Noyce Monitoring System Screenshots: Track 2 Survey

OMB# 3145-0226 Noyce Program Expires: February 29, 2016

Welcome

Welcome to NoyceWeb, the online data reporting system for the Robert Noyce Teacher Scholarship Program, authorized under the National Science Foundation Authorization Act of 2002 (P.L. 107-368). NoyceWeb allows you to provide the National Science Foundation (NSF) with reliable annual data.

Having Trouble Logging In? Please <u>e-mail us</u> or call toll free at (800) 665-8961

Notice: The system is closed for maintenance every first Sunday between 7 a.m. and 10 a.m. eastern time. The system will log you out after one hour of inactivity. You must re-enter your login credential to enter the system again.

SURVEY PRIVACY

The Federal Government has a continuing commitment to monitor its awards to identify and address any inequities based on gender, race, ethnicity, or disability of the principal investigators (PIs), co-PIs, support recipients, or other participants.

Information from this data collection system will be retained by NSF, a Federal agency, and will be an integral part of its Privacy Act System of Records in accordance with the Privacy Act of 1974 and maintained in the Education and Training System of Records 63 Fed. Reg. 264, 272 (January 5, 1998). All individually identifiable information supplied by individuals or institutions to a Federal agency may be used only for the purposes outlined in the system of records not be disclosed or used in identifiable form for any other purpose, unless otherwise compelled by law. These are confidential files accessible only to appropriate NSF officials, their staffs, and their contractors responsible for monitoring, assessing, and evaluating NSF programs. Only data in highly aggregated form or data explicitly requested "for general use" will be made available to anyone outside of NSF for research purposes. Data submitted will be used in accordance with chier astablished by NSF for moritoring research and education grants, and in response to Public Law 99-383 and 42 USC 1885c. Date of birth will be maintained in accordance with the requirements of the Privacy Act of 1974.

NSF Privacy Policy

PUBLIC BURDEN

Submission of the requested information is voluntary. Failure to provide full and complete information, however, may reduce the possibility for continuing support through the award/project subject to this survey. Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 3145-0226. The annual public reporting burden for this collection of information is estimated to average 13 hours per award, including the time for reviewing instructions. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Suzanne Plimpton, Reports Clearance Officer for OMB Collection 3145-0226 (Noyce Program), National Science Foundation, 4201 Wilson Blvd., Rm. 295, Arlington, VA 22230.

Survey last modified: November 14, 2014

OMB# 3145-0226 Noyce Program Expires: February 29, 2016

Main menu **Getting Started** Your reporting period is September 1, 2013, through August 31, 2014. Understanding the Status Please complete the sections in the order listed. To begin data entry, follow these steps: Saving Data and Returning to the Survey 1. From the Main Menu screen, access the first survey section by clicking on the name of the section. Please review each item with a 🥝 , 🛆 , or Leaving a Field Blank □. Accessing Your Survey Data 2. Review and add to or correct (if necessary) the information found on the selected data entry screen. Click on the Save button at the bottom of the screen to save the screen and return to the Main Menu screen. Click on the Cancel button to return to the Main Menu screen without saving Final Submission any data. 3. After you save your data, check the status icon displayed on the Main Menu screen for that data entry screen. A 🥸 indicates that you must Other System Features correct the record before submission. A 🔺 indicates a record with incomplete preferred fields; i.e., the record can be submitted as is, but we prefer that you review it and, if possible, complete any fields marked with a 🔔 . A 🤎 indicates a record that is ready for submission. You may make any needed changes or additions right away or return to the question later. Frequently Asked Ouestions 4. Repeat the steps outlined above for each section of the survey. 5. Once you have answered all the questions, you will need to finish the survey by sending your authorized final submission to NSF. Click on Send Authorized Final Submission to NSF at the bottom of the Main Menu screen to access the Final Submission screen and then click on the Send Final Submission button. If you do not want to send your final submission, click on Cancel.

6. After you have sent your final submission, your data will appear in the system as read-only. This means that you will still be able to view and print your submission, but you will not be able to alter the data. To generate a printed copy of your submission from the read-only version, click on Print Data Entered to Date on the left side of the Main Menu screen and follow the instructions on the Print Preview Menu screen. A spreadsheet copy of your submission can also be generated from the read-only version by clicking on Download Data Entered to Date on the left side of the Main Menu screen.

Understanding the Status Icons

Status icons indicate the submission status of each section and show where the system has found problems or potential problems with the data you have entered.

The icon colors mimic a traffic light and indicate the submission status of each section and item as follows:

The Please Correct icon () indicates that you must correct the record before you submit your data.

The Please Review icon (🔺) indicates a record that we would like you to review and complete, if possible, before submitting your data; however, completion is not required before you submit your data.

The OK icon (🧳) indicates a record that is ready for submission; i.e., no changes are required prior to submitting your data.

The Please Complete icon (\Box) indicates a record for which no data have been entered.

Saving Data and Returning to the Survey

The system is designed to allow you to work on an entry, save your work, leave the system, and return later to continue where you left off. You can continue to return to the system and make any necessary revisions and updates until you send your authorized final submission to NSF by dicking on Send Authorized Final Submission to NSF at the bottom of the Main Menu screen. As noted elsewhere, sending your final submission to NSF will complete your survey submission and lock your data. After final submission, you may return to this site as often as you like to view the read-only version of your data, but you will not be able to alter the data.

Each time you click on the Save button, your data are transferred to NSF and stored in a computer system there, not on your hard drive. You can access your data at any time using NoyceWeb.

Leaving a Field Blank

You can intentionally leave a field blank if you think that the field does not apply to your award or that the best answer is to leave it blank. If the answer to the question is zero (0), please enter a "0" rather than leave the field blank. If a Please Review icon () is displayed because a field is blank and if your record has no errors, you will still be able to send your authorized final submission to NSF. This icon appears when we would like you to review preferred fields, but it will not prevent or delay final submission.

Additional Help

Each screen has screen-specific definitions and other helpful information that can be accessed by clicking on **Help with this screen** on the left side of the screen. A new window will pop up that contains help for that screen. You can print the Help window by clicking on **Print** in the top right corner of the window. Close the Help window by clicking on **Close This Window** in the top right corner of the window. If you do not immediately return to your data entry screen, click on your browser's **Back** button.

To print the NoyceWeb instructions, click on Help & Instructions on the left side of the Main Menu screen. Select "Print" from your browser's File dropdown list. To return to the Main Menu screen, click on the Main menu button on the left side of the screen.

You can contact us by e-mail for additional help. Questions e-mailed to <u>support@novceweb.org</u> will be answered promptly by Noyce Technical Support. Noyce Technical Support is also available by calling (800) 665-8961.

Frequently Asked Questions

Which Web browser should I use?

We have attempted to make the Noyce Annual Survey accessible to a variety of equipment and software. Using the latest version of Microsoft Internet Explorer may provide the best results. The latest versions of Mozilla Firefox, Safari, and Chrome may also be used. Overall, these pages will look best if you use an up-to-date Web browser. If your browser is more than 6 months old, some pages may not display properly, and some features may not work. Current versions of many browsers are available free online.

What do I do if I forget my grant number or password? How do I change my password?

If you have forgotten your password or need to reset it, please use the Create/Reset password tab on the Noyce Login Page. Submit your Grant Number and e-mail address, and we will send you instructions for creating/resetting your password. If you don't have your Grant Number, please contact Noyce Technical Support a support@noyceweb.org or call (800) 665-8961. When creating the password, please keep in mind that each award only has one password which must be shared amongst all who will be accessing the award.

NOTE: The Create/Reset password feature will work only if your e-mail address is on file in our database. This feature can be used by either the PI or respondent.

Some sections of the survey have data preloaded for me. Do I have to make changes to those sections?

Noyce Technical Support preloads survey data that were entered in the previous year's data collection in order to save you time and provide a historical record of Noyce award data. These sections should be reviewed to ensure that the information is accurate; corrections should be made to any data that are inaccurate. Be sure to save each section after reviewing it, regardless of whether any corrections were made.

What is the reporting period for the survey?

The reporting period (which will follow the format September 1, 20XX-August 31, 20XY) can be found on the top left side of each survey screen, under the title "NSF Noyce Annual Survey." The reporting period for the upcoming (2014) collection cycle is September 1, 2014-August 31, 2015.

NOTE: If a Noyce Teaching Fellowship/Master Teaching Fellowship is awarded over multiple periods, report only the amount awarded for the current reporting period. Additional amounts should be reported in the previous or upcoming reporting periods, as appropriate.

'm receiving a Please Review (riangle) status icon asking me to review and/or correct data. What should I do?

The Please Review icon will not prevent you from sending your final submission to NSF. It indicates that you may have a trend error or are missing data in a field for which completion is requested (rather than required).

If possible, please update the field that contains this warning. Occasionally the Please Review icon will remain onscreen for trend-monitoring purposes even after you have updated and saved your data.

How do I find out which sections are missing data and preventing me from sending my final submission to NSF?

Incomplete sections will be marked with 🗳 or 🗆 . Additionally, if you click on the Send Authorized Final Submission to NSF link, a list will appear that identifies the incomplete required sections.

What if I do not have required information?

The survey cannot be completed without providing the required information. If you do not have some of the required data, contact Noyce Technical Support for assistance at <u>support@novceweb.org</u> before the survey deadline.

The subject line of the message should read "Noyce Required Information".

The body of the message should include:

- Grant number
- Required information that you are unable to complete
- Reason that this information is unavailable.

A Noyce Technical Support staff member will respond to your e-mail message.

How do I delete recipients who were carried over from previous surveys?

Recipients carried over from previous cycles cannot be deleted. NSF wants a complete historical record of all recipients involved in the Noyce award. In the cycle after a recipient has completed their teaching requirements, a green check mark will appear next to their name () signaling no new information needs to be updated during the current cycle.

How do I delete recipients in this year's survey?

Recipients who were added during the current reporting cycle can be deleted by selecting the name of the recipient, scrolling to the bottom of the page, and clicking the **Delete** button. Only recipients added during the current cycle can be deleted. If there is an issue with a recipient added during a previous cycle, please contact Noyce Technical Support at support@noyceweb.org.

NOTE: This must be done before final submission. If you want to delete a recipient after final submission, please contact Noyce Technical Support at support@novceweb.org.

What if I do not have all the data needed to finish the survey in one session?

Enter as much information as you can for each screen. At the bottom of each screen, click on the Save button, then scroll to the top of each screen and click on the Fix Later button. This will save your data so that you can update them at a later time.

How do I request an extension?

All efforts should be made to submit your data by the deadline. If you need more time to complete your survey, please e-mail Noyce Technical Support at <u>support@noyceweb.org</u> before the survey deadline.

The subject line of the message should read "Noyce Extension Request".

The body of the message should include:

- Grant number
- · Date by which you expect to complete the survey
- · Reason for the extension request

A Noyce Technical Support staff member will respond to your e-mail message, indicating whether your extension has been approved by NSF.

How do I get a hardcopy of my data?

To print a copy of the data you entered, click on **Print Data Entered to Date** on the left side of the Main Menu screen. This opens the Print Preview Menu screen, where you can select all or part of the data you have entered to view and print.

A copy of your submission in spreadsheet format can also be generated by clicking on **Download Data Entered to Date** on the left side of the Main Menu screen. This opens the Download Menu screen, where you can select data you have entered and download them to an MS Excel file.

I have feedback on the survey. Where do I enter my comments?

NSF appreciates your comments and feedback. Click on **Add Comments/Feedback** on the left side of the Main Menu screen to submit your comments about the survey. Select the survey section that best matches the subject of your comments from the dropdown list, enter your comments in the text box, and click on the **Save** button. You may enter as many comments as you want.

I have submitted information and now am unable to change it. Why?

Once your final submission is sent to NSF, the data entry screens become read-only and further data entry is prevented. If data needs to be updated after the final submission, please e-mail Noyce Technical Support at <u>support@novceweb.org</u> before the survey deadline.

The subject line of the message should read "Reset Submission Status".

In the body of the message include:

- Grant number
- Reason for the request

A Noyce Technical Support staff member will respond to your e-mail message.

*

For the baseline and current reporting year data on the Post-Secondary Institutions screen, should I just report participants in the Noyce program? No. For the number of Science, Technology, Engineering, and Mathematics (STEM) professionals (career changers) and STEM post-baccalaureates who completed a master's degree program and had prepared to become K-12 mathematics and science teachers, you may report just on those

who completed a master's degree program and had prepared to become K-12 mathematics and science teachers, you may report just on those disciplines on which your award is focusing (if those are the only data available), but you should include all such majors at your institution and not just those participating in the Noyce program. These data are only applicable to projects with a Teaching Fellowship component (pre-service teachers).

What is the difference between career changers and post-baccalaureates?

Career changers (post-baccalaureates who are moving into teaching in the fields of science, technology, engineering, or mathematics from another occupation) represent a subset of all post-baccalaureates.

What is the main distinction between a Noyce Teaching Fellowship recipient and a Noyce Master Teaching Fellowship recipient?

The main distinction between a Teaching Fellowship recipient and a Master Teaching Fellowship recipient for the purposes of the Noyce survey is that a Teaching Fellowship recipient initially receives funding to complete a master's degree program leading to teacher certification/licensure and does not already hold a teaching certificate/license and has not taught previously while a Master Teaching Fellowship recipient is already a certified/licensed mathematics or science teacher.

What kind of teaching counts toward meeting the Noyce teaching requirements?

To count towards the teaching requirement, the recipient needs to be certified/licensed full-time, full-responsibility teaching in a high-need school district. If the recipient is not certified and/or does not have full teaching responsibility, then the teaching does not count toward meeting the teaching requirement.

If a recipient is certified/licensed, and is substitute teaching full-time in a high-need school district while seeking a full-time regular teaching position, then the substitute teaching experience counts towards meeting the recipient's teaching requirements. If the substitute teaching is only occasional (e.g. a few days a week), then substitute teaching experience does not count towards meeting the recipient's teaching requirements.

When should I answer Yes to the questions about leaving the NSF Teaching Fellowship/Master Teaching Fellowship program?

Only answer Yes if the recipient permanently left the program (i.e., dropped out with no intention to return). If the recipient left the program temporarily (e.g., for medical reasons) and intends to return to complete the program, please answer No.

If the answer to these questions is Yes, then you must provide the amount of the NSF Teaching Fellowship/Master Teaching Fellowship funding that the recipient is required to repay, and the amount that the recipient has repaid to date (i.e., the cumulative amount repaid through the end of the current reporting period).

I noticed that data entered in a previous cycle was incorrect and there is no way to make changes. How can I correct this information?

All past data is viewable as read-only. To request a change be made to past data, please send a message to Noyce Technical Support at support@novceweb.org.

The subject of the message should read "Past Data Correction".

The body of the message should include:

- Grant number
- Reporting period in which the data was originally entered
 Data that is incorrect
- Correct information that should be entered

A Noyce Technical Support staff member will respond to your e-mail message.

When I add a new district into the School District section, I receive an error saying this is a duplicate district. I don't see the district on the page. How do I resolve the duplicate error message?

Please contact Noyce Technical Support at support@noyceweb.org to resolve this issue. The subject of the message should read "School District Error".

The body of the message should include:

- Grant NumberDuplicate school district.
- Duplicate school district.

A Noyce Technical Support staff member will respond to your e-mail message.

Survey last modified: November 14, 2014

OMB# 3145-0226 Noyce Program Expires: February 29, 2016

A classification indicating general ethnic heritage based on self-identification, as in data collected by the U.S. Census Bureau. These categories are in accordance with the Office of Management and Budget standard classification scheme presented below:

• Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of

- Not Hispanic or Latino: A person whose ethnicity is not Hispanic or Latino
- Not Reported: The data are unavailable or the participant has indicated that he or she does not want to provide this information.

Faculty members involved in the project

Cumulative grade point average (GPA)

Any faculty member who participated in the development and implementation of the project through activities such as serving on the leadership team, recruiting and/or selecting NSF Teaching Fellowship/Master Teaching Fellowship/Master Teaching Tellowship/Master Te program), and mentoring and/or monitoring NSF Teaching Fellowship/Master Teaching Fellowship recipients

High-need school district criteria

- To be considered high need, a school district must have one or more schools that meet at least one of the following criteria
- · Has a high percentage of individuals from families with incomes below the poverty line
- Has a high percentage of secondary school teachers not teaching in the content area in which the teachers were trained to teach · Has a high teacher turnover rate

Mentoring

When an individual serves as a student's counselor or advisor, especially in a direct, one-on-one setting

NSF master teaching fellowship applicant

A certified/licensed mathematics or science teacher already holding at least a master's degree who has applied for the NSF Master Teaching Fellowship during the current reporting period

NSF master teaching fellowship recipient

An individual who:

- Is currently a certified/licensed mathematics or science teacher already holding at least a master's degree
- · Is participating in activities to become a Master Teacher; and
- · Has received Noyce funding during the current reporting period.

NSF teaching fellowship applicant

An individual who has applied for the NSF Teaching Fellowship during the current reporting period

NSF teaching fellowship recipient

An individual who:

- · Does not already hold a teaching certificate/license and has not taught previously
- · Is enrolled in a master's degree program leading to teacher certification/licensure; and
- Has received Noyce funding during the current reporting period.

Peer tutoring

Individualized instruction or training given to a student by an individual of comparable academic status or rank

Post-secondary institution

An educational institution (e.g., college, university, vocational school) that serves students who have completed a secondary education (e.g., high school) or its equivalent (e.g., a GED program)

Programmatic activities

Activities conducted by the institution (e.g., mentoring, peer tutoring) intended to maximize students' chances of successful program outcomes Race

- A classification indicating general racial or ethnic heritage based on self-identification. The following descriptions should be used:
- American Indian or Alaska Native: A person having origins in any of the original peoples of North or South America (Including Central America), and who maintains tribal affiliation or community attachment
- Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for
 example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
- Black or African American: A person having origins in any of the black racial groups of Africa
- Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific
- White: A person having origins in any of the original peoples of Europe, the Middle East, or North Africa
- · Not Reported: The data are unavailable or the participant has indicated that he or she does not want to provide this information.

Reporting period

The reporting period is from September 1 of one year through August 31 of the next year. The reporting period can be found on the top left side of each screen under the title "NSF Noyce Annual Survey."

Salary supplement

Monies received while the Teaching Fellowship/Master Teaching Fellowship recipient is fulfilling his or her teaching obligation. For Teaching Fellowship recipients, the salary supplement must be at least \$10,000 per year for 4 years while the individual continues to teach in a high-need school district. For Master Teaching Fellowship recipients, the salary supplement must be at least \$10,000 per year for 5 years while the individual continues to teach in a high-need school district.

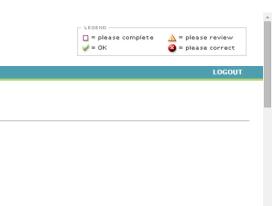

STEM

Science, technology, engineering, and mathematics

Stipend

A one-year stipend of at least \$10,000, not to exceed the cost of attendance, while the Teaching Fellowship recipient is enrolled in a master's degree program. Teaching Fellowship recipients enrolled part-time may receive a prorated stipend.

- Unknown

All teaching-related questions pertain to full-time, full-responsibility teaching by certified/licensed individuals in a high-need school district in fulfillment of the teaching requirements. Teaching that does not count toward meeting the teaching requirements (e.g., student teaching) is excluded.

Has the NSF Teaching Fellowship recipient begun full-time, full-responsibility teaching in a high-need school district in fulfillment of the teaching requirements as of the current reporting period (September 1, 2013–August 31, 2014)?

Tf	not	why	2

- $igodoldsymbol{$ Taught in a school that is not in a high-need school district
- Still completing coursework and/or requirements for teacher certification/licensure
- Cannot find employment
- igodown Dropped out before completing the teacher preparation program
- Unknown
- Other (Please specify):

Which of the following best describes the status of this NSF Teaching Fellowship recipient as of the end of the current reporting period?

- $\ensuremath{\bigcirc}$ Still completing coursework and/or requirements for teacher certification/licensure
- 🔘 Has not met teaching requirements but taught in a high-need school district during the current reporting period
- 🔘 Has not met teaching requirements and did not teach in a high-need school district during the current reporting period
- Has met the teaching requirements
- Does not intend to meet the teaching requirements
- Other (Please specify):

If the recipient does not intend to meet the teaching requirements, what amount of the NSF Teaching Fellowship funding is the recipient required to repay?

\$

If the recipient does not intend to meet the teaching requirements, how much of the NSF Teaching Fellowship funding has the recipient repaid to date? (This should be the cumulative amount repaid through the end of the current reporting period.)

The following data items are collected only for NSF Teaching Fellowship recipients who taught in a high-need school district during the current reporting period (September 1, 2013-August 31, 2014) in fulfillment of the teaching requirements.

The following data it	ems are collected	only for NSF Mast	er Teaching Fellowship	o recipients who are	continuing with
the program.					

If the recipient left the NSF Master Teaching Fellowship program at your institution without completing the program requirements, please skip to question "Has the NSF Master Teaching Fellowship recipient begun full-time, full-responsibility teaching in a high-need school district in fulfillment of the teaching requirements" below.

Was the NSF Master Teaching Fellowship recipient recognized as a master teacher during the current reporting period?

If yes, please describe the nature of this recognition

National board certification
Salary increase

- Promotion
- Other (Please specify):

All teaching-related questions pertain to full-time, full-responsibility teaching by certified/licensed individuals in a high-need school district in fulfillment of the teaching requirements. Teaching that does not count toward meeting the teaching requirements (e.g., student teaching) is excluded.

If not, why?

- Taught in a school that is not in a high-need school district
- Cannot find employment
- Unknown
- Other (Please specify):

Which of the following best describes the status of this NSF Master Teaching Fellowship recipient as of the end of the current reporting period?

- Has not met teaching requirements but taught in a high-need school district during the current reporting period
- Has not met teaching requirements and did not teach in a high-need school district during the current reporting period
- Has met the teaching requirements
- Does not intend to meet the teaching requirements
- Does not intend to become a master teacher
- Other (Please specify):

If the recipient does not intend to meet the teaching requirements, what amount of the NSF Master Teaching Fellowship funding is the recipient required to repay?

\$

If the recipient does not intend to meet the teaching requirements, how much of the NSF Master Teaching Fellowship funding has the recipient repaid to date? (This should be the cumulative amount repaid through the end of the current reporting period.)

The following data items are collected only for NSF Master Teaching Fellowship recipients who taught in a highneed school district during the current reporting period (September 1, 2013-August 31, 2014) in fulfillment of the teaching requirements.

School name
