# State of New Jersey Comments on Draft FFY 17 Annual Synar Report

# Department of Health Office of Tobacco Control, Nutrition and Fitness

The State of New Jersey, Department of Health, Office of Tobacco Control, Nutrition and Fitness (OTCNF), the agency responsible for Synar enforcement inspections, has reviewed the 2017 Synar report, acknowledges the question revisions and does not anticipate any complications in completing the report.

• The only comment pertains to Appendix C question 4. Describe the type of products that are requested during Synar inspections. It is noted that Electronic Cigarettes/ Electronic Nicotine Delivery Systems (ENDS) has been added to the list of tobacco products. OTCNF has interpreted that it will be our responsibility to develop protocol/parameters regarding the number or percentage of ENDS products that will be requested during the Synar inspections. The State of New Jersey already has a statute that prohibits the sale of ENDS and other tobacco products to anyone under 19 years old.

# Department of Human Services Division of Mental Health and Addiction Services

The Department of Human Services, Division of Mental Health and Addiction Services, the state agency overseeing the Synar requirements has the following comments.

 The following mailing address on page ii should be updated to the new SAMHSA mailing address on Fishers Lane.

Regular Mail: Overnight Mail:

1 Choke Cherry Road, Rm.7-1091 1 Choke Cherry Road, Rm.7-1091

Rockville, Maryland 20857 Rockville, Maryland 20850

- On page 7, hanging "f." should be deleted.
- Synar Survey Methods and Results question #6 a. Describe how and when was this change communicated to SAMHSA, applies if yes was the answer to the previous question. We suggest that the question begin with: "If Yes" (i.e. If Yes, describe how and when was this change communicated to SAMHSA.).
- Synar Survey Methods and Results question #8. We suggest that the word "Sampling" be added to questions 8a and 8b.
  - 8. Did the state's Synar survey use a list frame?

Yes No

If Yes, answer the following questions about its coverage.

a. The calendar year of the latest Sampling frame coverage study: \_\_\_\_\_\_

- b. Percent coverage from the latest Sampling frame coverage study: \_\_\_\_\_
- Synar Survey Methods and Results question #9 a. Describe how and when was this change communicated to SAMHSA, applies if yes was the answer to the previous question. We suggest that the question begin with: "If Yes" (i.e. If Yes, describe how and when was this change communicated to SAMHSA.).

OMB No. 0930-0222

Expiration Date: 05/31/2016

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0930-0222. Public reporting burden for this collection of information is estimated to average 18 hours per respondent, per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to SAMHSA Reports Clearance Officer, 1 Choke Cherry Road, Room 2-1057, Rockville, Maryland, 20857.

# INTRODUCTION

The Annual Synar Report (ASR) format provides the means for states to comply with the reporting provisions of the Public Health Service Act (42 U.S.C. 300x-26) and the Tobacco Regulation for the Substance Abuse Prevention and Treatment Block Grant (SABG) (45 C.F.R. 96.130 (e)).

# How the Synar report helps the Center for Substance Abuse Prevention

In accordance with the tobacco regulations, states are required to provide detailed information on progress made in enforcing youth tobacco access laws (FFY 2016 Compliance Progress) and future plans to ensure compliance with the Synar requirements to reduce youth tobacco access rates (FFY 2017 Intended Use Plan). These data are required by 42 U.S.C. 300x-26 and will be used by the Secretary to evaluate state compliance with the statute. Part of the mission of the Center for Substance Abuse Prevention (CSAP) is to assist states <sup>1</sup> by supporting Synar activities and providing technical assistance helpful in determining the type of enforcement measures and control strategies that are most effective. This information is helpful to CSAP in improving technical assistance resources and expertise on enforcement efforts and tobacco control program support activities, including state Synar program support services, through an enhanced technical assistance program involving conferences and workshops, development of training materials and guidance documents, and onsite technical assistance consultation.

# How the Synar report can help states

The information gathered for the Synar report can help states describe and analyze substate needs for program enhancements. These data can also be used to report to the state legislature and other state and local organizations on progress made to date in enforcing youth tobacco access laws when aggregated statistical data from state Synar reports can demonstrate to the Secretary the national progress in reducing youth tobacco access problems. This information will also provide Congress with a better understanding of state progress in implementing Synar, including state difficulties and successes in enforcing retailer compliance with youth tobacco access laws.

<sup>&</sup>lt;sup>1</sup>The term "state" is used to refer to all the states and territories required to comply with Synar as part of the Substance Abuse Prevention and Treatment Block Grant Program requirements (42 U.S.C. 300x-64 and 45 C.F.R. 96.121).

# Getting assistance in completing the Synar report

If you have questions about programmatic issues, you may call CSAP's Division of State Programs at (240) 276-2550 and ask for your respective State Project Officer, or contact your State Project Officer directly by telephone or email. If you have questions about fiscal or grants management issues, you may call the Grants Management Officer, Office of Financial Resources, Division of Grants Management, at (240) 276-1422.

### Where and when to submit the Synar report

The ASR must be received by SAMHSA no later than December 31, 2016 and must be submitted in the format specified by these instructions. Use of the approved format will avoid delays in the review and approval process. The chief executive officer (or an authorized designee) of the applicant organization must sign page one of the ASR certifying that the state has complied with all reporting requirements.

The state must upload one copy of the ASR using the online WebBGAS (Block Grant Application System). In addition, the following items must be uploaded to WebBGAS:

- FFY 2017 Synar Survey Results: States that use the Synar Survey Estimation System (SSES) must upload one copy of SSES Tables 1–5 (in Excel) to WebBGAS. States that do not use SSES must upload one copy of ASR Forms 1, 4, and 5, and Forms 2 and 3, if applicable, (in Excel), as well as a database with the raw inspection data to WebBGAS.
- Synar Inspection Form: States must upload one blank copy of the inspection form used to record the result of each Synar inspection.
- Synar Inspection Protocol: States must upload a copy of the protocol used to train
  inspection teams on conducting and reporting the results of the Synar inspections.
  This document should be different than the Appendix C attached to the Annual
  Synar Report
- A scanned copy of the signed Funding Agreements/Certifications

Each state SSA Director has been emailed a login ID and password to log onto the Synar section of the WebBGAS site.

Additionally, the state must submit one signed original of the report (including the signed Funding Agreements/Certifications), as well as one additional copy of the signed Funding Agreements/Certifications, to the Grants Management Officer at the address below:

Grants Management Officer
Division of Grants Management
Office of Financial Resources
Substance Abuse and Mental Health Services Administration

# FFY 2017: FUNDING AGREEMENTS/CERTIFICATIONS

The following form must be signed by the Chief Executive Officer or an authorized designee and submitted with this application. Documentation authorizing a designee must be attached to the application.

### PUBLIC HEALTH SERVICES ACT AND SYNAR AMENDMENT

42 U.S.C. 300x-26 requires each state to submit an annual report of its progress in meeting the requirements of the Synar Amendment and its implementing regulation (45 C.F.R. 96.130) to the Secretary of the Department of Health and Human Services. By signing below, the chief executive officer (or an authorized designee) of the applicant organization certifies that the state has complied with these reporting requirements and the certifications as set forth below.

### SYNAR SURVEY SAMPLING METHODOLOGY

The state certifies that the Synar survey sampling methodology on file with the Center for Substance Abuse Prevention and submitted with the Annual Synar Report for FFY 2017 is up-to-date and approved by the Center for Substance Abuse Prevention.

### SYNAR SURVEY INSPECTION PROTOCOL

The state certifies that the Synar Survey Inspection Protocol on file with the Center for Substance Abuse Prevention and submitted with the Annual Synar Report for FFY 2017 is up-to-date and approved by the Center for Substance Abuse Prevention.

# **SECTION I: FFY 2016 (Compliance Progress)**

# YOUTH ACCESS LAWS, ACTIVITIES, AND ENFORCEMENT

42 U.S.C. 300x-26 requires the states to report information regarding the sale/distribution of tobacco products to individuals under age 18.

| 1. | Please indicate any changes or additions to the state tobacco statute(s) relating to youth access since the last reporting year. If any changes were made to the state law(s) since the last reporting year, please attach a photocopy of the law to the hard copy of the ASR and also upload a copy of the state law to WebBGAS. (see 42 U.S.C. 300x-26). |   |  |  |
|----|--|---|--|--|
|    | a.   | Has there been a change in the minimum sale age for tobacco products?   |  |  |
|    |  | ☐ Yes ☐ No  |  |  |
|    |  | If Yes, current minimum age: 19 20 21   |  |  |
|    | b.   | Have there been any changes in state law that impact the state's protocol for conducting <i>Synar inspections?</i>  |  |  |
|    |  | ☐ Yes ☐ No  |  |  |
|    |  | If Yes, indicate change. (Check all that apply.)  Changed to require that law enforcement conduct inspections of tobacco outlets  Changed to make it illegal for youth to possess, purchase or receive tobacco  Changed to require ID to purchase tobacco  Changed definition of tobacco products  Other change(s) (Please describe.) |  |  |
|    | c.   | Have there been any changes in state law that impact the following?   |  |  |
|    |  | Licensing of tobacco vendors Yes No   |  |  |
|    |  | Penalties for sales to minors   |  |  |
|    |  | Added additional product Categories to youth access law  Yes No   |  |  |
| 2. | 42 U.S.C   | the how the Annual Synar Report (see 45 C.F.R. $96.130(e)$ ) and the state Plan (see C. $300x-51$ ) were made public within the state prior to submission of the ASR. all that apply.)  |  |  |
|    |  | Placed on file for public review  |  |  |
|    | wh   | Posted on a state agency Web site ( <i>Please provide exact Web address and the date en the FFY 2016 ASR was posted to this Web address.</i> )  |  |  |
|    |  | Web address:  |  |  |
|    | _  | Date published:   |  |  |
|    |  | Notice published in a newspaper or newsletter   |  |  |

☐ Public hearing

|         | ☐ Announced in a news release, a press conference, or discussed in a media interview ☐ Distributed for review as part of the SABG application process  |
|---------|--|
|         | Distributed through the public library system  |
|         | Published in an annual register  |
|         | Other (Please describe.)   |
| 3. Idei | ntify the following agency or agencies (see 42 U.S.C. 300x-26 and 45 C.F.R. 96.130).   |
|         | a. The state agency (ies) designated by the Governor for oversight of the Synar requirements:  |
|         | Has this changed since last year's Annual Synar Report?  |
|         | ☐ Yes ☐ No   |
|         | b. The state agency(ies) responsible for conducting random, unannounced Synar inspections:   |
|         | Has this changed since last year's Annual Synar Report?  |
|         | ☐ Yes ☐ No   |
|         | c. The state agency(ies) responsible for enforcing youth tobacco access law(s):  |
|         | Has this changed since last year's Annual Synar Report?  |
|         | ☐ Yes ☐ No   |
|         | ntify the following agencies and describe their relationship with the agency consible for the oversight of the Synar requirements.   |
|         | a. Identify the state agency responsible for tobacco prevention activities (the agency that receives the Centers for Disease Control and Prevention's Nationa Tobacco Control Program funding).                              |
|         | b. Has the responsible agency changed since last year's Annual Synar Report?  Yes No   |
|         | c. Describe the coordination and collaboration that occur between the agency responsible for tobacco prevention and the agency responsible for oversight of the Synar requirements. (Check all that apply.) The two agencies |
|         | ☐ Are the same   |
|         | Have a formal written memorandum of agreement  |
|         | ☐ Have an informal partnership   |

|    | Combine resources   |
|----|---|
|    | Have other collaborative arrangement(s) (Please describe.)  |
|    | ☐ No relationship   |
| d. | Does a state agency contract with the Food and Drug Administration's Center for Tobacco Products (FDA/CTP) to enforce the youth access and advertising restrictions in the Family Smoking Prevention and Tobacco Control Act?  Yes No (if no, go to Question 5)   |
| e. | If yes, identify the state agency responsible for enforcing the youth access and advertising restrictions in the Family Smoking Prevention and Tobacco Control Act (the agency that is under contract to the Food and Drug Administration's Center for Tobacco Products (FDA/CTP)).   |
| f. | Has the responsible agency changed since last year's Annual Synar Report?  ☐ Yes ☐ No   |
|    | Describe the coordination and collaboration that occur between the agency   |
| g. | contracted with the FDA to enforce federal youth tobacco access laws and the agency responsible for oversight of the Synar requirements. (Check all that apply.) The two agencies:  |
| g. | contracted with the FDA to enforce federal youth tobacco access laws and the agency responsible for oversight of the Synar requirements. (Check all that  |

# SYNAR SURVEY METHODS AND RESULTS

The following questions pertain to the survey methodology and results of the Synar survey used by the state to meet the requirements of the Synar Regulation in FFY 2015 (see 42 U.S.C. 300x-26 and 45 C.F.R. 96.130).

| 6. | Has the            | sampling methodology changed from the previous year?   |
|----|--------------------|--|
|    | ☐ Yes              | □ No   |
|    | methodo<br>Methodo | e is required to have an approved up-to-date description of the Synar sampling blogy on file with CSAP. Please submit a copy of your Synar Survey Sampling blogy (Appendix B). If the sampling methodology changed from the previous g year, these changes must be reflected in the methodology submitted. |
|    | a. Desc            | cribe how and when was this change was communicated to SAMHSA  |
|    |                    |  |
| 7. |                    | nswer the following questions regarding the state's annual random, need inspections of tobacco outlets (see 45 C.F.R. $96.130(d)(2)$ ).  |
|    | a.                 | Did the state use the optional Synar Survey Estimation System (SSES) to analyze the Synar survey data?   |
|    |                    | ☐ Yes ☐ No   |
|    |                    | If <b>Yes</b> , attach SSES summary tables 1, 2, 3, and 4 to the hard copy of the ASR and upload a copy of SSES tables 1–5 (in Excel) to WebBGAS. Then go to Question 8. If <b>No</b> , continue to Question 7b.   |
|    | <b>b.</b>          | Report the weighted and unweighted Retailer Violation Rate (RVR) estimates, the standard error, accuracy rate (number of eligible outlets divided by the total number of sampled outlets), and completion rate (number of eligible outlets inspected divided by the total number of eligible outlets).     |
|    |                    | Unweighted RVR   |
|    |                    | Weighted RVR   |
|    |                    | Standard error (s.e.) of the (weighted) RVR  |
|    |                    | Fill in the blanks to calculate the <u>right limit</u> of the right-sided 95% confidence interval.   |
|    |                    | $ \begin{array}{cccccccccccccccccccccccccccccccccccc$  |
|    |                    | Accuracy rate  |
|    |                    | Completion rate  |

| c. | Fill out Form 1 in Appendix A (Forms 1–5). (Required regardless design.)  | s of the sample |  |  |  |
|----|---|-----------------|--|--|--|
| d. | How were the (weighted) RVR estimate and its standard error of (Check the one that applies.)  | obtained?       |  |  |  |
|    | ☐ Form 2 (Optional) in Appendix A (Forms 1–5) (Attach completed ☐ Other (Please specify. Provide formulas and calculations or attached the program code and output with description of all variable nations.) | ch and explain  |  |  |  |
| e. | If stratification was used, did any strata in the sample contain or cluster this year?  | nly one outlet  |  |  |  |
|    | ☐ Yes ☐ No ☐ No stratification  |                 |  |  |  |
|    | If Yes, explain how this situation was dealt with in variance estimate  | ion.            |  |  |  |
| f. | Was a cluster sample design used?   |                 |  |  |  |
|    | ☐ Yes ☐ No  |                 |  |  |  |
|    | If <b>Yes</b> , fill out and attach Form 3 in Appendix A (Forms 1–5), and a following question.   | nswer the       |  |  |  |
|    | If No, go to Question 7g.   |                 |  |  |  |

|    | ☐ Yes ☐ No  |                 |  |  |  |
|    | If Yes, explain how the certainty clusters were dealt with in variance estimation.  |                 |  |  |  |
|    |   |                 |  |  |  |
| g. | Report the following outlet sample sizes for the Synar survey.  |                 |  |  |  |
|    |   | Sample Size     |  |  |  |
| Ш  | Effective sample size (sample size needed to meet the SAMHSA precision requirement assuming simple random sampling)   |                 |  |  |  |
|    | Target sample size (the product of the effective sample size and the design effect)   |                 |  |  |  |
|    | <b>Original sample size</b> (inflated sample size of the target sample to counter the sample attrition due to ineligibility and noncompletion)  |                 |  |  |  |
| ]  | Eligible sample size (number of outlets found to be eligible in the sample)   |                 |  |  |  |
|    | Final sample size (number of eligible outlets in the sample for which an nspection was completed)   |                 |  |  |  |

h. Fill out Form 4 in Appendix A (Forms 1–5).

| 8.   | Did the   | state's Synar survey use a list frame?   |  |  |  |  |  |
|--|-----------|--|--|--|--|--|--|
|  | ☐ Yes     | □ No   |  |  |  |  |  |
|  | If Yes, a | nswer the following questions about its coverage.  |  |  |  |  |  |
|  | a.        | The calendar year of the latest frame coverage study:  |  |  |  |  |  |
|  | b.        | Percent coverage from the latest frame coverage study:   |  |  |  |  |  |
|  | c.        | Was a new study conducted in this reporting period?  |  |  |  |  |  |
|  |           | □Yes □ No  |  |  |  |  |  |
|  |           | If <b>Yes</b> , please complete Appendix D (List Sampling Frame Coverage Study) and submit it with the Annual Synar Report.                  |  |  |  |  |  |
|  | d.        | The calendar year of the next coverage study planned:  |  |  |  |  |  |
| 9.   | Has the   | Synar survey inspection protocol changed from the previous year?   |  |  |  |  |  |
|  | Yes Yes   | □ No   |  |  |  |  |  |
| The state is required to have an approved up-to-date description of the Synar inspection protocol on file with CSAP. Please submit a copy of your Synar Survey Inspection Protocol (Appendix C). If the inspection protocol changed from the previous year, these changes be reflected in the protocol submitted.  a. Describe how and when-was this change was communicated to SAMHSA |           |  |  |  |  |  |  |
|  |           |  |  |  |  |  |  |
|  | b.        | Provide the inspection period: From to<br>MM/DD/YY MM/DD/YY  |  |  |  |  |  |
| c. Provide the number of youth inspectors used in the current inspection year:   |           |  |  |  |  |  |  |
|  |           | NOTE: If the state uses SSES, please ensure that the number reported in 9b matches that reported in SSES Table 4, or explain any difference. |  |  |  |  |  |
|  |           |  |  |  |  |  |  |
|  | d.        | Fill out and attach Form 5 in Appendix A (Forms 1–5). (Not required if the state used SSES to analyze the Synar survey data.)                |  |  |  |  |  |

# **SECTION II: FFY 2017 (Intended Use):**

Public law 42 U.S.C. 300x-26 of the Public Health Service Act and 45 C.F.R. 96.130 (e) (4, 5) require that the states provide information on future plans to ensure compliance with the Synar requirements to reduce youth tobacco access.

| 1. | In the upcoming year, does the state anticipate any changes in:   |
|----|---|
|    | Synar sampling methodology Yes No   |
|    | Synar inspection protocol Yes No  |
|    | If changes are made in either the Synar sampling methodology or the Synar inspection protocol, the state is required to obtain approval from CSAP prior to implementation of the change and file an updated Synar Survey Sampling Methodology (Appendix B) or an updated Synar Survey Inspection Protocol (Appendix C), as appropriate.   |
| 2. | Please describe the state's plans to maintain and/or reduce the target rate for Synar inspections to be completed in FFY 2017. Include a brief description of plans for law enforcement efforts to enforce youth tobacco access laws, activities that support law enforcement efforts to enforce youth tobacco access laws, and any anticipated changes in youth tobacco access legislation or regulation in the state. |
|    |   |
| 3. | Describe any challenges the state faces in complying with the Synar regulation. (Check all that apply and describe each challenge in the text box below it.)  |
|    | Limited resources for law enforcement of youth access laws  |
|    |   |
|    | Limited resources for activities to support enforcement and compliance with youth tobacco access laws   |
|    |   |
|    | Limitations in the state youth tobacco access laws  |
|    |   |
|    | Limited public support for enforcement of youth tobacco access laws   |
|    |   |
|    | Limitations on completeness/accuracy of list of tobacco outlets   |
|    |   |
|    | Limited expertise in survey methodology   |
|    |   |

|     | Laws/regulations limiting the use of minors in tobacco inspections                      |  |  |  |  |
|-----|---|--|--|--|--|
|     |   |  |  |  |  |
|     | Difficulties recruiting youth inspectors  |  |  |  |  |
|     |   |  |  |  |  |
| and | Issues regarding the balance of inspections conducted by youth inspectors age 15 lunder |  |  |  |  |
|     |   |  |  |  |  |
| ins | Issues regarding the balance of inspections conducted by one gender of youth pectors    |  |  |  |  |
|     |   |  |  |  |  |
|     | Geographic, demographic, and logistical considerations in conducting inspections        |  |  |  |  |
|     |   |  |  |  |  |
|     | Cultural factors (e.g., language barriers, young people purchasing for their elders)    |  |  |  |  |
|     |   |  |  |  |  |
|     | Issues regarding sources of tobacco under tribal jurisdiction                           |  |  |  |  |
|     |   |  |  |  |  |
|     | Other challenges (Please list.)   |  |  |  |  |
|     |   |  |  |  |  |

### APPENDIX A: FORMS 1–5

# FORM 1 (Required for all states not using the Synar Survey Estimation System (SSES) to analyze the Synar Survey data)

Complete Form 1 to report sampling frame and sample information and to calculate the unweighted retailer violation rate (RVR) using results from the current year's Synar survey inspections.

**Instructions for Completing Form 1:** In the top right-hand corner of the form, provide the state name and reporting federal fiscal year (FFY 2017). Provide the remaining information by stratum if stratification was used. Make copies of the form if additional rows are needed to list all the strata.

- Column 1: If stratification was used:
  - 1(a) Sequentially number each row.
  - 1(b) Write in the name of each stratum. All strata in the state must be listed.

If no stratification was used:

- 1(a) Leave blank.
- 1(b) Write "state" in the first row (indicates that the whole state is a single stratum).

Note for unstratified samples: For Columns 2–5, wherever the instruction refers to "each stratum," report the specified information for the state as a whole.

- Column 2: 2(a) Report the number of over-the-counter (OTC) outlets in the sampling frame in each stratum.
  - 2(b) Report the number of vending machine (VM) outlets in the sampling frame in each stratum.
  - 2(c) Report the combined total of OTC and VM outlets in the sampling frame in each stratum.
- Column 3: 3(a) Report the estimated number of eligible OTC outlets in the OTC outlet population in each stratum.
  - 3(b) Report the estimated number of eligible VM outlets in the VM outlet population in each stratum.
  - 3(c) Report the combined total estimated number of eligible OTC and VM outlets in the total outlet population in each stratum.

The estimates for Column 3 can be obtained from the Synar survey sample as the weighted sum of eligible outlets by outlet type.

- Column 4: 4(a) Report the number of eligible OTC outlets for which an inspection was completed, for each stratum.
  - 4(b) Report the numbers of eligible VM outlets for which an inspection was completed, for each stratum.
  - 4(c) Report the combined total of eligible OTC and VM outlets for which an inspection was completed, for each stratum.
- Column 5: 5(a) Report the number of OTC outlets found in violation of the law as a result of completed inspections, for each stratum.
  - 5(b) Report the number of VM outlets found in violation of the law as a result of completed inspections, for each stratum.
  - 5(c) Report the combined total of OTC and VM outlets found in violation of the law as a result of completed inspections, for each stratum.
- Totals: For each subcolumn (a–c) in Columns 2–5, provide totals for the state as a whole in the last row of the table. These numbers will be the sum of the numbers in each row for the respective column.

FORM 1 (Required for all states not using the Synar Survey Estimation System [SSES] to analyze the Synar Survey data.)

|             |                        |                                      |                                       |                                    |  |                                    |                                    |                                      |  |                                    |                                      |                                    |                                    |
|             |                        |                                      |                                       |                                    |  |                                    |                                    |                                      |  |                                    |                                      |                                    |                                    |
|             |                        |                                      |                                       |                                    |  |                                    |                                    |                                      |  |                                    |                                      |                                    |                                    |
|             |                        |                                      |                                       |                                    |  |                                    |                                    |                                      |  |                                    |                                      |                                    |                                    |

RECORD COLUMN TOTALS ON LAST LINE (LAST PAGE ONLY IF MULTIPLE PAGES ARE NEEDED).

#### FORM 2 (Optional)

### Appropriate for stratified simple or systematic random sampling designs.

Complete Form 2 to calculate the weighted RVR. This table (in Excel form) is designed to calculate the weighted RVR for stratified simple or systematic random sampling designs, accounting for ineligible outlets and noncomplete inspections encountered during the annual Synar survey.

**Instructions for Completing Form 2:** In the top right-hand corner of the form, provide the state name and reporting federal fiscal year (FFY 2017).

- Column 1: Write in the name of each stratum into which the sample was divided. These should match the strata reported in Column 1(b) of Form 1.
- Column 2: Report the number of outlets in the sampling frame in each stratum. These numbers should match the numbers reported for the respective strata in Column 2(c) of Form 1.
- Column 3: Report the original sample size (the number of outlets originally selected, *including* substitutes or replacements) for each stratum.
- Column 4: Report the number of sample outlets in each stratum that were found to be eligible during the inspections. Note that this number must be less than or equal to the number reported in Column 3 for the respective strata.
- Column 5: Report the number of eligible outlets in each stratum for which an inspection was completed. Note that this number must be less than or equal to the number reported in Column 4. These numbers should match the numbers reported in Column 4(c) of Form 1 for the respective strata.
- Column 6: Report the number of eligible outlets inspected in each stratum that were found in violation. These numbers should match the numbers reported in Column 5(c) of Form 1 for the stratum.
- Column 7: Form 2 (in Excel form) will automatically calculate the stratum RVR for each stratum in this column. This is calculated by dividing the number of inspected eligible outlets found in violation (Column 6) by the number of inspected eligible outlets (Column 5). The state unweighted RVR will be shown in the Total row of Column 7.
- Column 8: Form 2 (in Excel form) will automatically calculate the estimated number of eligible outlets in the population for each stratum. This calculation is made by multiplying the number of outlets in the sampling frame (Column 2) times the number of eligible outlets (Column 4) divided by the original sample size (Column 3). Note that these numbers will be less than or equal to the numbers in Column 2.
- Column 9: Form 2 (in Excel form) will automatically calculate the relative stratum weight by dividing the estimated number of eligible outlets in the population for each stratum in Column 8 by the Total of the values in Column 8.
- Column 10: Form 2 (in Excel form) will automatically calculate each stratum's contribution to the state weighted RVR by multiplying the stratum RVR (Column 7) by the relative stratum weight (Column 9). The weighted RVR for the state will be shown in the Total row of Column 10.
- Column 11: Form 2 (in Excel form) automatically calculates the standard error of each stratum's RVR (Column 7). The standard error for the state weighted RVR will be shown in the Total row of Column 11.
- TOTAL: For Columns 2–6, Form 2 (in Excel form) provides totals for the state as a whole in the last row of the table. For Columns 7–11, it calculates the respective statistic for the state as a whole.

FORM 2 (Optional) Appropriate for stratified simple or systematic random sampling designs.

#### **Calculation of Weighted Retailer Violation Rate State: FFY:** 2017 (4) (8) (10)(2) N'=N(n1/n)n1 (7) (9) pw p=x/n2N Number of (5) (6) Estimated w=N'/Total Stratum (11)Number of Sample n2 Stratum Number of Column 8 Contribution (3) s.e. (1) Outlets Outlets Number of Number of Retailer Eligible Relative to State Standard Violation Outlets in Error of Stratum in Sampling Original Found Outlets Outlets Found Stratum Weighted RVR Name Frame Sample Size Eligible Inspected in Violation Rate Population Weight Stratum RVR **Total**

N - number of outlets in sampling frame

n - original sample size (number of outlets in the original sample)

 $n1\,$  - number of sample outlets that were found to be eligible

n2 - number of eligible outlets that were inspected

x - number of inspected outlets that were found in violation

p - stratum retailer violation rate (p=x/n2)

N' - estimated number of eligible outlets in population (N'=N\*n1/n)

w - relative stratum weight (w=N'/Total Column 8)

 $pw\,$  -  $\,$  stratum contribution to the weighted RVR

s.e. - standard error of the stratum RVR

# FORM 3 (Required when a cluster design is used for all states not using the Synar Survey Estimation System [SSES] to analyze the Synar survey data.)

Complete Form 3 to report information about primary sampling units when a cluster design was used for the Synar survey.

**Instructions for Completing Form 3:** In the top right-hand corner of the form, provide the state name and reporting federal fiscal year (FFY 2017).

Provide information by stratum if stratification was used. Make copies of the form if additional rows are needed to list all the strata.

Column 1: Sequentially number each row.

Column 2: If stratification was used: Write in the name of stratum. All strata in the state must be

listed.

If no stratification was used: Write "state" in the first row to indicate that the whole state

constitutes a single stratum.

Column 3: Report the number of primary sampling units (PSUs) (i.e., first-stage clusters) created for

each stratum.

Column 4: Report the number of PSUs selected in the original sample for each stratum.

Column 5: Report the number of PSUs in the final sample for each stratum.

TOTALS: For Columns 3–5, provide totals for the state as a whole in the last row of the table.

| Summary of Clusters Created and Sampled |                     |                                  |                                   |   |  |  |  |  |

# FORM 4 (Required for all states not using the Synar Survey Estimation System [SSES] to analyze the Synar Survey data)

Complete Form 4 to provide detailed tallies of ineligible sample outlets by reasons for ineligibility and detailed tallies of eligible sample outlets with noncomplete inspections by reasons for noncompletion.

**Instructions for Completing Form 4:** In the top right-hand corner of the form, provide the state name and reporting federal fiscal year (FFY 2017).

Column 1(a): Enter the number of sample outlets found ineligible for inspection by reason for ineligibility. Provide the total number of ineligible outlets in the row marked "Total."

Column 2(a): Enter the number of eligible sample outlets with noncomplete inspections by reason for noncompletion. Provide the total number of eligible outlets with noncomplete inspections in the row marked "Total."

# FORM 5 (Required for all states not using the Synar Survey Estimation System [SSES] to analyze the Synar survey data)

Complete Form 5 to show the distribution of outlet inspection results by age and gender of the youth inspectors.

**Instructions for Completing Form 5:** In the top right-hand corner of the form, provide the state name and reporting federal fiscal year (FFY 2017).

Column 1: Enter the number of attempted buys by youth inspector age and gender.

Column 2: Enter the number of successful buys by youth inspector age and gender.

If the inspectors are age eligible but the gender of the inspector is unknown, include those inspections in the "Other" row. Calculate subtotals for males and females in rows marked "Male Subtotal" and "Female Subtotal." Sum subtotals for Male, Female, and Other and record in the bottom row marked "Total." Verify that that the total of attempted buys and successful buys equals the total for Column 4(c) and Column 5(c), respectively, on Form 1. If the totals do not match, please explain any discrepancies.

# **APPENDIXES B & C: FORMS**

# <u>Instructions</u>

Appendix B (Sampling Design) and Appendix C (Inspection Protocol) are to reflect the state's CSAP-approved sampling design and inspection protocol. These appendixes, therefore, should generally describe the design and protocol and, with the exception of Question #10 of Appendix B, are not to be modified with year-specific information. Please note that any changes to either appendix must receive CSAP's advance, written approval. To facilitate the state's completion of this section, simply cut and paste the previously approved sampling design (Appendix B) and inspection protocol (Appendix C).

|   |  |   |  |                           |  |  |  |  |  |
| 3.  | If an area frame   | e is used,  | describe how area sampling units ar            | e defined and formed.     |  |  |  |  |  |
|   |  |   |  |                           |  |  |  |  |  |
|   | a. Is any  | area left   | out in the formation of the area fram          | e?                        |  |  |  |  |  |
|   | ☐ Yes  | No No   |  |                           |  |  |  |  |  |
|   | If <b>Yes</b> , what percentage of the state's population is not covered by the area frame?%   |   |  |                           |  |  |  |  |  |
| 4. Federal regulation requires that vending machines be inspected as part of the S survey. Are vending machines included in the Synar survey? |  |   |  |                           |  |  |  |  |  |
|   | ☐ Yes ☐ No   |   |  |                           |  |  |  |  |  |
|   | If <b>No</b> , please ind all that apply.  | licate the  | reason(s) they are not included in the S       | ynar survey. Please check |  |  |  |  |  |
|   | State la   | w bans v  | ending machines.                               |                           |  |  |  |  |  |
|   | State la   | ☐ State law bans vending machines from locations accessible to youth. |  |                           |  |  |  |  |  |

|    | requirements of the Family Smoking Prevention and Tobacco Control Act.  |
|----|---|
|    | Other (Please describe.)  |
|    | If Yes, please indicate how likely it is that vending machines will be sampled.   |
|    | ☐ Vending machines are sampled separately to ensure vending machines are included in the sample   |
|    | <ul> <li>☐ Vending machines are sampled together with over the counter outlets, so it is possible that no vending machines were sampled, however they are included in the sampling frame and have a non-zero probability of selection</li> <li>☐ Other reasons (<i>Please describe</i>.)</li> </ul> |
| 5. | Which category below best describes the sample design? (Check only one.)  |
|    | Census (STOP HERE: Appendix B is complete.)   |
|    | Unstratified statewide sample:  |
|    | Simple random sample (Go to Question 9.)  |
|    | Systematic random sample (Go to Question 6.)  |
|    | Single-stage cluster sample (Go to Question 8.)   |
|    | ☐ Multistage cluster sample (Go to Question 8.)   |
|    | Stratified sample:  |
|    | Simple random sample (Go to Question 7.)  |
|    | Systematic random sample (Go to Question 6.)  |
|    | Single-stage cluster sample (Go to Question 7.)   |
|    | ☐ Multistage cluster sample (Go to Question 7.)   |
|    | Other (Please describe and go to Question 9.)   |
| 6. | <b>Describe the systematic sampling methods.</b> (After completing Question 6, go to Question 7 if stratification is used. Otherwise go to Question 9.)   |
|    |   |
| 7. | Provide the following information about stratification.   |
|    | a. Provide a full description of the strata that are created.   |
|    |   |
|    | b. Is clustering used within the stratified sample?   |
|    | Yes (Go to Question 8.)   |
|    | No (Go to Question 9.)  |
|    | (Oo to Question 2.)   |

| 8.  | Provid   | e the following information about clustering.   |
|-----|----------|---|
|     | a        | Provide a full description of how clusters are formed. (If multistage clusters are used, give definitions of clusters at each stage.)   |
|     |          |   |
|     | b        | . Specify the sampling method (simple random, systematic, or probability proportional to size sampling) for each stage of sampling and describe how the method(s) is (are) implemented. |
|     |          |   |
|     |          |   |
| 9.  | Provid   | e the following information about determining the Synar Sample.   |
|     | a        | Was the Synar Survey Estimation System (SSES) used to calculate the sample  |
|     |          | size?  Nes (Respond to part b.)   |
|     |          | No (Respond to part c and Question 10c.)  |
|     | _        |   |
|     | b        | SSES Sample Size Calculator used?  State Level (Respond to Question 10a.)   |
|     |          | Stratum Level (Respond to Question 10a and 10b.)  |
|     | c        | Provide the formulas for determining the effective, target, and original outlet sample sizes.   |
|     |          |   |
|     |          |   |
| 10. | . Provid | le the following information about sample size calculations for the current FFY   |
|     | Synar    | survey.   |
|     | a        | If the state uses the sample size formulas embedded in the SSES Sample Size Calculator to calculate the state level sample size, please provide the following information:              |
|     |          | Inputs for Effective Sample Size: RVR:  |
|     |          | Frame Size:   |
|     |          | Input for Target Sample Size: Design Effect:  |
|     |          | Inputs for Original Sample Size:  |
|     |          | Safety Margin:  |
|     |          | Accuracy (Eligibility) Rate:  |
|     |          | Completion Rate:  |

| b.                         | If the state uses the sample size formulas embedded in the SSES Sample Size |  |
|----------------------------|---|--|
|                            | Calculator to calculate the stratum level sample sizes, please provide the  |  |
| stratum level information: |   |  |
|                            |   |  |

c. If the state does not use the sample size formulas embedded in the SSES Sample Size Calculator, please provide all inputs required to calculate the effective, target, and original sample sizes as indicated in Question 9.

# APPENDIX C: SYNAR SURVEY INSPECTION PROTOCOL SUMMARY

| <b>State: FFY:</b> 2017 |   |                       |  |  |  |  |  |  |
|-------------------------|---|-----------------------|--|--|--|--|--|--|
|                         | FFY   | : 2017                |  |  |  |  |  |  |
| Inspection              | Note: Upload to WebBGAS a copy of the Synar inspection form under the heading "Synar Inspection Form" and a copy of the protocol used to train inspection teams on conducting and reporting the results of the Synar inspections under the heading "Synar Inspection Protocol." |                       |  |  |  |  |  |  |
| 1. How d                | 1. How does the state Synar survey protocol address the following?  |                       |  |  |  |  |  |  |
| a                       | . Consummated buy attempts?   |                       |  |  |  |  |  |  |
|                         | Required  |                       |  |  |  |  |  |  |
|                         | Permitted under specified circumstances (Describe:  | )                     |  |  |  |  |  |  |
|                         | ☐ Not permitted   |                       |  |  |  |  |  |  |
| b                       | . Youth inspectors to carry ID?   |                       |  |  |  |  |  |  |
|                         | Required  |                       |  |  |  |  |  |  |
|                         | Permitted under specified circumstances (Describe:  | )                     |  |  |  |  |  |  |
|                         | ☐ Not permitted   |                       |  |  |  |  |  |  |
| c                       | . Adult inspectors to enter the outlet?   |                       |  |  |  |  |  |  |
|                         | Required  |                       |  |  |  |  |  |  |
|                         | Permitted under specified circumstances (Describe:  | )                     |  |  |  |  |  |  |
|                         | ☐ Not permitted   |                       |  |  |  |  |  |  |
| d                       | . Youth inspectors to be compensated?   |                       |  |  |  |  |  |  |
|                         | Required  |                       |  |  |  |  |  |  |
|                         | Permitted under specified circumstances (Describe:  | )                     |  |  |  |  |  |  |
|                         | ☐ Not permitted   |                       |  |  |  |  |  |  |
|                         | by the agency(ies) or entity(ies) that actually conduct the inspections of tobacco outlets. (Check all that apply.)   | e random, unannounced |  |  |  |  |  |  |
|                         | Law enforcement agency(ies)   |                       |  |  |  |  |  |  |
|                         | State or local government agency(ies) other than law en   | forcement             |  |  |  |  |  |  |
|                         | Private contractor(s)   |                       |  |  |  |  |  |  |
|                         | Other   |                       |  |  |  |  |  |  |
| L                       | ist the agency name(s):   |                       |  |  |  |  |  |  |

| 3.  | represei  | ar inspections combined with law enforcement efforts (i.e., do law enforcement itatives issue warnings or citations to retailers found in violation of the law at of the inspection?)? |
|-----|-----------|--|
|     |           | Always Usually Sometimes Rarely Never  |
| 4.  | Describe  | e the type of tobacco products that are requested during Synar inspections.  |
|     | a.        | What type of tobacco products are requested during the inspection?   |
|     |           | ☐ Cigarettes ☐ Small Cigars ☐ Cigarillos ☐ Smokeless Tobacco ☐ Electronic Cigarettes/Electronic Nicotine Delivery Systems (ENDS) ☐ Other   |
|     | <b>b.</b> | Describe the protocol for identifying what types of products and what brands of products are requested during an inspection.   |
|     |           |  |
| 5a. | Describe  | e the methods used to recruit, select, and train adult supervisors.  |
|     |           |  |
| 5b. | Describ   | e the methods used to recruit, select, and train youth inspectors.   |
|     |           |  |
| 6.  |           | re specific legal or procedural requirements instituted by the state to address e of youth inspectors' immunity when conducting inspections?   |
|     | a.        | Legal  |
|     |           | ☐ Yes ☐ No   |
|     |           | (If <b>Yes</b> , please describe.)   |
|     |           |  |
|     | b.        | Procedural   |
|     |           | ☐ Yes ☐ No   |
|     |           | (If <b>Yes</b> , please describe.)   |
|     |           |  |
| _   | A 41      |  |

7. Are there specific legal or procedural requirements instituted by the state to address the issue of the safety of youth inspectors during all aspects of the Synar inspection process?

a. Legal

|      |    | ∐ Yes ☐ No  |
|------|----|---|
|      |    | (If <b>Yes</b> , please describe.)  |
|      |    |   |
|      |    |   |
|      | b. | Procedural  |
|      |    | ☐ Yes ☐ No  |
|      |    | (If Yes, please describe.)  |
|      |    |   |
|      |    |   |
|      |    | re any other legal or procedural requirements the state has regarding how   |
|      |    | ons are to be conducted (e.g., age of youth inspector, time of inspections, |
| tran |    | that must occur)?   |
|      | a. | Legal   |
|      |    | ☐ Yes ☐ No  |

February 19, 2016

Ms. Summer King, SAMHSA CC Coordinator SAMHSA Reports Clearance Office Room 2-1057 1 Choke Cherry Road Rockville, MD 20857

Dear Ms. King:

Thank you for the opportunity to provide comment regarding the updated Synar Report questions and format. Washington State's comments are below.

# **Comments on Revision:**

## **Content Changes**

Questions 6 and 9: It is unclear what is expected to be submitted in the sub-question.

### Annual Reporting Burden Table

Hours per response: It is unclear if this number represents time spent completed the Annual Report only, or if it accounts for time spent on the preparation and execution of the Coverage Survey as well as completion of the Annual Report. Please see section (b) below for discussion on the burden of hours to complete Washington State's Synar Annual Report.

## **Comments requested:**

a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility.

Documentation of compliance rates to track changes over time is useful.

b) The accuracy of the agency's estimate of the burden of the proposed collection of information.

Three agencies contributed to the Washington State Synar Annual Report: Department of Health, Liquor and Cannabis Board, and Department of Social and Health Services, Division of Behavioral Health and Recovery

As shown below, the burden of time between these two agencies (was unable to gather estimated burden of time from the Liquor and Cannabis Board) was much higher than reported in the Annual Reporting Burden found in the Comment Request. Below is an estimate of burden by activity:

- Coverage Study 170 hours (including preparation and survey of 18 census tracts (525 store fronts) surveyed by 2-3 person teams)
- Annual Report 65 hours
- Data Preparation and Tracking 140 hours
- Total = approximately 375 hours
- c) Ways to enhance the quality, utility, and clarity of the information to be collected. The report form formatting was difficult to use.
- d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Burden of collection time could be decreased if a report form was made more user friendly. Additionally, it would be helpful if documents could be deleted from WebBGAS system prior to submission (for example if a wrong version is loaded it could be taken down prior to submission).

Sincerely,

Sarah Mariani

Behavioral Health Administrator

# District of Columbia - Department of Behavioral Health Substance Use Disorder Services Synar Report Comments

# **Clarification Changes**

- Question 1 and its subsections are on point based on discussion held in focus groups and will enable the District to address the sales of electronic tobacco products (i.e., e-cigarettes).
- The change under Section II: Question 3 will enable the District to explain the specific challenges (if any) that are faced with implementation of Synar and to request technical assistance to address these challenges in the future.

# **Content Changes**

• Question 4 "Vending Machine" Inclusion – Agree with the content change which allows states to explain why vending machines were not included in the sample. In the District there is only one remaining vending machine that sells tobacco products (located in an adult club).

#### Summer

I oversee the Synar program for Minnesota. I have reviewed the proposed revisions to the ASR in the Federal register & they all seem to make sense to me. Feedback just FYI.
