## General Comment

WHERE ARE THE FUNDS FROM AFRICAN COUNTRIES TO PAY FOR THIS RESEARCH  
african rssearchers shoudl be doing this work. this is an african disease that exists in africa. this  
extortion from americna taxpayers to do the work of africa is bankrupting american taxpaeys.  
if this agency does the work, then we need to immediately demand trillions of dollars from africa  
to pay for the cost of his research. show me the money. its time for those with the problem pay  
the bill. they dont just turn the bill over to americian taxpaeys to pay. this is outrageous. BUT  
THE LEACHES IN FOREIGN COUNTRIES NEVE RPAY UP FOR THEIR COSTS.

ITS TIME TO SHOW US THE MONEY. SEND THE DAMN BILL TO AFRICA OR CUT  
OUT THE RESEARCH. ITS ALSO TIME TO BAN ALL AFRICAN TRAVELERS FROM  
AFRICA WHERE  
EBOLS IS IN PROCESS. WE NEED BANS TO KEEP THOSE PEOPLE OUT OF AMERICA.  
IF THEY HAVE DISEASE, LET THEM STAY IN AFRICA. WE NEED TO PROTECT  
AMERICA.

THAT IS THE FIRST PRIORITY. WE NEED PRIORITIES. WHAT COUNTS IS SAVING  
THIS COUNTRY WITH OUR OWN TAX DOLLRS.THIS COMMENT IS FOR THE PUBIC  
RECORD.
