

Justification of Non-Substantive Change Request

Federally Qualified Health Center Cost Report Form (CMS-224-14)

0938-1298

We are submitting this non-substantive change request to address a version control issue. The incorrect version of the instrument and the related instructions were submitted with the ICR that is currently approved. The files associated with this non-substantive change request are the correct files. This change does not affect burden.
