Dear Applicant Letter

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF POSTSECONDARY EDUCATION

Thank you for your interest in applying for a grant under the Fulbright-Hays Doctoral Dissertation Research Abroad (DDRA) program. Included in this application booklet are the program introduction, instructions, and forms needed to submit a complete application package to the U.S. Department of Education.

Institutional grants awarded under the DDRA program provide fellowships to enable doctoral students enrolled in modern foreign language and area studies programs at U.S. institutions of higher education to conduct dissertation research overseas for 6-12 months.

This letter highlights a few items in the Fiscal Year (FY) 2016 application package that will be important to you in applying for grants under this program. You should review the entire application package carefully before preparing and submitting your application. Information on the DDRA program is accessible at the U.S. Department of Education's Web site at:

<http://www.ed.gov/programs/iegpsddrap/index.html>

Applicants should pay particular attention to the section entitled "Competition Highlights" that outlines the absolute, competitive and invitational priorities as well as other program and competition details.

Although the DDRA program funds doctoral student research, the legal applicant is the institution, and if a grant is awarded, the institution of higher education (IHE) is the legal grantee. Students are not eligible to apply for this funding independently. In order for institutions to apply electronically, representatives of IHEs (i.e., project directors) must register in the G5 e-Application system. Project directors who have not already registered must submit the following information, via e-mail, to ddra@ed.gov: first and last name of the project director, university, and e-mail address. We recommend that applicant IHEs submit this information as soon as possible to ensure that applicant IHEs obtain access to the G5 e-Application system well before the application deadline date. We suggest that applicant IHEs send this information no later than two weeks prior to the closing date in order to facilitate timely submission of their electronic applications. Please note that the project director cannot be a student applicant.

A list of DDRA institutions and program project directors who have registered in G5 e-Application in previous years is included in this application package. If your institution is not listed, or your project director has changed, please contact Dr. Pamela J. Maimer at ddra@ed.gov with the new project director's contact information as soon as possible.

The Department of Education requires that applications for FY 2016 grants under the DDRA program are submitted electronically using the Department's G5 e-Application system. The G5 e-Application system is accessible through its portal page at:

www.G5.gov

The application must be submitted on or before the deadline date. Electronic submission of applications via the G5 e-Application system is required unless you qualify for one of the

exceptions to the electronic submission requirement as determined by the Notice Inviting Applications. If you think you may need an exception, please review the requirements promptly. Applications submitted late will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date.

You are reminded that the document published in the Federal Register (the Notice Inviting Applications) is the official document and that you should not rely upon any information that is inconsistent with the guidance contained in the official document.

We look forward to receiving your application and appreciate your efforts to promote excellence in international education.

Sincerely,

A handwritten signature in black ink, consisting of a stylized initial 'M' followed by a long horizontal stroke that tapers to the right.

Mohamed Abdel-Kader
Deputy Assistant Secretary,
International and Foreign Language Education

4. Applications must be submitted electronically via the U.S. Department of Education's G5 e-Application system. This system may be accessed at www.G5.gov. Both the student and the IHE must complete their portions of the application correctly and submit separately via the G5 e-Application system.
5. The application must be received on or before the deadline date and time. Please note that the U.S. Department of Education's grant application deadline is at 4:30:00 pm Washington, DC time. Late applications **will not be accepted**.
6. Electronic submission of an application is required unless it qualifies for one of the (rare) exceptions to the electronic submission requirement as outlined in the Federal Register notice.
7. All applicants are required to adhere to the page limits for the Project Narrative and for the bibliography portion of the application in the Federal Register notice.
8. A font standard in the notice requires that applicants use one of the following 12 pt. fonts: Times New Roman, Courier, Courier New or Arial. Applications submitted in **any other font (including Times Roman, Arial Narrow, etc.)** will not be accepted.
9. Student transcripts must be scanned as one document and uploaded into the student application.

Applicants are reminded that the Federal Register notice is the official document for application guidelines and that applicants should not rely upon any information that is inconsistent with the guidance contained within it.

Note: As part of its FY 2016 budget request, the Administration proposed to continue to allow funds to be

used to support the applications of individuals who plan both to utilize their language skills in world areas vital to United States national security and to apply their language skills and knowledge of these countries in the fields of government, international development, and the professions. Therefore, students planning to apply their language skills in such fields and those planning teaching careers are eligible to apply to IHEs for funds from this program.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

IV. Application and Submission Information

1. Address to Request Application Package: Both IHEs and student applicants can obtain an application package via the Internet or from the Education Publications Center (ED PUBS). Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the person listed under For Further Information Contact in section VII of this notice.

2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms the applicant must submit, are in the application package for this program.

Page Limits: The application narrative is where the student applicant addresses the selection criteria that reviewers use to evaluate the application. The student applicant must limit the application narrative to no more than 10 pages and the bibliography to no more than two pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, both sides, and portrait orientation.

Note: For purposes of determining compliance with the page limits, each page on which there are words will be counted as one full page.

- Double space (no more than three lines per vertical inch) all text in the application narrative. However, student applicants may single space all text in charts, tables, figures, graphs, titles, headings, footnotes, endnotes, quotations, bibliography, and captions.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). Student applicants may use a 10-point font in charts, tables, figures, graphs, footnotes, and endnotes. However, these items are considered part of the narrative and counted within the 10-page limit.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limits only apply to the application narrative and bibliography. The page limits do not apply to the Application for Federal Assistance face sheet (SF 424), the supplemental information form required by the Department of Education, or the assurances and certification. However,

student applicants must include their complete responses to the selection criteria in the application narrative.

We will reject a student applicant's application if the application exceeds the page limits.

3. Submission Dates and Times:

Applications Available: [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

Deadline for Transmittal of Applications: [INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

Applications for grants under this program must be submitted electronically using G5, the Department's grant management system, accessible through the Department's G5 site. For information (including dates and times) about how to submit an IHE's application electronically, or in paper format by mail or hand delivery if an IHE qualifies for an exception to the electronic submission requirement, please refer to Other Submission Requirements in section IV of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further

Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management:

To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application;
and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can submit an application through G5.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless an IHE qualifies for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Fulbright-Hays DDRA Fellowship Program, CFDA number 84.022A, must be submitted electronically using the G5 system, accessible through the Department's G5 site at: www.G5.gov. While completing your electronic application, both the IHE and the student applicant will be entering data online that will be saved

into a database. Neither the IHE nor the student applicant may email an electronic copy of a grant application to us.

We will reject an application if an IHE submits it in paper format unless, as described elsewhere in this section, the IHE qualifies for one of the exceptions to the electronic submission requirement and submits, no later than two weeks before the application deadline date, a written statement to the Department that the IHE qualifies for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

Please note the following:

- The process for submitting applications electronically under the Fulbright-Hays DDRA Fellowship Program has several parts. The following is a brief summary of the process; however, all applicants should review and follow the detailed description of the application process that is contained in the application package. In summary, the major steps are:

- (1) IHEs must email the following information to ddra@ed.gov: name of university and full name and email address of potential project director. We recommend that

applicant IHEs submit this information as soon as possible to ensure that they obtain access to G5 well before the application deadline date. We suggest that IHEs send this information no later than two weeks prior to the closing date in order to facilitate timely submission of their applications;

(2) Students must complete their individual applications and submit them to their IHE's project director using G5;

(3) Persons providing references for individual students must complete and submit reference forms for the students and submit them to the IHE's project director using G5; and

(4) The IHE's project director must officially submit the IHE's application, which must include all eligible individual student applications, reference forms, and other required forms, using G5.

- The IHE must complete the electronic submission of the grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. G5 will not accept an application for this competition after 4:30:00 p.m., Washington, DC time, on the application deadline date.

Therefore, we strongly recommend that both the IHE and the

student applicant not wait until the application deadline date to begin the application process.

- The hours of operation of the G5 Web site are 6:00 a.m. Monday until 7:00 p.m., Wednesday; and 6:00 a.m. Thursday until 8:00 p.m., Sunday, Washington, DC time. Please note that, because of maintenance, the system is unavailable between 8:00 p.m. on Sundays and 6:00 a.m. on Mondays, and between 7:00 p.m. on Wednesdays and 6:00 a.m. on Thursdays, Washington, DC time. Any modifications to these hours are posted on the G5 Web site.

- Student applicants will not receive additional point value because the student submits his or her application in electronic format, nor will we penalize the IHE or student applicant if the applicant qualifies for an exception to the electronic submission requirement, as described elsewhere in this section, and submits an application in paper format.

- IHEs must submit all documents electronically, including all information typically provided on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- If the application is submitted electronically, both IHEs and student applicants must upload any narrative sections and all other attachments to their application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question--for example, the project narrative--is critical to a meaningful review of your proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Student transcripts must be submitted electronically through the G5 system.

- Both the IHE's and the student applicant's electronic applications must comply with any page limit requirements described in this notice.

- Prior to submitting your electronic application, you may wish to print a copy of it for your records.

- After the individual student applicant electronically submits his or her application to the student's IHE, the student will receive an automatic acknowledgment. After a person submits a reference electronically, he or she will receive an online confirmation. After the applicant IHE submits its application, including all eligible individual student applications, to the Department, the applicant IHE will receive an automatic acknowledgment that will include a unique PR/Award number for the IHE's application.

- Within three working days after submitting its electronic application--

- (1) Print SF 424 from G5;

- (2) The applicant IHE's Authorizing Representative must sign this form;

- (3) Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the SF 424; and

- (4) Fax the signed SF 424 to the Application Control Center at (202) 245-6272.

- We may request that you provide us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System

Unavailability: If an IHE is prevented from electronically

submitting its application on the application deadline date because the G5 system is unavailable, we will grant the IHE an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable the IHE to transmit its application electronically, by mail, or by hand delivery. We will grant this extension if--

(1) The IHE is a registered user of the G5 system and the IHE has initiated an electronic application for this competition; and

(2) (a) The G5 system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) G5 is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting the IHE an extension. To request this extension or to confirm our acknowledgment of any system unavailability, an IHE may contact either (1) the person listed under For Further Information Contact in section VII of this notice or (2) the e-Grants help desk at 1-888-336-8930. If G5 is unavailable due to technical problems with the system and, therefore, the application

deadline is extended, an email will be sent to all registered users who have initiated a G5 application. Extensions referred to in this section apply only to the unavailability of the G5 system.

Exception to Electronic Submission Requirement: An IHE qualifies for an exception to the electronic submission requirement, and may submit its application in paper format, if the IHE is unable to submit an application through G5 because--

- The IHE or a student applicant does not have access to the Internet; or
- The IHE or a student applicant does not have the capacity to upload large documents to G5;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), the IHE mails or faxes a written statement to the Department, explaining which of the two grounds for an exception prevents the IHE from using the Internet to submit its application. If an IHE mails a written statement to the Department, it must be postmarked no later than two weeks

before the application deadline date. If an IHE faxes its written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax this statement to: Pamela J. Maimer, Ph.D., U.S. Department of Education, 400 Maryland Ave, SW., room 3E207, Washington, DC 20202. Telephone: (202) 502-7675 or by email: ddra@ed.gov.

The IHE's paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If an IHE qualifies for an exception to the electronic submission requirement, the IHE may mail (through the U.S. Postal Service or a commercial carrier) its application to the Department. The IHE must mail the original and two copies of the application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.022A)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260

The IHE must show proof of mailing consisting of one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

V. Application Review Information

1. General: For FY 2016, student applications are divided into seven categories based on the world area focus of their research projects, as described in the absolute priority listed in this notice. Language and area studies experts in discrete world area-based panels will review the student applications. Each panel reviews, scores, and ranks its applications separately from the applications assigned to the other world area panels. However, all fellowship applications will be ranked together from the highest to lowest score for funding purposes.

2. Selection Criteria: The selection criteria for this competition are from the regulations for this program in 34 CFR 662.21 and are listed in the application package.

3. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may

also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Under 34 CFR 662.22(b), no applicant may receive grants from the Fulbright US Student Program (FUSP) and the Fulbright-Hays DDRA Fellowship Program concurrently. Once a candidate has accepted an award from FUSP and FUSP has expended funds on the student, the student is then ineligible for a grant under the Fulbright-Hays DDRA Fellowship Program. A student applying for a grant under the Fulbright-Hays DDRA Fellowship Program must indicate on the application if the student has currently applied for a FUSP grant. If, at any point, the candidate accepts a FUSP award prior to being notified of the candidate's status with the Fulbright-Hays DDRA Fellowship Program, the candidate should immediately notify the program contact person listed under For Further Information Contact in section VII of this

notice. If, after consultation with FUSP, we determine that FUSP has expended funds on the student (e.g., the candidate has attended the pre-departure orientation or was issued grant funds), the candidate will be deemed ineligible for an award under the Fulbright-Hays DDRA Fellowship Program at that time.

4. Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If a student application is successful, we notify the IHE's U.S. Representative and U.S. Senators and send the IHE a Grant Award Notification (GAN); or we may send the IHE an email containing a link to access

an electronic version of the GAN. We may notify the IHE informally, also.

If a student application is not evaluated or not selected for funding, we notify the IHE.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates the approved application as part of the binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information,

as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. Grantees are required to use the electronic data instrument International Resource Information System (IRIS) to complete the final report. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: Under the Government Performance and Results Act of 1993, the objective for the Fulbright-Hays DDRA Fellowship Program is to provide grants to colleges and universities to fund individual doctoral students to conduct research in other countries in modern foreign languages and area studies for periods of 6 to 12 months.

The Department will use the following measures to evaluate its success in meeting this objective:

DDRA GPRA Measure 1: The percentage of DDRA fellows who increased their foreign language scores in speaking, reading, and/or writing by at least one proficiency level.

DDRA GPRA Measure 2: The percentage of DDRA fellows who complete their degree in their program of study within four years of receipt of the fellowship.

DDRA GPRA Measure 3: The percentage of DDRA fellows who found employment that utilized their language and area studies skills within eight years of receiving their award.

DDRA GPRA Measure 4: Efficiency Measure - The cost per DDRA fellow who found employment that utilized their language and area studies skills within eight years.

The information provided by grantees in their performance report submitted via IRIS will be the source of data for this measure. Reporting screens for institutions and fellows may be viewed at:

Government Performance and Results Act

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2014-2018. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The 2014-2018 plan includes the following six goals:

- Goal 1: Increase college access, affordability, quality, and completion by improving postsecondary education and lifelong learning opportunities for youth and adults
- Goal 2: Improve the elementary and secondary system's ability to consistently deliver excellent instruction aligned with rigorous academic standards while providing effective support services to close achievement and opportunity gaps, and ensure all students graduate high school college- and career-ready
- Goal 3: Improve the health, social-emotional, and cognitive outcomes for all children from birth through third grade, so that all children, particularly those with high needs, are on track for graduating from high school college- and career-ready
- Goal 4: Increase educational opportunities for and reduce discrimination against underserved students so that all students are well-positioned to succeed
- Goal 5: Enhance the education system's ability to continuously improve through better and more widespread use of data, research, and evaluation, evidence, transparency, innovation, and technology
- Goal 6: Improve the organizational capacities of the Department to implement its strategic plan

What are the Performance Indicators for the International Education Programs?

The objective of the DDRA program is to contribute to the development and improvement of the study of modern foreign languages and area studies in the United States by providing opportunities for scholars to conduct research abroad for periods of 6 to 12 months.

The Department has developed (and OMB has approved) the following GPRA measures to evaluate the overall success of this IFLE grant program:

DDRA GPRA Measure 1: Percentage of DDRA fellows who increased their foreign language scores in speaking, reading, and/or writing by at least one proficiency level.

DDRA GPRA Measure 2: Percentage of DDRA fellows who complete their degree in their program of study within four years of receipt of the fellowship.

DDRA GPRA Measure 3: Percentage of DDRA fellows who found employment that utilized their language and area studies skills within eight years of receiving their award.

DDRA GPRA Measure 4: The cost per DDRA fellow who found employment that utilized their language and area studies skills within eight years. *

*(The US/ED IFLE office will be able to calculate Measure 4 (efficiency measure) based on future answers to DDRA GPRA Measure 3.)

Successful applicants (later grantees) will be required to collect data on DDRA GPRA Measures 1 through 3 and report those data to US/ED in their interim and final performance reports.

Guidance for Developing an Evaluation Plan

OVERVIEW OF GPRA MEASURES, PROGRAM EVALUATION, AND PROJECT EVALUATION

The U.S. Congress passed the Government Performance and Results Act (GPRA) of 1993 and the GPRA Modernization Act of 2010 to assess and improve federally funded programs. GPRA requires that federal agencies document the achievements of grant-funded programs. Specifically, GPRA requires federal agencies, such as the U.S. Department of Education, to develop and report quantifiable annual and long-term measures to Congress. GPRA stipulates that these measures be limited in number, be specific, and have baselines and targets that are ambitious, yet achievable. Performance reporting occurs *at the program level*, meaning that the U.S. Department of Education (ED) aggregates data from all International and Foreign Language Education (IFLE) grantees and reports on measures of the IFLE program overall. ED's challenge is to articulate program-level measures that are relevant to several grant programs and that capture the achievements of many disparate grantees. ED's Budget Service and the U.S. Office of Management and Budget (OMB) review and approve IFLE's GPRA measures to make sure that the measures reflect the programs' overall goals. Therefore, once approved, GPRA measures remain relatively constant over time.

IFLE must collect data from grantees to respond to the GPRA measures for each program. ED IFLE aggregates the GPRA information reported by all grantees to report the impact of each grant program (e.g., the Center for International Business and Education - CIBE grant program as a whole) to Congress and other interested stakeholders. This information contributes to ED/IFLE's overall evaluation of each grant program.

By contrast, individual *project* measures yield specific information that enables grantees to make mid-course corrections in implementing their proposed projects, if necessary. Project-specific evaluation measures are tailored by project leadership to that project's goals. Project leadership may establish specific measures to garner internal institutional support, attract and train staff, attract and retain students, and sustain the project's effort beyond the grant period.

Project-specific measures will vary greatly between institutions that have received IFLE grants before and novice applicant institutions. For example, an institution that is a current recipient of a CIBE grant or that has received CIBE grants in the past might offer many Study Abroad programs. Based on feedback from its prior project evaluations, that institution might propose a new Study Abroad program in a world region not previously served, or expand the duration of an existing program. In this case, a project-specific measure might be the number of students enrolled in the new program. However, a first-time CIBE applicant might propose to offer a few short-term Study Abroad summer programs in its first year as part of a multi-year plan that includes expanding the world regions served over time. In this case, a project-specific measure might be the number of faculty qualified to lead a summer program to specific world regions.

THE GOVERNMENT PERFORMANCE AND RESULTS ACT OF 1993 (GPRA) AND THE GPRA MODERNIZATION ACT OF 2010 (GPRAMA)

GPRA and GPRAMA are intended to improve accountability for the expenditure of public funds, enhance congressional decision-making by providing Congress with objective information on the effectiveness of federal programs, and promoting federal programs' results, delivery of services, and customers' satisfaction. Accordingly, GPRA and the GPRAMA mandate that federal agencies, including ED, submit three major products to Congress: multi-year strategic plans, annual plans, and annual reports. To comply with GPRA and GPRAMA, ED must state clearly in these products what it intends to accomplish, identify the resources required, and report on its progress annually to Congress.

HOW HAS THE DEPARTMENT OF EDUCATION RESPONDED TO THE GPRA REQUIREMENTS?

As required by GPRA, ED has developed a strategic plan that reflects its organizational priorities and also integrates IFLE's mission and program authorities. ED's stated goal for IFLE is "to meet the nation's security and economic needs through the development and maintenance of a national capacity in foreign languages, and area and international studies."

The Title VI international education programs' overarching goals are to maintain a U.S. higher education system with the capacity to produce experts in less commonly taught languages and area studies who are capable of contributing to the needs of U.S. government, academic, and business institutions. The Fulbright-Hays programs provide opportunities for U.S. educators and postsecondary students to advance their studies of foreign languages, to create and improve curriculum, or to conduct learning and research activities in host country settings. Each IFLE grant program addresses a specific objective related to the overarching goal. The next section of this document provides program-specific guidance to applicants on selecting appropriate performance and evaluation measures.

IFLE GRANT PROJECT EVALUATION

A strong project proposal by an applicant for an IFLE grant includes a well-designed evaluation plan that is based on clearly stated goals and objectives. The evaluation plan must address all IFLE GPRA measures, as well as include project-specific measures that are tied to the project's goals and objectives. The evaluation plan also must identify how each of the specific objectives will be achieved, and establish the quantitative and qualitative measures that will be used to demonstrate the successful implementation of the proposed project. The Performance-Measure Form (PMF) serves as a guide for applicants to plan and articulate key aspects of a well-designed evaluation plan.

IFLE offers applicant institutions the following suggestions to consider in developing the Impact and Evaluation section of the grant application.

DEVELOPING AN EVALUATION PLAN

Working with an Independent Project Evaluator

Please note that an independent project evaluator may not be required for every IFLE grant program. Applicants and grantees should consult with their IFLE program officer and refer to program-specific materials for guidance.

The independent project evaluator should be involved in the project throughout the entire grant cycle from the proposal development phase through the project's funding and implementation to ensure that a well-designed evaluation plan is developed and implemented. The independent project evaluator works with key project personnel to draft measurable objectives, identify appropriate progress indicators and benchmarks, and to formalize the data collection, calculation, and analytical methodologies. The primary role of the independent project evaluator is to provide technical support and expertise to the project in order to best demonstrate its progress toward achieving stated goals and objectives. The independent project evaluator may also provide support and guidance for the development of a dissemination plan to publicize the project results to internal and external entities.

A grant applicant may wish to collaborate with other projects on a given campus to pool resources and share the cost of a professional evaluator. The guidance provided in this document is intended to help maximize evaluation resources by streamlining an evaluation process and by supporting collaboration between key project personnel and an independent evaluator. Very small projects may have very limited funds available to compensate an evaluator. In such cases, limited resources are best expended on working with an evaluator at the project's start, as opposed to its later stages.

To ensure both the quality and the credibility of the evaluation, it should be conducted by a qualified evaluator with appropriate expertise and training. The evaluator should be independent, whether the evaluator is internal or external to the grant project. The applicant should provide a plan to ensure that the evaluator maintains sufficient independence from the project team, thus avoiding any potential or perceived conflict of interest.

Developing Clear Goals and Objectives

A well-designed evaluation plan includes clearly articulated goals, measurable objectives, and a way to collect concrete data to substantiate the project's progress toward achieving its goals. The evaluation plan should be limited to a few clear and specific objectives that are linked directly to the proposed goals of the project and that can be measured. The applicant/grantee should consider the following when developing measurable objectives and planning for data collection:

1. What will indicate or demonstrate that the project is meeting its goals? Describe the expected measurable outcomes.
2. What types and sources of data will best demonstrate that the project is achieving, or will achieve, its objectives? Identify the data and its sources that can serve as indicators or benchmarks that the project is meeting, or will meet, the intended outcomes.
3. How will the data be collected? Describe access and frequency.
4. How will the data be analyzed and reported? Describe the methodology and key personnel responsible.
5. Will the results demonstrate the project's proposed outcome and impact (e.g., an increase in qualified language instructors, higher graduation rate in international studies, better employment rate of program graduates, etc.)? Describe how the results may demonstrate short-term and long-term outcomes and impact.

Examples of possible project-specific quantitative objectives include:

- Increase the number of students completing advanced courses in priority languages;
- Increase the number of students in business, health, or science majors graduating with foreign language skills;
- Increase the number of study abroad opportunities for students on campus; or,
- Increase the number of certificates and degrees conferred in targeted programs of study.

Examples of possible project-specific qualitative objectives include:

- Improve employment opportunities for students who possess advanced language skills and international experience;
- Strengthen collaboration between foreign language departments, international education, and other disciplines; or,

- Improve quality of assessment tools for priority and/or less-commonly-taught languages.

Examples of specific activities that may support project objectives include:

- Recruit and hire qualified priority language faculty; or,
- Create or increase professional development and training sessions for faculty.

Progress indicators that relate to the quantitative and qualitative examples cited in the above sections include, but are not limited to, the following:

- Increase in the number of new faculty positions in priority and/or less-commonly-taught languages, area studies courses, or interdisciplinary courses that are institutionalized after grant support has ended;
- Increase in the number and type of courses developed, piloted, and subsequently submitted to the institution's review board for inclusion in the college catalog for the upcoming academic year.

Developing Evaluation Questions

An applicant should formulate evaluation questions that interest all stakeholders and audiences related to the proposed project, and align the questions with appropriate information gathering techniques.

1. Who/what will change?
2. When will the change(s) take place?
3. How much change is expected?
4. How will change be measured, recorded, or documented?

Planning Data Collection and Analysis

In order to show change, baseline data must be included in the final evaluation plan, submitted to the program office, once the grant is awarded. Applicants should determine if baseline data already exist and where to find them. Data collection instruments that are not readily available need to be developed. Data collection instruments may include surveys, standardized tests, exams, focus groups, and topic guides. Institutions may have additional instruments that are specific to the proposed project. The final evaluation plan must specify the types and sources of data that will be collected and describe how the data will be collected, including access and frequency. The plan must also describe how the data will be compiled, analyzed, and reported, as well as the methodology that will be used and key personnel responsible for these tasks. The institutions should work with evaluation specialists to develop a detailed analysis plan to analyze the data and interpret results. In addition, the evaluation plan should include a timeline to delineate tasks and specify when and how progress benchmarks or indicators will be met. The timeline will help projects to stay on track toward achieving their goals.

Guidelines for Applicant Institutions

There are two parts to this application. The first part contains information and forms for the institution of higher education. The second part contains instructions and forms for the student applicants.

Although the DDRA program funds student research, the legal applicant is the institution, and if a grant is awarded, the institution is the legal grantee. Students are not able to apply for this funding independently. In order to apply for this program, it is necessary for the student and the institution to coordinate their activities and keep each other informed.

Applications must be submitted electronically via the U.S. Department of Education's (US/ED) G5 e-Application system. This system may be accessed at www.g5.gov. Both the student and the institution must complete their portions of the application correctly and submit via G5 e-Application. Students and Project Directors should read through the following guidelines and the information in this application package carefully, especially the [Federal Register](#) notice, and follow the instructions in order to submit a timely and complete application to US/ED.

The institution must appoint a Project Director. The Project Director is the individual at the institution who will actually submit the application to US/ED, and who will administer the grant and disburse funds, should any students at the university receive funding. This individual is usually someone in the office of the Dean of Graduate Studies or Student Affairs. It is not recommended that a student's advisor serve as the Project Director. There can be only one Project Director at an institution, and that person administers the grant and serves as the point of contact for all of that institution's fellows, regardless of research topic or discipline.

Responsibilities of the Institution's Project Director

The Project Director at the applying institution of higher education is responsible for:

- a) Registering as the Project Director for his/her university in the G5 e-Application system. **In order to obtain a password and login information, he/she must first send his/her contact information to ddra@ed.gov by the date specified in the [Federal Register](#) notice. If he/she fails to do this, he/she may not be able to access G5 e-Application and will not be able to transmit his/her institution's application package.**
- b) Completing OPE- Fulbright-Hays DDRA Form Item #022:
 - 1) Screen individual student applications in accordance with the institution's own technical and academic criteria and the program's eligibility requirements;
 - 2) Indicate, for each student, whether Human Subjects Research Clearance (IRB) will be required by checking "Yes" or "No". Be sure to include the required narrative for each project involving human subjects as indicated in question #3 on the ED Supplemental Information for SF 424 form.
- c) Transmitting in a single submission all recommended individual Doctoral Dissertation Research Abroad student applications. One each of the following forms should be included for each student applicant: *Application for Federal Assistance (SF 424)*, the *ED Supplemental Information for SF 424*, the *Assurances -- Non-Construction Programs (ED Form 424B)* and the *Certification Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-Free Workplace Requirements* to the U.S./ED in accordance with the guidelines published in the [Federal Register](#) for new awards and contained in the transmittal instructions.
- d) Announcing the preliminary results of the competition to individual applicants (i.e., candidate status, alternate status, non-selection). An executed copy of the Grant Award Notification between the US/ED and the institution of higher education listing fellowship holders and award benefits will constitute the official announcement of the award. We estimate the announcements will be made in September 2016.
- e) Administering the grant and disbursing funds.

Instructions for Assembly, Duplication and Transmission

A complete institutional application to the DDRA Program is the sum of all completed student applications, plus the--

- Application for Federal Assistance (SF 424), the ED Supplement to the 424,
- *Assurances -- Non-Construction Programs (SF 424B)*;

- *Certification Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters;*
- *Drug-Free Workplace Requirements;* and
- *Disclosure of Lobbying Activities* (if applicable).

Institutional Project Directors must submit the application to the US/ED via G5 e-Application , in accordance with the guidelines published in the Federal Register. **Failure to meet the deadline published in the Federal Register will mean rejection of the application without consideration. There is no appeal of this requirement.**

Frequently Asked Questions for Project Directors

Q1. Who is the Project Director?

A1. The Project Director (PD) is the individual at the institution who will actually submit the application to the U.S. Department of Education (US/ED). This individual will administer the grant and disburse funds, should any students at the university receive the DDRA fellowship. This individual is usually someone in the office of the Dean of Graduate Studies or Student Affairs. It is not recommended that a student's advisor serve as the Project Director. There can be only one Project Director at an institution to serve as the point of contact for all of that institution's fellows, regardless of research topic or discipline.

Q2. How does a new Project Director register in the G5 e-Application system?

A2. The registration process for the Project Director involves three (3) steps. First, check the enclosed list of previously registered Project Directors to see if it includes one's institution. If there is no listing, or the listed information needs to be changed, please request access to the DDRA Project Director screens from the US/ED program officer at ddra@ed.gov. Second, request access to the G5 e-Application system by submitting the Project Director's name, institution, and email address to the program officer at ddra@ed.gov by the date specified in the published Notice Inviting Applications. Third, register in the G5 e-Application system at www.G5.gov once the US/ED program officer informs the Project Director that access has been granted. **Current PDs do not need to register again.** If you have forgotten your G5 log in information, please use the link on the website at www.G5.gov.

Q3. How many sections are there to the application, and who completes which section?

A3. There are two major sections to the G5 e-application. The first section contains information and forms for the IHE. The second section contains instructions and forms for the student applicants. Upon completion of the individual component of the application, the student submits all portions of the application (narrative, curriculum vitae, individual budget, notifications to his/her references, transcripts, etc.) to the Project Director. The Project Director is responsible for reviewing all individual student applications from his/her institution and submitting them in a single student section, along with the required institutional components, to the US/ED. Only the Project Director can submit an application to US/ED.

Q4. How does the Project Director review and approve the student applications for submission to US/ED?

A4. The Project Director is able to review only applications that have been submitted to him/her by individual student applicants enrolled at his/her institution. The Project Director should consult "Item 22" on Application for Federal Assistance (SF 424) to see which students have submitted applications. To review an individual application, the Project Director should click on the student's name. This will link the Project Director to that individual's application. After the review of all individual applications for accuracy and eligibility has been completed, the Project Director indicates his/her approval of each application by ensuring that the acceptance box next to each name is checked. **Only Project Director-approved applications are included in the institutional submission to US/ED.**

Q5. How are the student's Graduate and Language Reference Forms submitted?

A5: The student applicant will submit, via the G5 e-Application system, the referees' names and email addresses. The referees will then receive the emails, which are automatically generated from the G5 e-Application system, with directions for completing and returning the reference forms. The emails will contain links to the forms and Personal Identify Numbers (PINs) for the referees. The referees must click on the links and provide the PINs in order to be linked to the student's reference forms. Once the forms are completed, the

referees click the submit buttons. After the referees hit the submit buttons, the forms have been submitted to the Project Director. Both the student and the Project Director can monitor the submission of, but cannot review, the reference forms. Students and Project Directors can monitor the submission of the reference forms by reviewing the “form status”. The status will state “complete” once the referees have completed and submitted their references. All referee forms must be submitted before the Project Director submits the institutional application to US/ED. It would be helpful if the referee sent a copy of the reference and form to the project director as a precaution. We suggest that the Project Director set internal deadlines for the submission of references and remind students to inform their referees of this deadline.

Q6. How does the student applicant upload their transcripts?

A6. Student applicants submit all transcripts electronically, through the G5 e-application. Students scan all transcripts and upload in the application as a single document. Transcripts obtained electronically must have all security features disabled. If the security features are not disabled, US/ED will not have access to review the document and it will not be included in the review.

Q7. Should transcripts be the “official” transcript or are unofficial transcripts allowed?

A7. It is recommended that official transcripts are submitted whenever possible. Unofficial transcripts should contain the student’s name, University ID number, and institution on the document.

Q8. Should student applicants include their undergraduate transcripts?

A8. Yes, undergraduate transcripts should be included if they help to demonstrate the applicant’s language and area studies academic background.

Q9. Can the Project Director schedule his/her own institutional deadline to meet the closing date published in the Federal Register?

A9. Yes. The Project Director should set an institutional deadline for students and referees so there is time to review the individual application material, solve technical problems, and submit a complete institutional application before the official program deadline as specified in the Federal Register.

Q10. If a Project Director has access to the DDRA Program screens, does the Project Director also have access to the Faculty Research Abroad (FRA) Program and other IFLE program screens?

A10. No. Each International Foreign Language Education (IFLE) program is separate and distinct in the G5 e-Application. The Project Director must register for each program in accordance with the instructions outlined in the Federal Register. If a Project Director is considering submitting an application for other programs, IFLE strongly suggests that potential Project Directors registers in the e-Application system as soon as possible.

Q11. What signatures are required for the G5 e-Application?

A11. The Project Director is responsible for submitting all documents electronically, including the Application for Federal Assistance (SF 424), and all necessary assurances and certifications. Within three days after submitting the electronic application, the Project Director MUST obtain the institution’s Authorizing Representative’s signature on the SF 424 and fax it to the Application Control Center. The application’s identifier number (P022A1600XX) must be noted in the upper right hand corner of the faxed signature page of the SF 424. US/ED may request original signatures on other forms at a later date.

Q12. What happens after a Project Director submits the G5 e-Application?

A12. After the Project Director submits the application, the entire application (both the student and institutional sections) is sent electronically to US/ED. The Project Director will receive a confirmation email. This message will include the application’s identifier number (P022A1600XX). The Project Director knows that the submission is successfully transmitted once the Project Director receives the email confirmation.

Q13. When does the Project Director officially submit the e-Application?

A13. The Project Director must submit the e-Application BEFORE 4:30:00 pm Washington, DC time on the published closing date. The Project Director should first ensure that 1) all institutional and individual student applications including graduate and foreign language references are completed and included in the application; 3) each individual student application has been approved by the checked box next to the applicant's name on "Item 22" in the Application for Federal Assistance (SF 424).

Q14. When is the Project Director notified about the status of the student applications?

A14. The review process for DDRA Program applications is lengthy and multi-faceted, so announcement times may vary. Institutional status will be announced not later than September 30, 2016. It is the responsibility of the institution to inform students of their status. US/ED does not inform students directly.

Q15. What is the next step if an institution is awarded a DDRA grant?

A15. If an institution receives a DDRA grant, the Project Director will receive a handbook with instructions on how to administer the grant. Technical assistance is also provided in a webinar which will be held on the date announced in the award letter. The handbook and webinar are intended for both Project Director and fellows.

Q16. Who is responsible for submitting the Human Subjects Clearance (IRB) narrative?

A16. The Project Director is responsible for collecting all IRB narratives from students who may need IRB approval for their research project. All student narratives must be combined into one document and uploaded in the ED Supplemental Form to the SF 424. The narrative questions that must be answered are found in the directions for the ED Supplemental Form to the SF 424.

Q17. Whom should the Project Director contact in the event of technical problems with G5 e-application (e.g., problems accessing a form)?

A17. Technical difficulties and inquiries regarding the G5 e-Application system must be directed to the G5 e-Application Help Desk at 1-888-336-8930 (TTY: 1-866-697-2696, local 202-401-8363). Assistance is available Monday-Friday from 8:00 a.m. to 6:00 p.m. Washington, DC time.

Q18. If the Project Director has a question specific to the DDRA program (e.g., eligibility requirements) whom should he/she contact?

A18. Inquiries about the DDRA Fellowship Program should be directed to the US/ED DDRA program officer at ddra@ed.gov.

Priority Questions

Competitive Preference Priority 1: Focus on Priority Languages (3 points). A research project that focuses on any of the 78 priority languages selected from the U.S. Department of Education's list of Less Commonly Taught Languages (LCTLs), as follows:

Akan (Twi-Fante), Albanian, Amharic, Arabic (all dialects), Armenian, Azeri (Azerbaijani), Balochi, Bamanakan (Bamana, Bambara, Mandikan, Mandingo, Maninka, Dyula), Belarusian, Bengali (Bangla), Berber (all languages), Bosnian, Bulgarian, Burmese, Cebuano (Visayan), Chechen, Chinese (Cantonese), Chinese (Gan), Chinese (Mandarin), Chinese (Min), Chinese (Wu), Croatian, Dari, Dinka, Georgian, Gujarati, Hausa, Hebrew (Modern), Hindi, Igbo, Indonesian, Japanese, Javanese, Kannada, Kashmiri, Kazakh, Khmer (Cambodian), Kirghiz, Korean, Kurdish (Kurmanji), Kurdish (Sorani), Lao, Malay (Bahasa Melayu or Malaysian), Malayalam, Marathi, Mongolian, Nepali, Oromo, Panjabi, Pashto, Persian (Farsi), Polish, Portuguese (all varieties), Quechua, Romanian, Russian, Serbian, Sinhala (Sinhalese), Somali, Swahili, Tagalog, Tajik, Tamil, Telugu, Thai, Tibetan, Tigrigna, Turkish, Turkmen, Ukrainian, Urdu, Uyghur/Uigur, Uzbek, Vietnamese, Wolof, Xhosa, Yoruba, and Zulu.

Competitive Preference Priority 2 (2 points): A research project in the field of economics, engineering, international development, mathematics, political science, public health, science, comparative or international education or technology.

Invitational Preference Priority

We encourage applications from Minority-Serving Institutions Note: There are no points awarded for this priority.

Guidelines for Student Applicants

There are two parts to this application. The first section contains information and forms for the institution of higher education (IHE). The second section contains instructions and forms for the student applicants.

Although the DDRA program funds student research, the legal applicant is the institution, and if a grant is awarded, the institution is the legal grantee. Students are not able to apply for this funding independently. In order to apply for this program, it is necessary for the student and the institution to coordinate their activities and keep each other informed.

Applications must be submitted electronically via the US/ED's G5 grant management system. This system may be accessed at www.G5.gov. Both the student and the institution must complete their portions of the application correctly and submit via G5. Students and Project Directors should read through the following guidelines and the information in this application package very carefully, especially the [Federal Register](#) notice, and follow the instructions in order to submit a timely and complete application to US/ED.

The institution must appoint a Project Director. The Project Director is the individual at the university who will actually submit the application to US/ED, and who will administer the grant and disburse funds, should any students at the university receive funding. This person is usually someone in the office of the Dean of Graduate Studies or Student Affairs. It is not recommended that a student's advisor serve as the Project Director. There can be only one Project Director at an institution, and that person administers the grant and serves as the point of contact for all of that institution's fellows, regardless of research topic or discipline.

A student should:

- Read the entire application package carefully.
- Contact his/her university's Project Director as soon as possible, to inform him/her that he/she will be submitting an application, and to inquire about any internal deadlines.
- Register in the G5 system as a student, and construct his/her application.
- Be sure to initiate the e-mails to his/her references as early as possible, to avoid last minute delays. Remind his/her reference writer of the internal deadline set by the institutional project director.
- Submit his/her completed application via the G5 e-Application system well in advance of the Closing Date. (It is a good idea for a student to contact the Project Director and let him/her know when the student has submitted his/her application)
- Confer with the Project Director before the Closing Date to ensure that all portions of the application were submitted successfully, and no changes need to be made.
- Prepare the required narrative, if the project involves Human Subjects Research and/or requires IRB approval, and submit the narrative to the Project Director well in advance of the Closing Date. The instructions regarding Human Subjects Research are located in the Instructions for ED Supplemental Information for SF 424. The student must then submit their narrative to their Project Director for uploading into the application.
- Upload a scanned copy of their transcript into G5 e-Application.

Program Objective

Section 102(b)(6) of the Mutual Education and Cultural Exchange Act of 1961 (Fulbright-Hays Act) has as its objective the promotion, improvement, and development of modern foreign languages and area studies throughout the educational structure of the United States. To help accomplish this objective the Doctoral Dissertation Research Abroad Program provides opportunities for scholars to conduct research overseas in the field of modern foreign languages and area studies.

For the purpose of these programs, area studies is defined as a program of comprehensive study of the aspects of a society or societies, including the study of their geography, history, culture, economy, politics, international relations, and languages.

Research overseas means research outside the United States and its territories. Research will not be funded in countries in which the United States has no diplomatic representation or which are specifically excluded in the Federal Register notice.

For a complete description of the program, consult the US Department of Education Regulations 34 Code of Federal Regulations Part 662 found earlier in this application package.

Eligibility Requirements

To be eligible to receive a fellowship under the DDRA Program, a student must:

1. (a) Be a citizen of the United States; or
(b) Be a permanent resident of the United States*;
2. Be a graduate student in good standing at an eligible institution of higher education and who, when the fellowship period begins, has been admitted to candidacy in a doctoral degree program in modern foreign languages and area studies at that institution;
3. Plan a teaching career in the United States upon graduation, or plan to apply language skills (in world areas vital to US national security) and knowledge of these countries in the fields of government, international development, and various professions; and
4. Possess adequate skills in the foreign language(s) necessary to carry out the dissertation research project.
5. Students may not accept certain grants (Fulbright US Student Program administered by IIE(FUSP), Boren, IREX, Japan Foundation) in the same fiscal year that they receive a US/ED Fulbright-Hays grant.
6. Student applicants who have received support for more than 6 months under the DDRA Program are not eligible to re-apply.

Special Note on FUSP grants: Under 34 CFR 662.22(b), no applicant may receive concurrently a grant from the FUSP and a grant from the Fulbright-Hays DDRA Fellowship Program. Once a candidate has accepted an award from FUSP and FUSP has expended funds on the student, the student is then ineligible for a grant under the Fulbright-Hays DDRA Fellowship Program. A student applying for a grant under the Fulbright-Hays DDRA Fellowship Program must indicate on DDRA Form 022, Item 23 if he/she has currently applied for a FUSP grant. If, at any point, the candidate accepts a FUSP award prior to being notified of the candidate's status with the Fulbright-Hays DDRA Fellowship Program, the candidate should immediately notify the program contact person. If, after consultation with FUSP, we determine that FUSP has expended funds on the student (e.g., the candidate has attended the pre-departure orientation or was issued grant funds), the candidate will be deemed ineligible for an award under the Fulbright-Hays DDRA Fellowship Program at that time.

***Please note that for the Fiscal Year 2016 DDRA competition, we will only accept applications from students to conduct research in Russia who are U.S. citizens. Applications from students who are permanent U.S. residents for research in Russia will be found ineligible and will not be reviewed. Additionally, US/ED will not approve travel to countries for which the U.S. Department of State has strongly urged private American citizens to depart immediately for reasons of personal security (i.e., "ordered departure"), or suspended its Fulbright program for the same reason. US/ED will not approve travel to countries under an "authorized departure" where the Ambassador has specifically requested Fulbright fellows to leave for security or health reasons.**

Instructions for Students – U.S. Department of Education Fulbright-Hays Doctoral Dissertation Research Abroad Form 022:

In order that each individual applicant is properly evaluated in accordance with the published procedures, eligibility requirements, and evaluation criteria, each individual scholar applying for the Fulbright-Hays fellowship must complete this electronic form.

Item 1-4: Self-explanatory

Item 5: Select the name of the institution through which you are applying. If your institution does not appear on this drop-down list, please contact your institution's grants/sponsored research office to inquire about a project director. Only institutions whose project directors have registered in G5 e-Application appear on this list. Please ensure that you choose the right campus (i.e., University of Texas at Austin, University of Texas at

Brownsville, etc.). A student planning to conduct dissertation research must apply to the DDRA Program through the university in which he/she or she is enrolled in a doctoral program.

Items 6-7: Self-explanatory

Item 8: Indicate all countries in which you plan to conduct research with Fulbright-Hays Doctoral Dissertation Research Abroad support. If successful, these are the only countries you will be approved to conduct research in.

Item 9: Indicate all foreign languages to be used in your research during the fellowship period and obtain a completed *Fulbright-Hays Foreign Language Reference Form* for each foreign language listed. If English or your native tongue is the language of research, you must list it here, but a Foreign Language Reference Form is not required. Though a reference form is not required, the G5 system mandates a form. For English only, please list yourself as the reference writer and submit the form. This will alleviate any technical problems with the form. Please see criteria 3 under Qualifications of the Applicant.

Item 10: Indicate the start and end dates for conducting your research under the fellowship. Activation of the award may be as early as October 15, 2016, provided: a US/ED Grant Award Notification has been executed; travel has been approved; the appropriate research clearances and research visas have been secured by the individual scholar; and, if requested, human subject research clearance has been obtained. All research and travel must be completed by March 31, 2017. Graduate students may receive fellowships for a period of 6 to 12 months for full time doctoral dissertation research abroad. Fellowships are not renewable.

Item 11: Indicate the date on which you were or will be advanced to candidacy for a doctoral degree. An applicant must be advanced to candidacy by the time his/her or her overseas research begins, but not necessarily at the time of application.

Note: Fellowships are from 6 to 12 *consecutive* months in the field. Fellows may not leave their research sites for the duration of the research period, except in cases of family or medical emergencies. Fellows have 18 months in which to schedule their research periods. Family events such as weddings or anniversaries, or academic events such as conferences or presentations, should be taken into account by the fellow when planning his or her research.

Item 12: Self-explanatory

Item 13: If resident alien, provide Alien Registration Number, country of birth, and previous citizenship. Please refer to the program's citizenship requirements in the program-specific regulations.

Item 14: Self-explanatory

Item 15: Note that doctoral candidates planning careers other than teaching are eligible to apply.

Item 16: Please list title of research project. Remember to take care when choosing the title. If successful, the review process is multi-layered.

Item 17: Provide an abstract of no more than 120 words describing your proposed research including a summary of the research to be conducted as well as institutional and individual affiliations. Remember to take care when writing the abstract. If successful, the review process is multi-layered.

Item 18: Self-explanatory

Item 19: Indicate previous relevant foreign travel, period of stay and purpose (e.g., participation in an overseas language program) and specify all previous travel to the proposed host countries listed in item 8.

Items 20-21: Indicate whether you are in default on any U.S. Department of Education Student Financial Assistance loan, U.S. Department of Education grant or any other Federal loan.

Item 22: Indicate all previously held fellowships.

Item 23: Indicate current applications for other fellowships.

Item 24: Enter the name, address and telephone number of the physician or certified nurse practitioner, and the date of recent physical exam. This is to ensure that the applicant is physically capable of carrying out the proposed research project. Do not send a separate medical evaluation. Actual signatures may be requested at a later date.

Item 25a: List, starting with the airport closest to your address, all points of international travel related to your proposed project departure from and return to the United States (e.g., Philadelphia, PA - London, UK – Johannesburg, SA - London, UK - Philadelphia, PA). The itinerary should not exceed a 12-month period and must include all countries for which a maintenance allowance is requested. All international travel estimates should be based on commercial high season rates for jet economy travel on U.S. flag carriers and should also include baggage fees. If approved in advance, international travel by automobile, train, or ship may be authorized in certain cases. The cost of travel by surface carrier may not exceed the cost of jet economy travel via the most direct route for the itinerary listed in the Grant Award Notification. Travel by sea also must be on a U.S. flag carrier.

You will not be authorized to travel on grant funds until you have secured the appropriate "research" visas, research permission, and, if necessary, the appropriate affiliation with a host country institution. (Note: please see **Important Note Regarding Host Country Research Clearances**). All travel paid for with grant funds must be in accordance with the **Fly America Act** (International Air Transportation Fair Competitive Practices Act of 1974, PL 93-624, PL 96-192). This means that travel must be on American carriers wherever available, regardless of cost. In cases of "code-share" tickets between an American and an overseas carrier, the name and flight number of the American carrier, rather than those of the overseas carrier, must be displayed on the airline tickets. Travel must be approved by the US/ED program officer before a fellow departs. No support for dependents' travel is provided.

Item 25b: Enter the maintenance stipend for all countries of research utilizing the information provided in the link to **Fulbright-Hays Maintenance Allowances**. Allowances from other than personal sources (e.g. fellowships) which duplicate benefits received under this program will be deducted from the fellowship. Adjustments will also be made in cases where other organizations assume all or part of a fellow's maintenance costs.

Item 25c: A dependent means any of the following individuals who will accompany you to your research site and for whom you will be providing over 50 percent support during the entire overseas research period:

- a. Spouse of program participant ; A student is considered married if the student was legally married in any domestic or foreign jurisdiction that recognizes the relationship as a valid marriage, regardless of where the couple resides. The Department has determined that any legal marriage that is recognized by the jurisdiction in which the marriage was celebrated will be recognized for DDRA program purposes without regard to whether the marriage is between persons of the same sex or opposite sex, and without regard to where the couple resides. It also applies to a student attending an institution located in a jurisdiction that recognizes same-sex marriage and in a jurisdiction (e.g., a state) that does not recognize same-sex marriage. Further, this determination applies only to marriages and does not apply to registered domestic partnerships, civil unions, or similar formal relationships recognized under state law. These definitions are found in *United States v. Windsor*, 570 U.S. or

- b. Children unmarried and under 21 years of age.

Note: Dependents must accompany the researcher for the entire research period in order to be eligible for an allowance. Enter the dependents' allowance by referring to the **Fulbright-Hays Maintenance Allowances**.

Item 25d: Compute and justify in detail your needs for this allowance that may include expenses such as books, copying, hard drives, travel within host countries, affiliation fees, etc. This allowance does not cover any visa fees, passport expenses, including photographs, equipment costs (laptops, digital cameras, recorders, etc.), research or transcription assistants, language tutoring, tuition or fees that might be required by the American grantee institution, or medical expenses such as malaria pills or vaccinations.

Item 25e: The Department of Education will include sufficient funds to enable an institution to purchase basic health and accident insurance for each student fellowship recipient only. The university may use its discretion whether to use a university-contracted carrier or a student-contracted carrier. Compute the amount requested utilizing group rates of university-contracted carriers for coverage overseas. The amount requested for insurance must be prorated to reflect only the student's time in the field.

Item 25f: Fixed \$100 administrative fee paid to institution.

Item 25g: This will be the sum of 25a-f.

Item 26-27: Self-explanatory

Item 28: The curriculum vita must be uploaded into the G5 e-Application system. It should address those previously cited evaluation criteria focused on the qualifications of the individual applicant. You should list relevant course work dealing with your language and area studies specialization; indicate fellowships and honors received; describe your publications record and any other items which, in your opinion, give a panel of scholars a comprehensive view of your past achievements, ability to successfully complete the particular research described in this proposal, and overall promise as a teacher and/or research scholar

Item 29:

1. The application narrative must be uploaded as an attachment into the G5 e-Application system. **Please note the page limitations specified in the Federal Register notice.** You should develop your application narrative taking into account the evaluation criteria provided in the sample Technical Review Form. It is advised that the applicant review the Technical Review Form provided and write their narrative in a way that answers all

questions thoroughly. Do not leave out answers for any questions. Please note that in addition to language and area studies scholars, non-specialists are included in the evaluation process and that host country officials will review your application and ultimately decide whether research permission is granted. You may also wish to consider the following factors when developing your narrative:

- a. Host country political sensitivities and interests
- b. Host country visa requirements (it is recommended that applicants review host country visa requirements before applying)
- c. Feasibility of research
- d. Safety and security concerns
- e. The use of English that can readily be understood by well-educated non-specialists.

Awards are not made to applicants planning to conduct research on topics that are determined to be politically sensitive or unfeasible by the U.S. Embassy or Fulbright Commission in the host country. It should also be noted that the U.S. Department of Education will not submit to the host country "dummy" proposals (i.e., proposals that do not accurately reflect the research purpose in the hope of avoiding difficulties with host country acceptance of the proposal).

When writing the narrative students should have a well-thought out hypothesis; use well-defined terms and variables. The proposed research should be based on solid reasoning and previous research. It should pose a specific research question with a predicted outcome and a reasonable scope given the time to completion.

2. The bibliography must be uploaded as an attachment into the G5 grant management system. **Please note the page limitations specified in the Federal Register notice.**
3. Host country supporting materials must be uploaded as an attachment into the G5 e-Application system. Host country supporting materials refers to letters of invitation, affiliation, etc. Though not required for the application, this information only serves to strengthen an application. All host country supporting materials must be combined into one document for uploading into the G5 e-Application system.
4. Transcripts must be uploaded as an attachment into the G5 e-Application system. All transcripts must be combined into one document for uploading into the G5 e-Application system.
5. Please note the following tips related to attaching images of transcripts to your application: Make a copy of the original file before continuing.
 - a. Crop the image using any standard image editing tool and remove any unnecessary portions of the picture.
 - b. Change the overall pixel dimensions to go smaller either by "Image Size," "Resize," or "Resample". Try to make the image dimension closer to 640 x 480 pixel (approximately 4 x 7 image size). This will make the image smaller and easy for sharing.
 - c. After sizing the image, be sure to do a Save As so you don't overwrite your original file. Save the image as a JPEG or JPG file.
 - d. When choosing the compression level, keep quality in the medium to high range. You may want to target a file size of 30 to 100 KB per image. Try not to exceed 100 KB per image.
 - e. Once the images have been resized and saved as JPEG/JPG format, they will have a small size compared to the original files. Use these new images to create the final document in PDF format.

Instructions for Fulbright-Hays Foreign Language Reference Form

The language reference form, which is required for this program, should be completed by a specialist in the language. Student applicants must initiate an e-mail to their referring specialists via the G5 e-Application system. Upon receipt of this e-mail, the reference will be able to access the G5 e-Application system and complete the reference form. When the reference submits the form, it will automatically become part of the student's application, so that it is submitted to US/ED when the Project Director transmits the entire application package. All completed reference forms must be submitted to the Project Director for transmittal to US/ED via G5 e-Application. Do not submit your references directly to US/ED, as they will not be accepted or included with your application. **Please remind your reference writer to submit the form by the internal deadline set by your institutional Project Director. The G5 e-Application system will not accept submission from web/email accounts and servers not located in the United States.**

A completed reference for each language listed in item 9 of the **Fulbright-Hays Foreign Language Reference Form** must be submitted.

Special Note on Language Acquisition

If an applicant is a native speaker or a heritage language speaker, this should be reflected in the application. The term native speaker means a person who has spoken the language in question from earliest childhood and remains fluent in that language. The term “heritage” speaker is used to refer to a student who is raised in a home where a non-English language is spoken, who speaks or merely understands the heritage language, and who is to some degree bilingual in English and the heritage language, but lacks native level fluency in writing, speaking, and understanding in that language. In most cases, the heritage speaker will have attended schools in which the principal language of instruction is English rather than the language spoken at home.

Applicants who self-identify as a heritage speaker will be evaluated according to their proficiency scores in the application. We recommend that students list their language acquisition status in their CV to clarify their status (native speaker, non-native speaker, heritage speaker). It is the student’s responsibility to ensure their language acquisition status is clear in the application. During the review process, if the language learner status is not clear in the application, the reviewers will score as they feel appropriate based on the information provided.

Please be aware that in our regulations under §662.21 (c)(3), native speakers are not eligible for points (Criterion 3 under “Qualifications of the Applicant”). Heritage speakers may be eligible for up to 10 points, provided that (1) self identifies as a heritage language speaker; (2) the applicant provides information on their primary and secondary education location and primary language of instruction; (2) additionally the applicant must be rated by their Foreign Language Referee as advanced or expert level in language proficiency scores. The reasoning behind this scoring is that the DDRA program is intended to enhance the foreign language competence of individuals trained in American schools, and the criterion gives greater emphasis to having acquired a foreign language and would encourage students to acquire an additional foreign language.

Instructions for Fulbright-Hays Graduate Student Reference Form

One of the three personal references must be obtained from the student’s dissertation advisor. Student applicants must initiate an e-mail to their references via the G5 e-Application. Upon receipt of this e-mail, the reference will be able to access the G5 e-Application system and complete the reference form. When the reference submits the form, it will automatically become part of the student’s application, so that it is submitted to US/ED when the Project Director transmits the entire application package. All completed reference forms must be submitted to the Project Director for transmittal to US/ED via the G5 e-Application . Do not submit your references directly to US/ED as they will not be accepted or included with your application. **Please remind your reference writer to submit their form by the internal deadline set by your institutional Project Director. The G5 e-Application will not accept submission from web/email accounts and servers not located in the United States. As a precaution, the applicant may want to instruct the referee to send the project director an email with a copy of the reference letter and form.**

You must check with your project director to determine if your institution will be submitting all applications via G5, as required in the Federal Register, or if it has been granted a waiver from that requirement. All of the institution’s applications must be submitted in the same format.

Upon submittal via G5 e-Application, students’ applications will become available to their university’s Project Director for review and transmittal to the U.S. Department of Education. **Only the Project Director is able to submit the application to the U.S. Department of Education.** A completed student application should contain the items specified below:

- Fulbright-Hays DDRA Application Form #022
- Curriculum vita
- Application narrative
- Application bibliography
- One Fulbright-Hays Foreign Language Reference Form, for each language needed to conduct the research outlined, submitted by your referring specialist via G5 e-Application
- Three Fulbright-Hays Graduate Student Reference Forms submitted by your referring specialists via G5 e-Application

- Transcripts (Graduate transcripts are required. Undergraduate transcripts are recommended to demonstrate the student's language and area studies experience.)
- Any letters of affiliation you wish to include. Note: Letters of Affiliation must be uploaded to G5 e-Application. Letters of affiliation may not be mailed.

Important Note Regarding Host Country Research Clearances

When Fulbright Commissions or other overseas organizations apply for host country clearance for a DDRA fellow's project, US/ED expects that the organization will use the proposal submitted to USED by that fellow for the DDRA competition. It is not acceptable to "transfer" clearances from a project submitted under one program's competition to a project submitted under another program's competition, in order to expedite clearance. The project that we fund must be the one submitted to US/ED that was reviewed and scored by US/ED peer reviewers according to the DDRA program's selection criteria, and has undergone US/ED review procedures. This review process is the basis of US/ED funding decisions, which are approved by officials throughout the Department. US/ED understands that the proposals that students submit for other programs may be "basically" the same, but we simply do not have the ability to verify this. The proposals for other programs often have different page limits, requirements and selection criteria, resulting in an application that is really quite different from what was submitted to US/ED. US/ED can only be responsible for funding the projects submitted under the DDRA program.

US/ED urges fellows to begin the clearance process as soon as possible, and to understand that they may have to be flexible with regard to when they begin their research.

Important Note Regarding Host Country Visa Requirements

It is the applicant's responsibility to ensure that the research they propose can actually be carried out under the visa issued by the host country. Visa requirements change often and it is the applicant's responsibility to ensure the research proposes meets the requirements/limitations of the visa. Students should review the host country visa requirements BEFORE submitting their application.

Frequently Asked Questions for Student Applicants

Q1. *Can a student apply independently of his/her university?*

A1. No. Eligible applicants are institutions of higher education in the U.S. The student's application must be submitted to his/her university and transmitted to US/ED via G5 e-Application by the university's Project Director.

Q2. *How does a student find information about his/her Project Director?*

A2: A student should check the list of Project Directors included in this application package. If a university has submitted applications for DDRA funding in any of the previous DDRA competitions, the name(s) of the Project Director(s) might be on the list. If an institution does not appear on the list, it may be necessary for that university's administration to appoint a Project Director, and ensure that he/she registers in the G5 e-Application system. Do not assume that an institution listed in the drop down list in G5 e-Application has a registered Project Director for the DDRA program. Please check the "Registered Project Director" list provided in the application for this information.

Q3. *What is the role of the student's academic advisor?*

A3. The student's advisor will continue to serve as his/her mentor regarding the academic details of his/her research. Any changes to the student's research plans as proposed in the application will require the advisor's written approval. The advisor should not serve as the student's Project Director. There can be only one current Project Director at an institution, and that person administers the grant and serves as the point of contact for all of that institution's fellows, regardless of research topic or discipline.

Q4. *What is the process for completing the G5 e-Application?*

A4. There are two primary sections to G5 e-Application – the student's individual section and the Project Director section. When the student submits his/her application via the G5 e-Application system, it is transmitted to his/her university's Project Director for review and submission to US/ED. Student applicants are not able to transmit their applications directly to US/ED. The Project Director is responsible for reviewing each student's individual application and submitting all student applications as a single form, including the required federal forms, to US/ED. Included in this submission are the graduate and language reference forms that were transmitted to the Project Director by the references. **Only the Project Director can submit an application to US/ED.**

Q5. *When should a student submit his/her application?*

A5. The Project Director determines the institutional deadline by which all sections of the application must be submitted. It is the responsibility of the student to ensure that the graduate and language references are submitted by references no later than the institutions' deadline which is determined by the Project Director.

Q6. *What is the difference between the institutional deadline and the official Federal Register notice Inviting Applications (NIA)?*

A6. The Project Director has authority to determine an institutional deadline to ensure that he/she receives all of the components of the application before the official closing date in the Federal Register notice. The Project Director may not submit an e-Application to US/ED after the published transmittal deadline.

Q7. *How will a student know that his/her Project Director has access to his/her application?*

A7. After the student submits his/her application via the G5 e-Application system, he/she will receive an email notification noting that his/her application has been received by the Project Director at his/her university.

If he/she does not receive this email, the student should immediately contact the Help Desk. The Project Director will be copied on the email notification.

Q8. How does a student know that the Project Director has submitted his/her application to US/ED?

A8. Only the Project Director will receive a notification email once the application has been successfully transmitted to US/ED. The student will not receive an email notification and must check with his/her institution's Project Director to determine whether the institutional application has been successfully submitted.

Q9. Can transcripts be uploaded electronically, or must they still be submitted in paper format?

A9. Students must scan all transcripts and upload into the G5 e-Application. Only one upload is allowed, so all transcripts must be scanned and combined into one document. Transcripts obtained electronically must have all security features disabled. Failure to disable all security features may result in the inability of the panel reviewers to access the document as part of the official application process.

Q10. Should student applicants include their undergraduate transcripts?

A10. Yes, US/ED recommends that undergraduate transcripts are included with the student's application to demonstrate the applicant's language and area studies academic experience. Undergraduate transcripts should be combined with the graduate transcripts and uploaded into the G5 e-Application .

Q11. Should student applicants list their language and area studies course work in their CV?

A11. Yes. A list of language and area studies courses in the student's CV helps the panel reviewers to rate and score your academic qualifications and to determine if the applicant meets the eligibility requirements.

Q12. May a student apply for support to go to more than one country?

A12. Yes. A student may propose research in multiple countries. Please be aware that a copy of all principal and alternate candidate applications will be sent to the Fulbright Commission or American Embassy in each host country to be reviewed for political sensitivity, feasibility, and budget. Final award decisions for the project as a whole will be based on the project feasibility in each proposed country.

Q13. Even though the DDRA Program doesn't fund proposals that focus on Western European topics, may a student go to Western Europe to consult or research human or material resources on a non-Western European topic not available in the U.S.?

A13. Yes.

Q14. Are U.S. citizens enrolled at foreign institutions eligible for the DDRA program?

A14. No. Only U.S. institutions of higher education are eligible to apply to the DDRA program.

Q15. How important is the page limit cited in the Federal Register notice?

A15. The page limit is extremely important. If the student's application narrative exceeds the page limit, the application will be disqualified and will not be reviewed for funding. Please adhere strictly to all of the guidelines in the Federal Register notice.

Q16. Should students include endnotes, footnotes or a bibliography?

A16. Endnotes, footnotes or a bibliography will certainly strengthen an application. However, footnotes and endnotes will be included with the application narrative and bibliography and is subject to the page limit restrictions specified in the NIA.

Q17. What if a student proposes to use a much less commonly taught language and cannot find someone to evaluate him/her?

A17. The applicant should make every effort to find someone to evaluate their language proficiency. An application will be significantly less competitive if a language reference form is not included.

Q18. *Should Letters of Affiliation from overseas host institutions or organizations be included in an application?*

A18. Yes. Letters of Affiliation are helpful to the panel to review an application. Students must upload the letters into the G5 e-Application system and submit them as “Host Country Supporting Materials”. Only one “Host Country Supporting Materials” document may be uploaded, so all letters must be scanned as one document. Letters or references sent in the mail will not be included with the student’s application.

Q19. *Do the provisions of the “Fly America Act” apply to this program? Does it benefit a student’s application to request a lower amount, if he/she can find a cheaper non-U.S. carrier airfare?*

A19. All travel must comply with the Fly America Act. International travel budget estimates should be based on jet economy high season rates on U.S. Flag carriers where available. Reviewers do not evaluate a student’s budget request as part of the application review process.

Q20. *What if a student is planning to get married after he/she applies, or is expecting a baby? Is he/she eligible for a dependent’s allowance?*

A20. Availability of funds and the date of the marriage or birth will determine whether an allowance can be awarded. Funds will not be available after September 30, 2016.

Q21. *What signatures are required for G5 e-Application?*

A22. No signatures are necessary for the student’s application at the time of application submittal. However, signatures from a student’s doctor/nurse practitioner and advisor may be requested at a later date.

Q23. *Whom should the student contact in the event of technical problems with G5 e-Application (e.g., problems accessing the form)?*

A23. If the student experiences any technical difficulties, he/she should contact the G5 e-Application Help Desk at 1-888-336-8930 (TTY: 1-855-333-2807, local 202-401-6238) Monday-Friday from 8:00 a.m. to 6:00 p.m. EST time.

Q24. *If the student has a question specific to the DDRA program (e.g., eligibility requirements) whom should he/she contact?*

A24. The student’s first point of contact is always the institutional Project Director. The Project Director may then contact the US/ED program office at ddra@ed.gov, if further clarification is needed.

Q25. *When will students be notified whether or not they have been selected?*

A25. The review process for DDRA Program applications is lengthy and multi-faceted, so announcement times may vary. Please contact the Project Director for institutional notification deadlines.

Q26. *When are fellowships activated?*

A26. A fellowship may be activated after a Grant Award Notification (GAN) has been issued, host country visa and research requirements have been met; human subject research clearance, if required, has been given by the student’s institution and US/ED reviewer; and travel approval has been obtained by the Project Director from US/ED. The GAN will specify the performance and budget periods. All research must be completed during these periods. The performance and budget period for the FY 2016 fellows begins October 1, 2016.

Q27. *If a student relocates after submitting his/her application, should he/she send US/ED address updates?*

A27. No. The Project Director is the first point of contact for students. Students must provide any changes and update to application information to the Project Directors.

Q28. *May the university accept the award on a student's behalf if the student is overseas during the notification period?*

A28. Yes. If the student has not received a fellowship that duplicates the DDRA award benefits, the university can accept an award on the student's behalf. The student should leave a letter with the Project Director authorizing acceptance of the award on his/her behalf.

Q29. *Must a fellow apply for his/her own visa and research clearance?*

A29. Yes. Fellows are advised to contact the host country's Fulbright Commissions and U.S. embassies for guidance on obtaining appropriate visas and clearances.

Q30. *May a student request copies of his/her application's panel reviewers' comments?*

A30. All panel reviewers' comments will be sent to the institutional Project Director upon announcement of the awards. Students should contact their Project Director to request a copy.

Q31. *If a student's research project requires Institutional Review Board (IRB) approval what information needs to be provided in the DDRA application?*

A31. Student applicants submit a completed Human Subjects Narrative. IRB approval is not needed at the time of application, however, a narrative must be submitted to the Project Director for uploading into the final application. The instructions for completing the narrative are in the ED Supplemental Form to the SF 424.

Q32. *Am I eligible to apply for a DDRA fellowship if my language of research is English or my heritage language?*

A32. Yes. Students whose language of research is English or their heritage language are eligible to apply for a DDRA fellowship. However, only applicants who are using languages **other than** English or a native language are eligible to receive points under the "Qualifications of the Applicant" section criterion #3. Applicants using English or their native language should review Item 3 under "Qualifications of the Applicant" on the technical review form. [Please see section on "Special Note on Language Acquisition" regarding language acquisition information for applicants.]

Q33. *May I request funds for hotel, lodging or per diem expenses?*

A33. No. The maintenance amount awarded is based on the cities/regions and the research period spent in the approved area and should cover the lodging and other living expenses of the fellow. Therefore, DDRA funds will not be awarded for hotel stays nor for per diem expenses during the same research period when a maintenance allowance is awarded.

Q34. *May permanent residents of Russia apply to Russia as one of the research sites?*

A34. For the Fiscal Year 2016 DDRA competition, we will only accept applications from students to conduct research in Russia who are U.S. citizens. Applications from students who are permanent U.S. residents for research in Russia will be found ineligible and will not be reviewed.

Q35. *What if my research location is not approved for travel by the U.S. Department of State Fulbright Programs?*

A35. US/ED will not approve travel to countries for which the U.S. Department of State has strongly urged private American citizens to depart immediately for reasons of personal security (i.e., "ordered departure"), or suspended its Fulbright program for the same reason. US/ED will not approve travel to countries under an "authorized departure" where the Ambassador has specifically requested Fulbright fellows to leave for security

or health reasons. For up-to-date information on travel warnings, please consult the U.S. Department of State travel warnings and consular information sheets at <http://travel.state.gov/>.

Q36. Can I have two Fulbright Fellowships (i.e., DDRA and U.S. Department of State Fulbright US Student Program (FUSP) at the same time?

No. Under 34 CFR 662.22(b), no applicant may receive concurrently a grant from the FUSP and a grant from the Fulbright-Hays DDRA Fellowship Program.

Q37. Can I accept an FUSP award and then pay back the program if I want to accept the DDRA award?

Once a candidate has accepted an award from FUSP and FUSP has expended funds on the student, the student is then ineligible for a grant under the Fulbright-Hays DDRA Fellowship Program. A student applying for a grant under the Fulbright-Hays DDRA Fellowship Program must indicate on the application if the student has currently applied for a FUSP grant. If, at any point, the candidate accepts a FUSP award prior to being notified of the candidate's status with the Fulbright-Hays DDRA Fellowship Program, the candidate should immediately notify the program contact person. If, after consultation with FUSP, we determine that FUSP has expended funds on the student (e.g., the candidate has attended the pre-departure orientation or was issued grant funds), the candidate will be deemed ineligible for an award under the Fulbright-Hays DDRA Fellowship Program at that time.

Please note that this is a change in policy from previous years and there will be no flexibility on this issue. Likewise, it is understood that, should the candidate apply to both the FUSP and DDRA programs, he/she will be in similar communications with both offices on his/her status.

G5 e-Application Submission Procedures and Tips for Applicants

IMPORTANT – PLEASE READ FIRST U.S. Department of Education

<http://www.G5.gov>

To facilitate your use of G5 e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's G5 e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you encounter difficulties, you may also contact the G5 helpdesk on 1-888-336-8930. The following are steps you should follow to successfully complete an application using G5 e-Application. Please note that there is a training module available on the G5 home page (www.G5.gov) that details the registration and G5 application processes in detail for users new to G5. You can access this module under the Main Menu of the homepage and link to Online Training. Look for the training topic G5 for Applicants.

Step 1 – **Register in G5** to access the electronic application package. If you are a new user, you will need to register to use G5 e-Application.

- From the G5 Portal Page <http://www.G5.gov/>, click on the Sign Up button for non-ED employees. The User Registration Screen displays.
- Click the button to the right of the ED Employee/ED Contractor field to display the employee/contractor options. Select the “no” list option. Enter all required information as noted by red asterisks (*).
- Click the continue button to proceed to the user registration agreement. Select the agree button to accept the terms of the user agreement, and then the Submit button. **Note:** If you do not agree, then you may not complete the registration process. The system displays a message indicating that the system will send a notification to your email address.
- The system sends a message with a link to activate your account. Clicking the link takes you to the Account Activation screen. Click the **Agree** option to accept the activation terms.
- Click on the Submit button to initiate your activation. Read the EDCAPS Security memorandum with the subject “G5 User ID and Password” and click the **Continue >** button. The next Account Activation screen will require you to complete the password, security question and security answer. Fill out the required fields and press the Continue button to move to the summary information.
- Click the **Activate** button to activate your account and save your password and security information. The system displays a message indicating that the account has been activated. You will now need to log into G5 where you will be taken to the My Profile page where you should select your role for access. In the Availability Types field, select “Applicant” from the list and Continue. Proceed through the next screen and Submit. You will then receive an email with the G5 link. Your applicant role may take a few minutes to activate.

If you already have a username and password for G5 use them to login. If you have access to more than one G5 module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all G5 modules. In order to update your registration for additional G5 modules, click the appropriate tab on the top of the screen and provide the requested information.

The site is viewed best using Internet Explorer 5.5 or higher.

Step 2 - **Add Application Package to your Start Page.** From your Home Page, go to Grant Setup and click on “Package Submission.” Select the package for which you wish to apply and click on the “Initiate New Application”

button. In the future, the package will now appear when you click on “Package Submission” or after using the “Click Here to view my Applications” link under “Quick View” on your Home Page.

Step 3 - Begin the Application. After going to the Application Package, click on the “Modify Application” button. This brings you to a page where you will see all of the application's forms and narratives listed.

Step 4 - Fill out Forms. Select the form you would like to complete and click on the “Edit Form” button to enter data. Remember to click the "Save" button at the bottom of the form and check the "Form Completed" box for each form as you complete it.

Step 5 - Upload File(s) for Narrative Responses. When prompted to attach narrative documents to application forms, enter the title of the document, and then Select the “Upload” button. Next, click on the "Browse" button to locate your file. Remember to click the "Save" button after you upload the document and check the "Form Completed" box when you finish uploading your file(s) and/or completing the form. Please note for file uploads, **we accept .pdf files only.**

Step 6 - Verify Information/Submit your Application. Verify your information is correct and complete before submitting. Only authorized individuals for your organization can submit an application. Please check with your certifying official or sponsored research office before submission. After all forms are completed, click on the "Continue" button at the bottom of your application. Enter and verify the Authorizing Representative information, and click the "Submit" button. At the top of the page you will see a confirmation message stating that your application was successfully submitted and providing you with your application number. You will also receive an e-mail to confirm that your application was received, and it will include your application number. Please print and keep this e-mail for your records. [Reminder: applications must be submitted before 4:30:00 pm, Washington, D.C. time, on the deadline date for applications. G5 e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 7 – Printing Your Completed Application. You have the option to print each form at any time by clicking on the “View Form” button after selecting the appropriate form to print. After submission of your application, you have the option to print a complete e-Application package in PDF. From the Application Packages tab you will notice that your application status has changed from Draft to Submitted. To locate the PDF of your application, select the package radio button and click the “Modify Application” button. Then select the “Click Here to view the PDF Package” in the upper right hand corner of the page under the Package Information section.

Step 8 - Fax the signed SF 424 Cover Page (or Program Specific Cover Page). Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application. This may be optional for some programs.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. The Online Training can be found under the main menu at <http://www.G5.gov>.

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file type detailed in the Federal Register application notice (read-only, non-modifiable .PDF files only). Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters.
3. **PLEASE DO NOT USE SPECIAL/NON ENGLISH CHARACTERS IN ANY FORM OR DOCUMENT FOR BOTH FELLOWSHIP APPLICANTS AND REFEREES (for example, %, *, /, etc.) Foreign characters or symbols includes words spelled with a non-English alphabet, such as “Boğaziçi” or “Nizām al-Dīn Gīlānī” or any word with an accent mark.** Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

Other Submission Tips

SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 PM Washington, DC time on the deadline date, the G5 e-Application system will not accept it.

1. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in this notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 PM unless you follow the procedures in this notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

2. Dial-Up Internet Connections - When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in this notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.
3. Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through G5 because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to G5; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Dr. Pamela J. Maimer, U.S. Department of Education, 400 Maryland Ave, S.W., Room 3E207, Washington, D.C. 20202. FAX: 202-453-5780.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

a. Submission of Paper Applications by Mail

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

**U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.022A)
LBJ Basement Level 1
400 Maryland Avenue, SW.
Washington, DC 20202-4260**

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S.

Department of Education

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark
- (2) A mail receipt that is not dated by the U.S. Postal Service

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

b. Submission of Paper Applications by Hand Delivery

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application, by hand, on or before the application deadline date, to the Department at the following address:

**U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.022A)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260**

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30 p.m., Washington, D.C. time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

- (1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this grant notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424
(Attachment to Instructions for Supplemental Information for SF 424)**

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

1. PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the

involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and

in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds

address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements
