# SHOP Marketplace – Employer Enrollment Application

The online SHOP Marketplace is open for employers with 1-50 or 1-100 full-time employees (depending on which state your business is located) to enroll in coverage. If you already have coverage through the SHOP Marketplace, you'll need to visit [HealthCare.gov](https://www.healthcare.gov) to renew your coverage. Learn more about SHOP Marketplace renewals at [marketplace.cms.gov/technical-assistance-resources/shop-renewal-guide.pdf](https://marketplace.cms.gov/technical-assistance-resources/shop-renewal-guide.pdf).

**If your business is in one of these states, use this document to guide you through the enrollment process:**

|                  |                       |                       |

| <b>Arizona</b>   | <b>Missouri</b>       | <b>South Carolina</b> |

If your business is in a state that's not listed above, that means the state is running its own SHOP Marketplace. You'll need to follow your state's application enrollment process.

To find your state's SHOP Marketplace, visit [HealthCare.gov/smallbusinesses](https://www.healthcare.gov/smallbusinesses) and select your state from the drop down menu, or contact the SHOP Call Center at 1-800-706-7893, Monday - Friday, 9a.m. - 7p.m. ET. TTY users should call 711 to reach a call center representative.

If you're working with a SHOP Marketplace registered agent or broker, they'll follow the same process as employers to complete your application. You may authorize an agent or broker to help with your application and enrollment at any time.

**Important:** You can stop at any point in the application and save your information. To return to where you stopped, select **My eligibility**, then select **Edit enrollment** in the **Actions** field.

• **Enter employee information.** On the **Employee details** page, you'll list all employees who will get a coverage offer, including you. To complete the employee roster, you'll need each employee's legal first and last name, date of birth, and Social Security Number. While not required, it's also important to include each employee's email address so they can be notified directly about your coverage offer. You'll also enter their address, employment status (like full or part-time), date of hire, and contact preferences. You can select one of these 3 options to list your employees:

1. Select **ADD EMPLOYEE** to enter employee information one at a time on the employee roster screen.
2. Select **BLANK ROSTER** to download an Excel roster template.
3. Select **COMPLETED ROSTER** to upload an Excel file with your employees' information. After you select the file from your computer, the file name will appear in the employee roster dialogue box.

**Note:** You can download the 1997-2003 Excel template on the employee roster page. You can only upload the 1997-2003 Microsoft Excel file. You'll get an error message if the file isn't in the right format.

You can also add dependent information, but this is optional. Your employees may enter this information when they review your coverage offer.

On the employee roster, each employee is assigned a participation code. The SHOP Marketplace will email this code to employees using the email address on the employee roster. Your employees need this code to review and respond to your coverage offer, and complete their applications.

Once you've created or uploaded an employee roster, select **SAVE & CONTINUE**. You can review and edit the roster as employees are added.

To update information for a specific employee, you can sort the roster and perform a search. You can't upload a new roster if it has an employee that's already entered in the current roster.

After you create your enrollment criteria, only employees included on the roster will be included in your initial Open Enrollment Period.

## Employee roster

Submit a roster that lists all employees who'll get an offer of coverage, including you. You can upload a complete employee roster or add employees manually.

- List all eligible employees, even if some may not accept coverage. You can include yourself, but you can't be the only one listed on the roster.
- At a minimum, you must offer coverage to each employee working an average of 30 or more hours a week throughout the year.
- All employees working 30 or more hours a week should be listed, even if they don't plan to accept coverage.

You need to list these people so you can track the percentage of employees who accept your offer of coverage. This lets you determine if you meet the minimum participate rate.

### Set enrollment period

The enrollment period is the timeframe your employees have to review your coverage offer and accept or decline coverage. Remember, you must submit your application by the 15th of the month if you want your coverage to start on the 1st of the following month.

Choose the day you want your enrollment period to start and the last day your employees have to enroll. If employees don't select coverage during this enrollment period, they may not be eligible for the coverage you offer. Be sure to leave enough time to allow your employees to respond to your offer of coverage. This will ensure that your completed application is submitted in time to meet the coverage start date you select below.

The coverage start date may affect your costs. This is due to quarterly rate increases that may be set by insurance companies. Once you enroll, your premium is locked in for 12 months.

• **Select how you'll offer coverage.** On the **Decide how you offer coverage** page, you'll choose whether you want to offer your employees a single plan or a choice of plans (called "Employee Choice"). You'll also decide if you'll offer dental coverage. You're not required to offer dental coverage.

**Note:** You don't have to offer both health and dental coverage to your employees. You may choose to offer dental coverage only. There's no minimum participation rate requirement to enroll in a dental plan. If dependent coverage is offered, dependents can enroll in a dental plan without also enrolling in a health plan, and vice versa. Similar to health plans, employees must enroll in a dental plan before their dependents may enroll in a dental plan.

You have 2 options to offer SHOP Marketplace coverage:

**1. Single health plan.** You may select one insurance company and health plan to offer your employees. If you offer one health plan, you'll select from a list of insurance companies in your area. You can make changes any time before you submit your application.

**2. Employee Choice.** You may select one plan category (like Bronze or Silver) and employees can choose any plan from any insurance company in that category.

- **Set your premium contribution.** On the **Set employer premium contribution** page, decide how much you want to contribute toward employee premiums. If you offer dependent coverage, you'll also decide how much you want to contribute towards dependent premiums.

**Note:** To qualify for the Small Business Health Care Tax Credit, you must contribute at least 50% of the total employee premium. Visit the SHOP Tax Credit Estimator at [HealthCare.gov/small-businesses/provide-shop-coverage/small-business-tax-credits](https://www.healthcare.gov/small-businesses/provide-shop-coverage/small-business-tax-credits) to see if you qualify for the tax credit and how much it may be worth to you.

- o If you offer one health plan, you'll contribute a fixed percentage of the individual plan premium for each employee and dependent (if you offer dependent coverage). Under **Contribution method**, select the fixed percentage radio button for medical and dental coverage, if applicable. Then you can enter your percentage contribution in the contribution box for employees and dependents.

- o If you offer your employees a choice of plans, you have 2 options:

- 1. Contribute a fixed percentage of any individual plan premiums within a health plan category** (like Bronze or Silver) for each employee and dependent (if you offer dependent coverage). The fixed percentage amount will vary from employee to employee based on their age and the plan they choose.

**For example:** Jane is 25, and her premium is \$200 per month. John is 60, and his premium is \$300 per month. You decided to pay 80% toward your employees' individual plan premiums (which varies by their age). This means that you'll pay \$160 per month toward Jane's premium and \$240 per month toward John's premium.

If you choose this option, under **Contribution method**, select **Fixed percentage** for health and dental coverage, if applicable. Then you can enter your percentage contribution in the box for employees and dependents.

**2. Contribute a fixed percentage of a specific “reference plan” premium amount that you choose.** The reference plan is used only to determine the percentage amount you’ll contribute toward your employees’ premium.

**For example:** The reference plan premium is \$100 for Bob, and your contribution is 50%. You’ll pay \$50 toward Bob’s premium, even if he chooses a different plan. The reference plan premium amount will vary from employee to employee based on their age, but you’ll know up front what your cost will be for each employee and dependent regardless of the plan each employee chooses.

If you choose this option, select the **Reference plan** button for health and dental coverage, if applicable. Then you can enter your percentage contribution in the box for employees and dependents.

Select the box next to dependents if you want to contribute to dependent premiums. If you decide to offer dependent coverage without contributing toward coverage, add a “0” in the dependents box.

Whether you offer one plan or a choice of plans, your percentage contribution will convert to a specific dollar amount that you can use for budgeting purposes. You’ll see what the employees’ and your premium contribution will be when you compare plans.

**Note:** You may revise the percentage contribution any time prior to submitting the enrollment application.

After you enter your percentage contribution, select **SAVE & CONTINUE**.

- **Select a plan.** You’ll review and select coverage on the **Select plans** page. If you’re offering a single health plan, you can look through the available plans in your area, compare costs and benefits, and choose one that’s right for you and your employees.

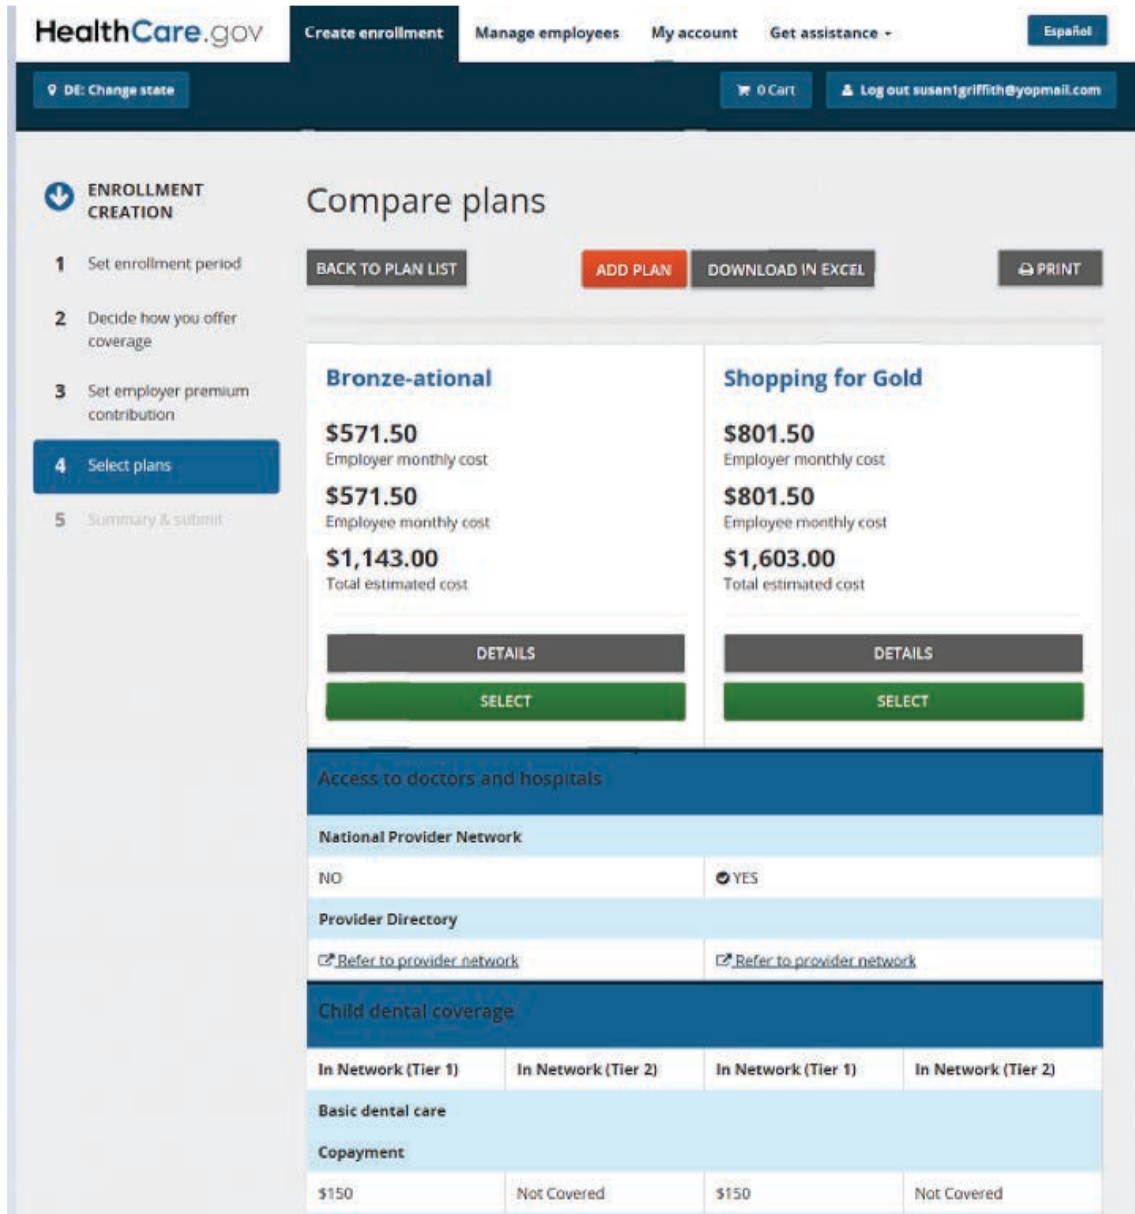

- o **Review plan details:** To review more detailed information about a plan, like copayments, laboratory and outpatient services, medical devices, emergency care, prescription drugs, and inpatient stays, select **View Details**.

- o **Compare plans side-by-side:** To compare side-by-side, select the **Select to compare** checkbox for each plan you want to compare. You can compare up to three plans at a time. After choosing each plan you want to compare, select **Compare plans**.

Select **View Details** to see a side-by-side comparison of each plan’s copayments, deductibles, covered services, and provider network information.

- o **Sort plans:** You can sort plans using the **Sort by** drop-down menu and selecting any of the cost or deductible options listed.

- o **Filter plans:** You can also filter your plan results under **Narrow your results**.

- **Select a health plan category.** If you offer your employees a choice of health plans, you’ll select one **health plan category** (like Bronze, Silver, Gold, or Platinum) and your employees can select any plan in that category. If you decide to contribute a fix percentage toward your employees’ premium, you won’t need to select a reference plan.

• **Review dental coverage options.** If you're offering dental coverage, compare dental plans and choose one that's right for you and your employees. To do this, you'll follow the same process described above to review, compare, and select a dental plan.

You have 2 options when offering dental coverage through the SHOP Marketplace:

**1. Single dental plan option.** You may select one dental plan to offer your employees. If you offer one dental plan, you'll select from a list of insurance companies in your area. You can make changes any time before you submit your application. If you offer one dental plan, you can contribute based on a fixed percentage.

**2. Employee Choice option.** You may select one plan category (Low or High) and employees are free to choose any plan from any insurance company in that plan category. If you offer your employees a choice of dental plans, you can select a reference plan for dental coverage or contribute based on a fixed percentage.

• **Review coverage selection.** Before you submit your application, it's important that you review your application and verify business information.

o On the **Summary & submit** page, review the details of your coverage. If you need to make any changes, select **Edit**.

o When you're done reviewing your coverage offer, select **Submit**.

o Select the **My account** tab. Then select **My enrollment** to view your enrollment details, like your employee participation rate, coverage start date, and enrollment period date.

## Employee enrollment & applications

[BACK TO MY ENROLLMENT](#)

**Important:** Have employees add your address to their email contact list so your offer isn't labeled as spam or junk mail.

The SHOP Marketplace will send an email about your coverage offer to each employee whose email address you provided with your application. The email includes your participation code and a link to the SHOP website where they can fill out the employee application.

It's your responsibility to ensure that all your employees get information about how to enroll in a health plan through SHOP.

## Minimum Participation Rate

The minimum participation requirement doesn't apply between November 15 and December 15. Outside of this enrollment period, you must meet the minimum participation rate for your state to qualify for SHOP Marketplace coverage. If you don't have enough employees to enroll, you won't be allowed to submit your application. At this point, you have 2 options:

- 1. Change your coverage offer.** You can do this if you want to enroll any time during the year. For example, you can increase the amount you contribute to employees' premiums to encourage more of them to participate. If you change your coverage offer, you'll need to withdraw your current coverage offer and start the process over using the information from your initial application. You'll also need to set up a new employee enrollment period.
- 2. Withdraw your coverage offer.** If you decide not to offer coverage, go to the **My account** tab and select **My enrollment**. Then select **Withdraw** on the **Employee enrollment & applications** page.

## Calculating the minimum participation rate

- The SHOP Marketplace minimum participation rate is based on the rate of employee participation in the SHOP Marketplace and in other minimum essential coverage, including employees enrolled in coverage through another group health plan, like Medicare, Medicaid, TRICARE, coverage sold through the individual market, or in other minimum essential coverage.
- The SHOP Marketplace Minimum Participation Rate Calculator is available to help you predict if you'll meet the Minimum Participation Rate for your state. Visit [HealthCare.gov/small-businesses/choose-and-enroll/tools-and-calculators](https://www.healthcare.gov/small-businesses/choose-and-enroll/tools-and-calculators).

## Cancel or terminate coverage

If you decide not to offer coverage, or an employee wants to cancel their enrollment, you have until 11:59pm EST to cancel before the coverage effective date. The SHOP Marketplace will provide a refund for any payments collected.

**Important:** Employees should work with their employers to cancel enrollment.

If you want to terminate enrollment after the coverage effective date, your coverage will be terminated on the last day of the month in which you terminated coverage. In this case, you won't get a refund from the SHOP Marketplace. For example, if your group enrolls with a January 1 coverage effective date and you change your mind on or after January 1, the earliest you can terminate coverage is January 31.

To cancel or terminate coverage:

- Select the **My account** tab and then select **My eligibility**.
- On the **My eligibility** page, select **Withdraw application** under the **Actions** field.
- Enter the reason for withdrawing your application from the drop down menu and select **WITHDRAW APPLICATION**.

You can also contact the SHOP Call Center at 1-800-706-7893, Monday–Friday, 9 a.m. - 7 p.m. ET. TTY users should call 711 to reach a call center representative.

## Special Enrollment Period

Qualified employees and their dependents (if you offer dependent coverage) may have a right to sign up for your coverage or make changes to their coverage choices outside of your initial Open Enrollment Period. Job-based plans must provide this Special Enrollment Period (SEP) of 30 days following certain life events that involve a change in dependent status or loss of other health coverage. If you don't offer dependent coverage, an SEP applies only to qualified employees. [Learn more about the Special Enrollment Period](#) and qualifying life events.
