EXPORT CERTIFICATION

***Submission Requirements for Requesting Certificates for
Exporting Products to Foreign Countries (for CBER)***

Background

Firms exporting products from the U.S. are often asked by foreign customers or foreign governments to supply a certification relating to products subject to the Federal Food, Drug, and Cosmetic Act and other acts the Food and Drug Administration (FDA) administers. Under the FDA Export Reform and Enhancement Act of 1996 (the Act), FDA is authorized to issue certificates for drugs, animal drugs, and devices within 20 days of receipt of a request for such a certificate. A fee of up to \$175 may be charged for each certificate issued. In addition to issuing export certificates for approved or licensed products, the FDA will also issue export certificates for unapproved products that meet the requirements of Sections 801(e) or 802 of the Act.

General Instructions:

- The “**Certificate of a Pharmaceutical Product**” conforms to the format established by the World Health Organization (WHO) and is intended for use by the importing country when the product in question is under consideration for a product license that will authorize its importation and sale or for renewal, extension, amending or reviewing a license. WHO Certificate requests should include the information listed in **Supplementary Information – Certificate of a Pharmaceutical Product Requests** (*PDF, Text*). Please ensure that the Exporter’s Certification Statement is signed by a responsible official of the exporting firm and is enclosed with the certificate request. Enclose labels for each product.
- Please type certificate requests or print clearly.
- In most cases, one product will be listed per certificate. However, products that were approved under the same BLA/STN or NDA application may be listed on the same certificate based on the available space for a one page certificate. Certificate requests for listing multiple products will be evaluated on a case-by-case basis.
- If information is omitted in the application by the requester or if clarification is needed on the supplied information, the requester will be contacted via telephone, FAX, or email. If the requester does not provide the necessary information within 48 hours, the request for certificates will be returned and will need to be resubmitted for FDA review.

- Questions may be directed to the Import/Export Team at 240-402-9155 or by email at CBERBECATS@fda.hhs.gov.

- Request an Export Certificate using one of the following methods. To facilitate your certificate request, please apply for your application using <https://www.access.fda.gov/oa>. Create a new account and select the Biologics Export Certificate Application and Tracking System (BECATS). If you have any problems, then please contact us at HYPERLINK “mailto:CBERBECATS@fda.hhs.gov” (CBERBECATS@fda.hhs.gov). You may also send the request and supporting documents to:

Food and Drug Administration
Center for Biologics Evaluation and Research
Office of Compliance and Biologics Quality
Division of Case Management
10903 New Hampshire Ave.
Building 71, Room G112
Silver Spring, MD 20993-0002

- On October 1, 1996, CBER was given the authority to charge \$175 for the first two certificates and \$85 for any subsequent certificates issued for the same product(s) in response to the same certificate request. Please do not submit a check with your request, as FDA will bill you quarterly for issued certificates.
- Errors made by FDA during the preparation of export certificates will be corrected, at no cost to the applicant, within 45 days after issuance.
 - Errors made in the application, by the submitter, cannot be corrected. A new application must be submitted.
- You may enclose a completed air billing number and mailing supplies to expedite the return of Certificates.

Issuance of a “Certificate to Foreign Government”, “Certificate of Exportability” or “Certificate of a Pharmaceutical Product” will not preclude regulatory action by FDA, if warranted, against products covered by the Certificate.

A “Certificate to Foreign Government”, “Certificate of Exportability” or “Certificate of a Pharmaceutical Product” is issued by FDA solely for export purposes and may not be used for domestic advertising.

**INSTRUCTIONS FOR COMPLETION OF
APPLICATION FOR CERTIFICATES
(for CVM)**

1. The “**Certificate of a Pharmaceutical Product**” conforms to the format established by the World Health Organization (WHO) and is intended for use by the importing country when the product in question is under consideration for a product license that will authorize its importation and sale or for renewal, extension, amending or reviewing a license. WHO Certificate requests should include the information listed in **Supplementary Information – Certificate of a Pharmaceutical Product Requests**. Please ensure that the Exporter’s Certification Statement is signed by a responsible official of the exporting firm and is enclosed with the certificate request. Enclose labels for each product.
2. If the requested information on the application form is not provided by the exporting firm or if clarification is needed on the supplied information, the exporting firm will be contacted via telephone or FAX. If the exporting firm does not provide the necessary information within 48 hours, the request for certificates will be returned and will need to be resubmitted. You may enclose a completed UPS form and mailing supplies to expedite return of the Certificates. A certificate will be issued for each product.
3. Requests for certificates should be sent to:
Food and Drug Administration
Center for Veterinary Medicine
Division of Compliance (HFV-235)
7519 Standish Place
Rockville, MD 20855
(240-276-9227 or
CVMExportCertification@fda.hhs.gov – for inquiries)

4. Errors made by FDA during the preparation of export certificates will be corrected, at no cost to the applicant, within 45 days after issuance.
 - Errors made in the application, by the submitter, cannot be corrected. A new application must be submitted.
7. The fee for preparing and issuing a single certificate is \$175; 1st duplicate original \$155; and \$70 for each subsequent duplicate. Please do not include the fee payment with your requests; the exporting firm will be billed quarterly.

PLEASE NOTE: Making or submitting false statements on any documents submitted to FDA represents violations of the United States Code, Title 18, Chapter 47, Section 1001 with penalties including up to \$10,000 in fines and up to 5 years imprisonment.

Issuance of an Export Certificate for Approved Products or Certificate of Exportability will not preclude regulatory action by FDA, if warranted, against products covered by the Certificate. Certificates issued by the FDA are solely for export purposes and may not be used for domestic advertising.
