### Respondent Burden Statement

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to:

NIH  
 Project Clearance Branch

### Create In-Training Educational Program

"In Training Education Program" represents the complete educational experience for the trainee at your institution. Note this does NOT refer to the training grant to which the trainee is appointed. (The appointment data is tracked in xTrain and displayed in the IMPAC II training info box at the top righthand corner of this screen). Programs listed in the "In Training Education Program" are needed to populate NRSA Table 5 (Training Period) Table 6 (Years in program), and Table 12 (Start year).

Please list all the degrees, certificates, or training that the trainee will complete while supported by the training program. For example if the trainee is appointed to a PREDOC position enter the Doctoral Program education information here (FYI this is needed for Table 12). If the trainee is a POSTDOC enter the expected/actual information about the entire doctoral program.
