## **State Installation Program Certification Form**

## U.S. Department of Housing and Urban Development Office of Manufactured Housing

OMB Approval No. 2502-0578 expires 01/31/2015

Pursuant to 42 U.S.C. § 5404(c)(2) (section 605(c)(2) of the National Manufactured Housing Construction and Safety Standards Act of 1974), HUD will implement an installation program in each state that does not have a program meeting the requirements of 42 U.S.C. § 5404(c)(3). This State Installation Program Certification form will be used for each state to self-certify the adequacy of its installation program, and for HUD to review that selfcertification. Your answers to the following questions are necessary for a proper review, although some questions are for informational purposes only. Please answer each question completely, but concisely. Additional pages may be used if necessary, identifying each item by number. At the end of the form, please certify the responses as full and accurate. Public reporting burden for this collection is estimated to average 0.50 hours per response including the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data as needed, and completing and reviewing the collection of information. Response to the information collection is mandatory. This agency may not collect this information, and no one is required to complete this form, unless the form displays a currently valid OMB control number.

Part A – Contact Information
1. Name, address, telephone number, email address, and functional area of responsibility for each state agency responsible for administering any component (i.e., installation standards, licensing and training of installers, and
inspections of installations) of the state's installation program:
2. Name and title of the administrator or director in charge of each state agency identified above:
3. Name, title, address, telephone number, and email address of each person responsible for administering each component of the state's installation program, listed by component area:
