WEB SURVEY INFORMATION SHEET

XX/XX/2016

Dear [FIRST NAME] [LAST NAME]:

2M Research Services and its partner, Abt Associates, are conducting a national survey for the U.S. Department of Agriculture, Food and Nutrition Service (FNS) as part of a study called the Community Eligibility Provision (CEP) Characteristics Study. The objectives of this study include examinations of operational issues, perceived incentives of and barriers to adopting CEP, and estimates of any impacts of adopting CEP on participation in school meals and per meal revenues in the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). With the expansion of CEP nationwide, this study is the first to document the differences in CEP eligible schools that elect and CEP eligible schools that do not elect to operate under CEP.

The survey is designed to be completed by the Child Nutrition Director or designated members of your staff in about 1 hour. This is a web survey that you will complete online. A hardcopy of the survey is included with this letter for planning purposes. We encourage you to circulate the survey among appropriate staff, if necessary, to obtain all the responses. We have also included frequently asked questions and a web survey information sheet to assist you. Participation is expected under the HHFKA, and the information you provide will be kept private to the extent allowed by law.

Please note that your cooperation in this study is required under the Healthy, Hunger-Free Kids Act of 2010. Section 305 of that Act states that, "States, State educational agencies, local educational agencies, schools, institutions, facilities, and contractors participating in programs authorized under this Act and the Child Nutrition Act of 1966 (42 U.S.C 1771 et seq.) shall cooperate with officials and contractors acting on behalf of the Secretary, in the conduct of evaluations and studies under those Acts."

Therefore, let me encourage you to complete the study by XX. Please let us know if there is any way we can help you. The survey helpline is 1-866-465-7738 (toll-free) or send us an email at: support@2mresearch.com. The information you provide about yourself and other individuals in your organizations will be kept private to the extent allowed by law. This means that your personal information will be kept private and not associated with any of your responses about your agency's operations. The responses you provide about operations may be tabulated by State so that the public will be able to determine how your agency operates within the Child Nutrition program.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-XXXX. The time required to complete this information collection is estimated to average 3 minutes (0.05 hours) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

To access the survey, please log on to <http://www.2mresearch.com/CEPCNSurvey>. You will be asked for your Personal Identification Number (PIN), which is indicated below.
