice.

- Describe the procedures the project coordinator (project director) will use to manage and monitor the project's progress such as how information will be provided to key administrators so they can integrate project activities with related, on-going institutional activities.
- Describe the project coordinator's (project director) administrative authority over the activity director(s) who is normally responsible for accomplishing a specific activity's objectives. Also, describe the administrative authority of the activity director(s) over subordinates.
- Chart the lines of authority of the project coordinator to key institutional decision makers, including the president.

(f) Quality of Evaluation Plan (Maximum: 15 Points).

(1) The extent to which the data elements and the data collection procedures are clearly described and appropriate to measure the attainment of activity objectives and to measure the success of the project in achieving the goals of the comprehensive development plan.

Content: For each proposed activity, describe the data collection procedures the institution will use to identify the data elements, objectives, and goals identified in the CDP. Include measure attainment of each proposed activity. Include procedures for analyzing and using both formative and summative data.

(2) The extent to which the data analysis procedures are clearly described and are likely to produce formative and summative results on attaining activity objectives and measuring the success of the project on achieving the goals of the comprehensive development plan.

Content: For each proposed activity, describe in detail the project's evaluation plan, including who, what, when and how. Define the baseline indicators of progress that you will use.

The detailed evaluation plan should:

- Produce a valid assessment of your implementation strategies;
- Result in annual, quantifiable evidence of the extent to which you attained your objectives for each activity and your goals for which funding is requested;
- Include the data elements and collection procedures that you will use; and
- Describe procedures for analyzing and using both formative and summative data.

All applicants must submit a plan to conduct a project evaluation as part of their grant activities. The planned evaluation should be systematic in assessing the worth of a project and useful in guiding project objectives and focus primarily on determining the outcomes and impacts of the project relative to those objectives. The evaluation should also serve to strengthen the management of the project and lead to better knowledge of what works in producing the desired outcomes.

An individual or organization, independent of the project team (and all of its partners), but not necessarily external to the grantee institution, should execute the project evaluation plan. This independent evaluator should assist in the initial preparation of the evaluation plan and be willing to work alongside the project team throughout the duration of the project. The evaluator should possess good evaluation skills commonly found among practitioners of the American Evaluation Association. Helpful Web sites to consult when preparing an evaluation plan include:

- Department of Education's Fund for the Improvement of Postsecondary Education: <http://www.ed.gov/about/offices/list/ope/fipse/evaluate.html>
- National Science Foundation: http://www.nsf.gov/pubs/2004/nsf04016/nsf04016_4.htm
- Kellogg Foundation: <http://www.wkkf.org/default.aspx?tabid=75&CID=281&NID=61&LanguageID=0> (for their evaluation handbook)
- Academic Competitiveness Council http://hub.mspnet.org/search/?action=true&search_text=evaluation

The project director and team should be committed to gathering the best evaluation data possible for formative and summative purposes. Projects should collect baseline data before the project starts as a basis for measuring progress.

A summary of the evaluation report must be included in the final performance report submitted by the project to the Department of Education. The report, which also includes fiscal and management performance information, is due within 90 days after expiration of the award. The evaluation report should be included as an appendix to the final performance report as well as available upon request. (Please see 34 CFR 75.217 for information on how project performance may affect future funding).

For the Title III, ANNH Program, the evaluation plan should produce a valid assessment of the implementation strategies. It should also result in annual, quantifiable evidence of the attainment of objectives for each activity and of the goals in the CDP.

(g) Budget (Maximum: 8 Points).

The extent to which the proposed costs are necessary and reasonable in relation to the project's objectives and scope.

Content: Review the program regulations (34 CFR 607.10 and 607.30) for guidance on which activities and costs are allowable. For example, you may not use your grant funds to:

- Recruit students;
- Carry out activities that are operational rather than developmental;
- Carry out student activities such as entertainment, cultural or social enrichment programs, student publications, social clubs or associations;
- Pay for organized fund raising and;
- Cover indirect costs.

Prepare a separate, detailed, budget narrative for each proposed activity for each year you are requesting grant funds. Demonstrate and justify that all costs are reasonable in today's market and necessary to accomplish your activity objectives. Please pay particular attention in your justification to those (per item) costs exceeding \$25,000, excluding salaries and fringe benefits. For each activity, provide itemized costs (in dollars), and a narrative justification to support your request for:

- Personnel
- Fringe Benefits
- Travel
- Equipment
- Supplies
- Contractual
- Construction
- Other
- Total

You must provide details so we can determine if the costs are allowable, necessary and reasonable.

NOTE: The Title III, Part A, ANNH Program, CFDA 84.031N&W, does not reimburse grantees for indirect costs they incur in carrying out a project funded under this program. Therefore, applicants should not show any dollar amounts for indirect costs on either line 10 of the application budget form (ED 524) or in their budget narrative. Applicants should also be aware that un-reimbursed indirect costs under grants of this program may not be charged as direct cost items in the same award, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

Do not include a budget narrative (as a separate activity) for endowment investing.

Note: Check all combined totals for the proposed activity budgets and compare it to the total on the ED 524. The totals must match.

U. S. Department of Education Budget Information Non-Construction Programs (Section A - Budget Summary U.S. Department of Education Funds and Section B – Budget Summary Non-Federal Funds (ED 524 form)).

First, carefully read the instructions contained in this document. Then, using the Department of Education Budget Information for Non-Construction Programs (ED524) form, prepare a budget for the entire project that totals all the costs for each year of the grant. If you choose to use up to 20 percent of grant funds to establish or increase your institution’s endowment fund through endowment investing, enter the amount of your contribution in the summary budget on the “other” line. If you have additional items for the other category, separate the endowment contribution from the other items and make two entries for “other.” Endowment monies should be listed first.

Competitive Preference Priorities:

- Competitive Preference Priority 1 (Maximum 2 points): **Increasing Postsecondary Success: College Completion** – projects that are designed to increase the number and proportion of high-need students (as defined in the Title III, Part A, ANNH FY 2014 competition Federal Register notice) who complete college or other postsecondary education and training.

Note: In responding to this priority, applicants are encouraged to discuss how all strategies they are proposing to carry out would result in improvements in postsecondary success.

- Competitive Preference Priority 2 (Maximum 2 points): **Improving Productivity** - projects that are designed to significantly increase efficiency in the use of time, staff, money, or other resources while improving student learning or other educational outcomes (i.e., outcome per unit of resource). Such projects may include innovative and sustainable uses of technology, modification of school schedules and teacher compensation systems, use of open educational resources (as defined in the Title III, Part A, ANNH FY 2014 competition Federal Register notice), or other strategies.

Note: The types of projects identified in Competitive Preference Priority 2 are suggestions for ways to improve productivity. Other strategies for productivity also could include the use of technology, alternative staffing models, or competency-based learning. The Department recognizes that some of these examples, such as modification of teacher compensation systems, may not be relevant to this program. Accordingly, applicants should consider responding to the competitive preference priority in a way that improves productivity in a relevant higher education context

Invitational Priorities:

- Invitational Priority 1 (No Valued Points) – projects that Support Activities that strengthen Native language preservation and revitalization at our institutions of higher education.
