

## **Attachment 2: Pilot Test Results of Quarterly Survey**

Several sections of the survey (see Attachment B2) were completed by four 2011 grantees of the Services Grant Program for Residential Treatment for Pregnant and Postpartum Women (PPW). The averaged time it took the all respondents of a grantee to complete the quarterly survey was about 18 hours; the average time it took the PD/PM to complete the quarterly survey was about 12 hours.
