SECTION A

DEAR APPLICANT LETTER

DEAR APPLICANT:

The Secretary invites applications for new awards for fiscal year (FY) (enter year) for the Advanced Rehabilitation Research Training program (CFDA 84.133P-1), to provide research training and experience at an advanced level to individuals with doctorates or similar advanced degrees, who have clinical or other relevant experience.

Only Institutions of Higher Education are eligible to apply.

Through this funding mechanism, NIDRR is interested in attracting applications that provide advanced research training to enhance the capacity to conduct high-quality, multidisciplinary rehabilitation research across the full breadth of NIDRR's research agenda, involving Employment, Health and Function, Community Living and Participation, Technology for Access and Function, and Disability Statistics.

For FY (enter year), NIDRR has also included an Invitational Priority to encourage applications provide advanced research training to eligible individuals to enhance the capacity to conduct high-quality multidisciplinary disability policy research, aimed at improving the data sources, analytic strategies, and evidence base used to inform policy and program development affecting individuals with disabilities in the major life domains of employment, health and function and community living and participation (See Section B, Notice Inviting Applications).

The ARRT program does not require cost sharing or matching. However, any applicant may voluntarily promise to share in the cost of the ARRT project by supplementing the amount of the stipend paid to trainees with additional funds beyond the maximum awarded under this program. Applications submitted under this program with voluntary cost-sharing to supplement trainee stipends must use funds from non-Federal sources. For details on the required policies governing grantee voluntary cost-sharing or matching, we encourage you to read Section B – Notice Inviting Applications, under “III. Eligibility Information”

It is critical that proposals describe expected public benefits, especially benefits for individuals with disabilities and propose projects that are designed to demonstrate outcomes consistent with the proposed goals of the project.

APPLICATION PROCEDURES

This application kit contains information and the required forms for potential applicants to apply and be considered for a FY (enter year) grant award under this competition published in the Notice Inviting Applications in the Federal Register dated.

Potential applicants are advised to read the materials carefully, particularly the information on the types of organizations that are eligible to apply for these grants, how to prepare an application, the dollar amount for any year, the protection of human subjects, the format and

addresses for submitting, and the selection criteria (Section C) used by the reviewers to evaluate each application.

The program narrative must address the selection criteria included in this application packet (Section C). To facilitate the peer review process, you should address the criteria in the order presented. Additionally, each proposal **should include a one-page abstract**. The abstract is a critical component of the proposal, and it should highlight the purpose, target population to be served during the project period, planned goals and objectives, innovative strategies utilized, project outcomes, and dissemination.

You **must** submit your application electronically through Grants.gov (www.grants.gov) See Section B, Notice Inviting Applications and Section E, Application Transmittal Instructions.

NOTE: You will be uploading sections of your application by heading. There is a heading for:

- (1) abstract;
- (2) table of contents;
- (3) project narrative;
- (4) other—resumes;
- (5) other—letters of commitment/support;
- (6) other and
- (7) budget narrative/justification.

There is a file-size limitation to each section and you may only upload one document under each heading which means that multiple resumes and letters of commitment/support must be combined into one document before being uploaded.

Electronic copies must be fully uploaded on the Grants.gov site by 4:30:00 pm, Washington DC time on the closing date, **(enter date)**. It may take up to several hours for this process. Please allow several hours or a full day to submit your application. If there is a submission error, time will be needed to correct the error and resubmit in paper or electronic format. **We encourage you to read Section E –Grants.gov Submission Procedures and Tips for Applicants**

PROGRAM RULES

These grants are subject to the requirements of Education Department General Administrative Regulations (EDGAR), 34 CFR Part 77, 82, 84, and 85, which set forth general rules affecting the submittal, review, grant award, and post-award administration for Department of Education grant programs.

SECTION F
FREQUENTLY ASKED QUESTIONS
AND
DUNS NUMBER INSTRUCTIONS

FREQUENTLY ASKED QUESTIONS

1. CAN I GET AN EXTENSION OF THE DUE DATE?

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the Federal Register, this extension applies to all applications for a given competition. There are no extensions or exceptions to the due date made for individual applicants. Additionally, there are provisions for extension for grants.gov, per the guidance included in the application package.

2. WHAT TOPICAL AREAS SHOULD APPLICANTS ADDRESS?

NIDRR is interested in attracting applications that provide advanced research training to enhance the capacity to conduct high-quality, multidisciplinary rehabilitation research across the full breadth of NIDRR's research agenda, involving Employment, Health and Function, Community Living and Participation, Technology for Access and Function and Disability Statistics.

3. WHAT SHOULD BE INCLUDED IN THE APPLICATION?

The application should include a project narrative, vitae of key personnel, and a budget, as well as all other forms identified in this package. Vitae of staff or consultants should include the individual's title and role in the proposed projects, and other information that is specifically pertinent to this proposed project. The budgets for all years, including a detailed budget narrative, should be included. If collaboration with another organization or individual is involved in any proposed activity, the application should include assurances of participation by the other parties, including written agreements or letters of cooperation. It is not useful to include general letters of support or endorsement in the application. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application. Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

4. IS COST-SHARING OR MATCHING REQUIRED?

The ARRT program does not require cost sharing or matching. However, any applicant may voluntarily promise to share in the cost of the ARRT project by supplementing the amount of the stipend paid to trainees with additional funds beyond the maximum awarded under this program. The required policies governing grantee cost-sharing or matching are detailed in the Notice Inviting Applications, under "III. Eligibility Information."

5. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?

NIDRR generally advises applicants to organize the application to follow the selection criteria that will be used. The project narrative should address the specific selection criteria for the competition. The specific review criteria vary according to the specific programs and are contained in this application package. Additionally, applicants should provide clearly stated hypotheses, goals, objectives, expected outcomes, and public benefit of the research or development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the proposal. Specific information on the format can be found in the application format section of this application package.

6. ARE THERE PAGE LIMITS TO MY APPLICATION?

We suggest page limitations for the narrative sections of the proposal. The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. The Notice Inviting Applications will describe the mandatory or suggested limitations, such as page size, spacing, and font size. The suggested page limit does not apply to the cover sheet; the human subjects narrative; the budget narrative; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all pertinent information in the application narrative.

7. MAY I SUBMIT APPLICATIONS TO MORE THAN ONE OPEN NIDRR PROGRAM COMPETITIONS AT A TIME OR MORE THAN ONE APPLICATION TO A PARTICULAR PROGRAM COMPETITION?

Yes. You may submit more than one application in any given competition. You may submit to as many open competitions, which an application is responsive to the program requirements. However, each competition is unique and the selection criteria will vary from one competition to another. It is important that each separate application includes the required materials for that particular competition.

8. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?

Yes. The abstract is used by both the peer reviewers and the program staff in the review and processing of the application. The ONE-PAGE abstract should be a comprehensive description of the project (all years), not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. If applying through e-Application, use the ED Abstract form to attach your abstract.

9. WHAT IS THE ALLOWABLE INDIRECT COST RATE?

An applicant for Advanced Rehabilitation Research Training project (133P) is limited to a training grant indirect rate of 8%, less tuition, stipend, and fees. The maximum amount of the award includes both direct and indirect costs. The Department's Indirect Cost office has more information on indirect cost rates.

10. CAN PROFIT MAKING BUSINESSES APPLY FOR GRANTS?

Yes; however, for-profit organizations will not be able to collect a fee or profit on the grant. It varies by program.

11. CAN INDIVIDUALS APPLY FOR THIS GRANT?

No.

12. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?

No. NIDRR staff can only advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you of whether your subject area or proposed approach is likely to receive approval.

13. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?

Applicants should be sure that their applications are referred to the correct competition by clearly including the competition title and CFDA number, including alphabetical code, on the Standard Form 424, and include a project title that describes the project, based on the competition. If reapplying for the Advanced Rehabilitation Research and Training (133P) you should identify if the application is a resubmittal from a previous fiscal year.

14. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within six to seven months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification. This information is **not** posted on the NIDRR homepage or the Grants.gov website.

15. WHAT START DATE SHOULD I USE ON MY APPLICATION?

For the purpose of estimating a project start date, the applicant should estimate approximately six to seven months from the closing date, preferably October 1. You

must have a start date that allows you to complete an Annual Performance Report (APR) by May 31st with six month of activities to report on.

16. IF MY APPLICATION IS SUCCESSFUL, CAN I ASSUME I WILL GET THE REQUESTED BUDGET AMOUNT IN SUBSEQUENT YEARS?

No. Funding in subsequent years is subject to availability of funds and project performance.

17. WILL ALL APPROVED APPLICATIONS BE FUNDED?

No. Peer review panels can result in more applications being determined to be worthy of consideration for funding than available resources allow. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #12.

18. HOW DOES THE REPORTING REQUIREMENTS IN SUBSEQUENT YEARS IMPACT MY APPLICATION?

Successful applicants with multi-year grants must submit an Annual Performance Report (APR) demonstrating and documenting their substantial progress in meeting approved project objectives and their success in addressing the performance measures outlined in the Notice Inviting Applications. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees will also be required to submit a final performance report, 90 days after the end of the project period. For NIDRR, the APR is submitted electronically via a web-based system. This system is maintained by a contractor and grantees are notified after receiving an award with the appropriate URL and personal password to access the system. The contractor will also send a letter to the grantee informing them when and how to submit their APR. The Department will use the applicant's performance data for program management and administration, in such areas as determining new and continuation funding and planning technical assistance. Grantees will participate fully in any evaluation of the NIDRR program carried out by the Department of Education.

19. DO I HAVE TO INCLUDE COST SHARE/MATCHING IN MY APPLICATION?

There is no cost sharing requirement for the Advanced Rehabilitation Research Training Program.

20. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?

If you are planning research involving human subjects at any time during the project period, you check "Yes" in the Human Subjects section of the 424 form. If you checked "Yes," you need to indicate whether the research is exempt or not exempt from the

protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department's human subjects staff review the applicant's response against the application itself to determine its accuracy. They contact you for additional information or clarification, if needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

21. SHOULD I SUBMIT MY APPLICATION VIA Grants.gov?

The Federal Government is moving towards mandatory electronic submission for its grant applications. The Notice Inviting Applications (NIA) provides information on how to submit via grants.gov and the application package includes helpful tips. The NIA will also identify if paper submission is allowed. If you do submit by paper, include a disk copy of your application. **We strongly suggest:**

- (1) Read the Grants.gov instructions carefully;
- (2) Check with your organization or institution if they are already registered in Grants.gov; if not, **do not wait** to set up your account because it can take five or more days to register;
- (3) Review the form sections before sending the application to ensure that all information has been uploaded correctly and completely; and
- (4) Submit early; electronic applications must be uploaded on Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date and processed by Grants.gov successfully.

Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. Applications received/logged in after 4:30:00 pm (Washington, DC time) will not be reviewed.

DUNS NUMBER INSTRUCTIONS

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.888.814.1435**
