GK-12 Monitoring System Screenshots: Fellow Survey

Graduate STEM Fellows in K-12 Education (GK-12)

The National Science Foundation (NSF) Graduate STEM Fellows in K-12 Education (GK-12 program) is a crosscutting education initiative managed by the Division of Graduate Education in the Directorate for Education and Human Resources. The program supports fellowships and associated training that will enable graduate students and advanced undergraduates in science, technology, engineering, and mathematics disciplines to serve as resources in K-12 schools.

Survey Privacy

The Federal Government has a continuing commitment to monitor its awards to identify and address any inequities based on gender, race, ethnicity, or disability of the principal investigators, co-principal investigators, graduate fellows, cooperating teachers or other participants.

Information from this data collection system will be retained by the NSF, a Federal agency, and will be an integral part of its Privacy Act System of Records in accordance with the Privacy Act of 1974 and maintained in the Education and Training System of Records 63 Fed. Reg. 264, 272 (January 5, 1998). All individually identifiable information supplied by individuals or institutions to a Federal agency may be used only for the purposes outlined in the system of records notice and may not be disclosed or used in identifiable form for any other purpose, unless otherwise compelled by law. These are confidential files accessible only to appropriate NSF officials, their staffs, and their contractors responsible for monitoring, assessing, and evaluating NSF programs. Only data in highly aggregated form, or data explicitly requested "for general use," will be made available to anyone outside of the NSF for research purposes. Data submitted will be used in accordance with criteria established by NSF for monitoring research and education grant and in response to Public Law 99-383 and 42 USC 1885c. The Social Security number (SSN) and date of birth will be maintained in accordance with the requirements of the Privacy Act of 1974. Submission of the SSN is voluntary. It is used for survey quality control, program evaluation, and matching with other data sets maintained in the Education and Training System of Records 63 Fed. Reg. 264, 272 (January 5, 1998).

Public Burden

Submission of the requested information is voluntary. Failure to provide full and complete information, however, may reduce the possibility for continuing support through the award/project subject to this survey. Each Principal Investigators' average reporting burden is 14 hours, each Fellow's average reporting burden is 1.5 hours, and each Cooperating Teacher's average reporting burden is 1.5 hours. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Suzanne Plimpton, Reports Clearance Officer for OMB Collection 3145-0136 GK-12 Program, National Science Foundation, 4201 Wilson Boulevard., Suite 295, Arlington, VA 22230 or to Desk Officer for National Science Foundation (OMB 3145-0136 GK-12 Program), Room 10102 New Executive Office Building, 725 17th Street NW, Washington, DC 20503.

☐ **8. Out-Of-Classroom GK-12 Activity**

Please provide information below about the out-of-classroom activity you worked with during the current reporting period. **All fields are required unless otherwise indicated.** To minimize double-counting of teachers and students, please combine activities of the same activity type that involved the same fellows, teachers, and students. Some examples are provided below for guidance. Please do not hesitate to contact us with any questions about reporting your activities.

- You worked alone to take the same group of teachers and students on a trip to the Bronx Zoo and on a separate trip to Central Park. Please enter these events as a single activity and provide a descriptive name such as "Field trips to the zoo and park."

- You conducted a water-sampling activity at 10 schools, and another GK-12 graduate fellow, Joe, worked with you at all of those schools. Please enter these events as a single activity, mention all the schools, and count all the teachers and students. Answer "Yes" about working with any other GK-12 graduate fellows.

- You conducted the same water-sampling activity at five other schools and worked with Mary, another GK-12 graduate fellow. Please enter these events as a separate activity from the water-sampling activity that you conducted with Joe.

- You took the science club on a field trip. Please enter this event as a single activity and select the activity type (either "After school science club" or "Field trips") that best describes the activity and the participants. If no students or teachers other than those regularly present at the science club were involved, you do not need to list the field trip as a separate activity, although you may do so. If additional teachers and/or students were involved, you may want to list it as a separate activity.
