LOCAL SPONSORING ORGANIZATION

It is critical that community resilience efforts be linked to local government. To be approved for posting to the National website, your Citizen Corps Council must have the support of the local elected leadership for your Council's jurisdiction (this could be the Mayor, City/Town Manager, County Commissioner) or the Emergency Management Director for your area.

Please note: This person may be contacted to confirm sponsorship, but only the organization's name will be posted publicly on the National Citizen Corps Website

COUNCIL MEMBERSHIP

The purpose of a community preparedness council, referred to here as the Citizen Corps Council, is to foster collaboration between government and civic leaders from all sectors to develop goals and strategies for community resilience tailored to specific community vulnerabilities and population. The membership of the Council should therefore reflect the population composition, the hazard profile, and the infrastructure of the community.

While every Council's membership will be different, all Councils should have representation from each of the following sectors of the community: the public sector, the private sector, and the voluntary and community sector.

Please select all the organizations that participate in your Council.

All fields marked with a red asterisk (*) are required.

Thank you for your commitment to collaborative community preparedness. By registering your Council, you are joining a nationwide network of communities dedicated to building stronger, safer, more resilient nation. By posting information on the National Citizen Corps Website, you will be able to highlight information about your efforts to achieve community resilience, your state and federal partners will be able to share relevant information with you, and interested individuals in your jurisdiction will be able to contact you to get involved.

Please note, this section of the website is for Council representatives to register a new Council or to update their Council Profile information. If you are not an official representative of a Council, but are interested in participating in individual and community preparedness efforts, please contact your nearest local or state Council, which can be located by entering your zip code in the Citizen Corps Council search function.

If you experience any difficulties registering or updating your Council information, please send an email to citizencorps@dhs.gov. Thank you.

Ready For Submission

Please take a moment to ensure your entries are correct. If you need to update anything, simply click the correct tab above to edit the information.

After submitting this form, this information will be sent to your State Citizen Corps Program Manager for review. Once your information is approved by the State, your information will be posted on the publically assessable national Citizen Corps website and on the password protected Citizen Corps portal.

If you do not wish to proceed with this process, please do NOT submit the request for approval.

Please be sure to keep the information about your community preparedness efforts current. With your password, you may update this information at any time. At a minimum, we strongly recommend that you update your Profile twice a year.

Thank you again for your interest in Citizen Corps!

Community Emergency Response Team (CERT): Program Registration

Thank you for your support of the CERT Program and your commitment to strengthen collaboration between community members and emergency responders.

THIS PAGE IS TO REGISTER OFFICIAL CERT PROGRAMS ONLY, not to register individuals or individual teams sponsored by a local CERT Program. To be an official CERT Program, the program must:

1. Be operated by a local emergency response organization such as your local Fire Department or Office of Emergency Management and endorsed by the local Citizen Corps Council if your community has one

2. Conduct the CERT Basic Training Course and a CERT exercise at least once a year

3. Have a point of contact to be posted with other program information on the national CERT website

If you represent an official CERT Program, please continue. The information about your program will be posted on the national CERT website. Your information will help individuals interested in CERT from your area to contact you. Being listed in the National CERT Registry will also allow you to share relevant information on CERT and other programs.

Your submission will be reviewed by the State CERT Manager or the Citizen Corps Program Manager before being posted. Once your CERT Program is approved, the CERT point of contact you identify below will receive a password to access your registration page and to update the posted content as needed. This point of contact will also receive an automatic reminder to update the information every six months. Thank you for keeping the information on the website about your CERT Program current.

If you have any problems with completing this form or with updating your posted information, please contact us at cert@dhs.gov.

Thank you again for your commitment to the CERT Program and the effort to train community members and include them in supporting local emergency services.

POINT OF CONTACT INFORMATION

This is the principal point of contact for your CERT Program. This person's name, phone number, and email address will be posted on the website so that people interested in CERT in your area can get involved. This is also the person who will receive information from state or federal partners. You may wish to create a generic email address for your program, such as AnytownCERT@town.state.us. This will allow multiple people to access the account and won't fill up an individual's email box.

Please note: This information will be publicly available on the CERT website. By submitting this form, the sender is confirming that the point of contact consents to have his or her name, phone number, and email address included in the online national CERT Registry.
