

iRIS Reference Number 334372

Project Number: P141548

11/10/2014

TO: Rebecca Ferrer
NCI - Division of Cancer Control and Population Sciences

FROM: Chairperson, Special Studies Institutional Review Board, NCI

SUBJECT: Action on Clinical Research Protocol Amendment

Your response to stipulations on your revised protocol, "Self-affirmation: Construct Validity," was reviewed by the National Cancer Institute Special Studies Institutional Review Board (NCI-SSIRB) by expedited review.

The SSIRB has taken the following action:

X	Approved as written. Forwarded to the CC OPS for administrative processing.
	Approved with stipulations pending re-review by SSIRB Chair. See review comments.
	Approved pending response to stipulations and re-review by a subcommittee of the Board. See review comments.
	Deferred pending response to stipulations and re-review by the full SSIRB. See review comments.
