Dear *[Respondent Name]*,

To remain competitive in the global marketplace, employers like you need accurate workforce information. Occupational employment and wage information is used by employers engaged in hiring and training their workforces and to set comparable wages. Educators and government agencies also use this information to design education and training programs to provide you with the skilled workers you need.

[STATE WORKFORCE AGENCY], in cooperation with the U.S. Bureau of Labor Statistics (BLS), needs your help to develop this information for *[STATE]*. Your participation is critical, since businesses like yours are our only source of information. Your company was scientifically selected, and represents many similar businesses in *[STATE]*. There are two electronic options for submitting your data.

- 1) Email: Create a spreadsheet (or other data file) with the job title and wage rate for each employee in your company. Use an hourly rate for part time employees. Send your file to our email address, oesSTATE@idcf.bls.gov. Please encrypt email attachments to the BLS. Additionally, please include sensitive information in the attachment only, not in the body or text of the email. This file can also be securely uploaded using our online system.
- 2) Report online: Go to <https://idcfoes.bls.gov>. Enter your IDCF number, complete the image-based security check, and click "I Accept." Follow the instructions on the site. You will be given the choice of uploading a spreadsheet (recommended) or entering data online. When you are finished, you will receive an email confirming your submission. Please save this email in case we have questions about your data.
