

EPA Region 2 Children's Health Training Survey

This survey will help us design the most useful trainings and outreach materials for you on Children's Environmental Health issues. We would like to know your area of work, what you would like to know more about, and what information you currently share or would like to share with your community and those you serve. All responses are confidential and will not be used for any other purpose except described here.

* Required

Email*: _____

Sector*: Please select the one that corresponds closest to your work.

General Public Health

Child Care

Schools

Healthcare/Medical Provider

Research

Community Organization

Organization*: _____
