Fishing Activity Survey

Welcome to the Fishing Activity Survey! Someone from your household recently completed a weather and recreational survey for NOAA that included questions about the outdoor and fishing activity of household members.

We'd like to ask a few additional questions about your household's saltwater fishing trips during July and August of 2016.

Your answers will help us better understand fishing activity in your area and improve the quality of marine and coastal resources in New Jersey. Your responses will be kept confidential and will only be used for research purposes.

If you do not complete this survey in one sitting, you can log in again and the survey will resume where you left off.

NEXT

Fishing Activity Survey

Someone from your household recently completed a weather and recreational survey for NOAA that included questions about the fishing activity of household members. Did you complete the survey, or did someone else from your household complete the survey?

- I completed the survey
- Someone else completed the survey
- Don't know

We would like to know a little more about the person who is filling out [this](#) survey.

How old are you?

Age in years

-- Select --

What is your gender?

- Male
- Female
