New Element	Common Collection Categories	Staff and Project Department	Project Implementation	Project Outputs ³
	Questions			
	Respondent's Contact Information: Name: First, Last Phone Email	X		
	1. Student Enrollment			
	Count of Chemistry student enrollment (report Freshmen, Sophomores, Juniors, Seniors, and unknown class students separately, and part-time and full-time students separately) by: Race Black or African American Native American Alaska Native Native Hawaiian or Other Pacific Islander Asian White More Than One Race Reported: Students reporting a) two or more race categories and b) one or more of the reported categories include: Native American, Alaska Native, Black or African American, Native Hawaiian or Other Pacific Islander. More Than One Race Reported: Students reporting a) both White and Asian, and b) no other categories in addition to White and Asian. Race Not Reported or Unknown Ethnicity Hispanic or Latino Not Hispanic or Latino Not Reported Gender Male			X

¹ Elements of these characteristics include: Name, address, date of birth, gender, ethnicity, race, disability status, class, major, grade point average, yearly fellowship or stipend amount, and project role.

² Elements of these characteristics include: Sources and amount of funds, fellowships, scholarships, traineeships, partnerships, training, and research methods.

³ Elements of these characteristics include: research findings, publications, presentations, degrees granted, and educational materials.

New Element	Common Collection Categories Questions	Staff and Project Dominant	Project Implementation	Project Outputs
	Female Not Reported			
	Count of Physics/Astronomy student enrollment (report Freshmen, Sophomores, Juniors, Seniors, and unknown class students separately, and part-time and full-time students separately) by: Race Black or African American Native American Alaska Native Native Hawaiian or Other Pacific Islander Asian White More Than One Race Reported: Students reporting a) two or more race categories and b) one or more of the reported categories include: Native American, Alaska Native, Black or African American, Native Hawaiian or Other Pacific Islander. More Than One Race Reported: Students reporting a) both White and Asian, and b) no other categories in addition to White and Asian. Race Not Reported or Unknown Ethnicity Hispanic or Latino Not Hispanic or Latino Not Reported Gender Male Female Not Reported			X
	Count of Mathematics student enrollment (report Freshmen, Sophomores, Juniors, Seniors, and unknown class students separately, and part-time and full-time students separately) by: Race Black or African American Native American Alaska Native Native Hawaiian or Other Pacific Islander Asian White			X

LSAMP: Number of Respondents, Frequency of Response, and Annual Hour Burden

The estimated average number of annual respondents is 563 (88 project PIs/co-PIs and 475 LSAMP institution personnel), with an estimated annual response burden of 12,949 hours. The Web-based collection is an annual activity of the LSAMP program. There are approximately 44 LSAMP alliances with 2 or more co-PIs and project personnel at alliance institutions. New alliances (and institutions within currently funded alliances) will be added to the program over the next three years. The new institutions enter at approximately the same rate that alliances or institutions leave the program or project as their funding expires.

The annualized burden was calculated by taking the average number of respondents from the previous collection cycles and estimating their response burden, based on a question in the Web-based data collection system asking how long it takes respondents to complete the instrument. The burden estimates for each type of respondent are outlined below:

Respondent Type	Estimated Average Annual No. of Respondents	Estimated Average Annual Burden Hours Per Respondent	Estimated Annual Burden Hour Total
PIs/co-PIs	88	23	2,024
LSAMP institution personnel	475	23	10,925
Total	563		12,949

LSAMP: Hour Burden Estimates by Each Form and Aggregate Hour Burdens

There is only one form. This form accounts for the entire annual response burden of 12,949 hours. The annual burden by form was calculated as follows:

Form Type	Respondent Type	No. of Respondents	Burden Hours Per Respondent	Total Burden Hours
LSAMP data collection form	PIs, co-PIs, LSAMP institution personnel	563	23	12,949
Total		563		12,949

LSAMP: Estimates of Annualized Cost to Respondents for the Hour Burdens

The overall annualized cost to the respondents is estimated to be \$358,133. The estimated hourly rate for PIs, who are generally university professors, is based on a report from the American Association of University Professors, “Annual Report on the Economic Status of the Profession, 2014-15,” *Academe*, March–April 2015, Survey Report Table 4. According to this [report](#), the average salary across all academic ranks and across all types of doctoral-granting institutions (public, private-independent, religiously affiliated) was \$87,838. The rate for institution personnel was established by using the Bureau of Labor Statistics’ May 2015 National Occupational Employment and Wage Estimates, which estimates the mean annual wage for those in [Education, Training, and Library Occupations](#) to be \$52,210. Both of these figures was then divided by the number of standard annual work hours (2,080) to determine an average hourly rate for each respondent type. Those rates and the corresponding total annual costs are indicated in the table below:

Respondent Type	No. of Respondents	Burden Hours Per Respondent	Average Hourly Rate	Estimated Annual Cost
Project PIs/co-PIs	88	23	\$42	\$85,008
Institution personnel	475	23	\$25	\$273,125
Total	563			\$358,133

LSAMP: Estimates of Costs to the Federal Government

Computing the annualized cost to NSF for the LSAMP data collection was done by taking the budget for most recent year and calculating the costs for each of the following operational activities involved in producing, maintaining, and conducting the LSAMP data collection:

Operational Activities	Cost Over Three Years
System Development (includes initial development of the database and Web-based application, and later changes requested by the program, e.g., increased reporting tools, additional validations)	\$301,996
System Maintenance, Updates, and Technical Support (system requires updates each year before opening the collection; maintenance is required to keep the system current with technology, e.g., database servers, operating systems)	\$146,689
Data Collection Opening and Support (e.g., online and telephone support to respondents and contacting respondents to encourage completion of the questions), Reporting (as defined by HRD), and Followup Activities (e.g., providing data to other consultants)	\$189,886
Three-Year Total for All Operational Activities	\$638,572

The annualized cost was computed as one-third of the total three-year costs; thus, the annualized cost to NSF for the LSAMP data collection is \$212,857.

LSAMP: Questions

Respondent's Contact Information: Name: First, Last Phone Email
1. Student Enrollment
Count of Chemistry student enrollment (report Freshmen, Sophomores, Juniors, Seniors, and unknown class students separately, and part-time and full-time students separately) by: Race Black or African American Native American Alaska Native Native Hawaiian or Other Pacific Islander Asian White More Than One Race Reported: Students reporting a) two or more race categories and b) one or more of the reported categories include: Native American, Alaska Native, Black or African American, Native Hawaiian or Other Pacific Islander. More Than One Race Reported: Students reporting a) both White and Asian, and b) no other categories in addition to White and Asian. Race Not Reported or Unknown Ethnicity Hispanic or Latino Not Hispanic or Latino Not Reported Gender Male Female Not Reported
Count of Physics/Astronomy student enrollment (report Freshmen, Sophomores, Juniors, Seniors, and unknown class students separately, and part-time and full-time students separately) by: Race Black or African American Native American Alaska Native Native Hawaiian or Other Pacific Islander Asian White More Than One Race Reported: Students reporting a) two or more race categories and b) one or more of the reported categories include: Native American, Alaska Native, Black or African American, Native Hawaiian or Other Pacific Islander.

More Than One Race Reported:

Students reporting a) both White and Asian, and b) no other categories in addition to White and Asian.

LSAMP Alliance Results: Accomplishments and Obstacles (summaries)

Alliance Highlights (include top three) (text box)

Alliance Accomplishments (text box)

Alliance Obstacles (text box)

Alliance Budget:

For each of the Senior Personnel provide:

- Number of Personnel (1)
- Number of Person Months
- Number of Person Months: Academic Year
- Number of Person Months: Summer
- NSF Dollar Amount
- Matching Dollar Amount

For each category of Other Personnel provide:

- Number of Personnel (1)
- Number of Person Months
- Number of Person Months: Academic Year
- Number of Person Months: Summer
- NSF Dollar Amount
- Matching Dollar Amount

Categories of Other Personnel are:

- Post Doctoral Associates
- Other Professionals
- Graduate Students
- Undergraduate Students
- Secretarial/Clerical
- Other staff

For Fringe Benefits provide:

- NSF Dollar Amount
- Matching Dollar Amount

For each Permanent Equipment provide:

- Cost
- NSF Dollar Amount
- Matching Dollar Amount

Travel:

For Domestic Travel provide:

- NSF Dollar Amount

Matching Dollar Amount

For Foreign Travel provide:

NSF Dollar Amount

Matching Dollar Amount

For each category of Participant Supplemental Costs provide:

Cost

Count

Participant Supplemental Categories are:

Stipends

Travel

Subsistence

Other

For Residual Funds provide:

NSF Dollar Amount

Matching Dollar Amount

(All other amounts shown on the budget screen are calculated by the system.)

LSAMP Alliance Budget-Text (summaries)

FY [yyyy] Budget Explanation (textbox)

FY [yyyy] Budget Explanation of Matching Funds (textbox)

FY [yyyy] Subcontractors and Amounts of Contracts (textbox)

For each Non-Academic Partner provide:

Name

Type of Partner (select one)

- National Science Foundation
- Institution
- State of Local Government
- Federal Agency
- Federal Lab
- Foreign Government
- Corporation
- Foundation and Other Non-Profit
- Project Generated Other
