## Instructions For CCC-882

## COTTON GINNING COST-SHARE (CGCS) PROGRAM APPLICATION

This form is used to certify the producer's share of the 2015 cotton crop and the number of acres grown as reported on the FSA-578 Crop Acreage Report, or to a crop insurance agent for Federal Crop Insurance Corporation (FCIC) purposes.

Submit the original of the completed form in hard copy or facsimile to the appropriate USDA servicing office by September 16, 2016.

Customers who have established electronic access credentials with USDA may electronically transmit this form to the USDA servicing office, <u>provided</u> that (1) the customer submitting the form is the only person required to sign the transaction, or (2) the customer has an approved Power of Attorney (Form FSA-211) on file with USDA to sign for other customers for the program and type of transaction represented by this form.

Features for transmitting the form electronically are available to those customers with access credentials only. If you would like to establish online access credentials with USDA, follow the instructions provided at the USDA eForms web site.

Field Name / Item No.	Instructions		
Part A – Record	Part A – Recording County Office (For CCC Use Only )		
Items 1A-2B	For CCC use only.		
Part B – Producer Contact Information			
3A	Enter the name of the producer or legal entity requesting a CGCS payment.		
	<b>Note:</b> If the CCC-882 is processed by FSA county office, the recording county will select the producer from the CGCS workbook, and all of the 2015 cotton crop data will be pre-filled on the CCC-882 Part B through Part C, based upon the producer's FSA-578 Crop Acreage report for the 2015 crop report year.		
3B	Enter the mailing address of the Producer/Entity requesting a CGCS		
	payment.		
3C	Enter the contact producer's name.		
3D	Enter the contact producer's telephone number (including area code).		

Item No.Part C – Producer Certification (If additional entries are required, provide data on an additional CCC882, Page 1)4Enter the 2-digit FIPS state code of the tract location. If the FIPS code is not known, enter the abbreviation code for the state where the tract is located.5Enter the 3-digit FIPS county code of the tract location. If the FIPS code is not known, write/type the name of the county where the tract is located.6Enter the FSA assigned farm serial number (FSN) as recorded on the FSA- 578 Crop Acreage Report or FCIC crop report.7Enter the FSA assigned tract number as recorded on the FSA-578 Crop Acreage Report or FCIC crop report.8Enter the number of cotton acres as recorded on the FSA-578 Crop Acreage Report or FCIC crop report rounded to the nearest tenth of an acre. If FSA/FCIC determined acres are available, the determined acreage <b>must</b> be used.	Field Name /	<b>T</b> , , , ,		
additional CCC882, Page 1)         4       Enter the 2-digit FIPS state code of the tract location. If the FIPS code is not known, enter the abbreviation code for the state where the tract is located.         5       Enter the 3-digit FIPS county code of the tract location. If the FIPS code is not known, write/type the name of the county where the tract is located.         6       Enter the FSA assigned farm serial number (FSN) as recorded on the FSA-578 Crop Acreage Report or FCIC crop report.         7       Enter the FSA assigned tract number as recorded on the FSA-578 Crop Acreage Report or FCIC crop report.         8       Enter the number of cotton acres as recorded on the FSA-578 Crop Acreage Report or FCIC crop report.         8       Enter the number of cotton acres as recorded on the FSA-578 Crop Acreage Report or FCIC crop report rounded to the nearest tenth of an acre. If FSA/FCIC determined acres are available, the determined acreage must be used.         9       Enter to the nearest one thousandth (.0000) the producer's share of the cotton acreage recorded in Item 8, who is applying for the CGCS payment. Shares cannot exceed 100 percent.         Example: The producer's share of 45.78 percent is to be recorded as .4578. The remaining available share amount would be .5422.         10       Record the production region where the 2015 cotton acres were planted based upon the tract location recorded in Item 4. The production regions are as follows:         •       SOUTHEAST – Alabama, Florida, Georgia, North Carolina, South Carolina, Nissispipi, Missouri, Tennessee         10       For states not listed	Item No.	Instructions		
additional CCC882, Page 1)         4       Enter the 2-digit FIPS state code of the tract location.
