TELEPHONE SCRIPT FOR YOUTH PHONE FOLLOW-UP SURVEY

**This page has been left blank for double-sided copying.**

My name is \_\_\_\_\_, and I'm calling from Mathematica Policy Research. May I please speak to (NAME OF CHILD)?

***If speaking with parent:***

I'm calling about the Strengthening Relationship Education and Marriage Services study, also known as STREAMS, which your child participated in (NAME OF SCHOOL) about a year ago. Your child may remember taking a survey at their school. At that time, we told your child that we would be contacting them again in about a year to complete an additional survey.

I'm calling to do another survey with your child, which is very similar to the one they completed last year. Like that survey, this one asks about their perspectives and experiences.

The survey will take about 30 minutes to complete and your child will receive a \$20 gift card for completing the survey.

Before we begin I want to let you know that:

- Participation in this survey is voluntary. All of your answers will be kept private.
- We hope that you will answer all of the questions, but you don't have to answer any questions that make you uncomfortable.
- To the extent allowed by law, all information you provide will be kept private and not be shared with anyone. If, however, you tell me that you are hurting yourself or that someone is hurting you, I am required to report this to someone who can make sure you're safe.

Is now a good time to start? (IF NOT, SCHEDULE A TIME FOR A CALLBACK)

Some of the questions we ask could be considered sensitive. Are you somewhere where you can freely answer questions? Do you have any questions before we begin?
