Occupational Code Assignment (OCA) Form – Part A

Request Number:

Analyst:

Date of Receipt:

OMB No. 1205-0137
Expires: 05-31-2016

Instructions: An occupational code assignment (OCA) is a process established to help occupational information users relate a job title or occupational specialty to an O*NET-SOC occupation. The Occupational Information Network (O*NET) is a Standard Occupational Classification (SOC) based system. The information gathered during the OCA Process: 1) leads to code assignments for customers, 2) helps update the O*NET lay titles database, and 3) is considered during the O*NET-SOC occupational classification review and development. Please complete the items on the Occupational Code Assignment (OCA) Form – Part A to the best of your ability. Items 1-6 collect contact information. For items 7-22, please provide the most accurate description of the job or occupation that you are attempting to locate in the O*NET system. Once received, an occupational analyst at the National Center for O*NET Development will review your answers to OCA Form – Part A. Upon analysis, the analyst will send you an OCA Form – Part B that will list and explain the code assignment.

1. Contact Name(s) and Organization

(Include name(s) of individual(s) submitting request, as well as name of organization, agency, business, etc.):

Name:

Name:

Org:
