SUPPLEMENTARY INFORMATION: The Privacy Act Request for Completed Standard Form SF85/SF85P/SF86, INV 100A, is an information collection completed by individuals seeking access their most recently completed SF85, SF85P, or SF86 that was used to initiate a background investigation performed by the Office of Personnel Management (OPM), Federal Investigative Services (FIS). OPM FIS's Freedom of Information and Privacy Act (FOI/PA) office utilizes the optional form INV 100A to standardize the collection of data elements specific to Privacy Act record requests for previously completed standard forms only. Current Privacy Act record requests are submitted to FIS-FOI/PA in a format chosen by the requester. Often the requests are missing data elements which require contact with the requester, thereby adding processing time. Standardization of the data elements collected can assist with providing timely responses and FIS-FOI/PA being able to verify the identity of the requester thereby ensuring Privacy Act Protected records are not inappropriately released to third parties.

OPM proposes no changes to the form.
