

## **Non-substantive Change Request for Collection 3060-0667**

**The Commission is submitting a non-substantive change request to the Office of Management and Budget (OMB) to report a minor word edit to 47 C.F.R. Section 76.630(a)(2). The edit adds the FCC's website address to the rule and removes the reference to the address of the cable operator's local place of business, indicating the correct location where the documents referred to in the rule are available for public inspection in FCC 16-4. Nothing else is being changed in the collection, including the estimates contained therein.**
