

2014 SUPPORTING STATEMENT
FRUIT AND VEGETABLE MARKETING ORDERS
GENERIC OMB VEGETABLE AND SPECIALTY CROPS
OMB NO. 0581-0178

A. JUSTIFICATION

1. EXPLAIN THE CIRCUMSTANCES THAT MAKE THE COLLECTION OF INFORMATION NECESSARY. IDENTIFY ANY LEGAL OR ADMINISTRATIVE REQUIREMENTS THAT NECESSITATE THE COLLECTION.

Marketing Orders (Orders) and Agreements (Agreements) are authorized by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601-674; Act). This legislation was designed to permit regulation of certain agricultural commodities for the purpose of providing orderly marketing conditions in interstate and intrastate commerce and improving financial returns to producers. The Act provides in section 608d(1) that information necessary to determine the extent to which an order has effectuated the declared policy of the Act shall be furnished at the request of the Secretary of Agriculture (Secretary).

Orders and Agreements become effective only after public hearings are held in accordance with formal rulemaking procedures specified by the Act. Orders and Agreements can authorize the issuance of grade, size, quality, maturity, inspection requirements, pack and container requirements, and pooling and volume regulations. Some Orders also provide authority for research and development, including paid advertising. Pursuant to section 608e(1) of the Act, certain grade and condition requirements are imposed on commodities imported into the United States for which marketing orders regulate domestic production.

This information collection is necessary for the Secretary and the commodity committees to monitor adherence to the Order regulations.

2. INDICATE HOW, BY WHOM, HOW FREQUENTLY, AND FOR WHAT PURPOSE THE INFORMATION IS TO BE USED. EXCEPT FOR A NEW COLLECTION, INDICATE THE ACTUAL USE THE AGENCY HAS MADE OF THE INFORMATION RECEIVED FROM THE CURRENT COLLECTION.

Orders and Agreements, along with the rules and regulations issued thereunder, authorize Agricultural Marketing Service (AMS)-supervised and industry-operated committees to collect certain information from handlers and producers. (7 CFR Part 900). As a convenience to the handlers and producers who submit this information, AMS and the committees have created the forms listed below as a means for providing the requested information to the appropriate committee. These forms require the minimum information necessary to effectively carry out the requirements of the appropriate Order or Agreement.

The AMS issues and maintains certain forms, which are mandated by the Marketing Orders:

- 3. DESCRIBE WHETHER, AND TO WHAT EXTENT, THE COLLECTION OF INFORMATION INVOLVES THE USE OF AUTOMATED, ELECTRONIC, MECHANICAL, OR OTHER TECHNOLOGICAL COLLECTION TECHNIQUES OR OTHER FORMS OF INFORMATION TECHNOLOGY, E.G. PERMITTING ELECTRONIC SUBMISSION OF RESPONSES, AND THE BASIS FOR THE DECISION FOR ADOPTING THIS MEANS OF COLLECTION. ALSO, DESCRIBE ANY CONSIDERATION OF USING INFORMATION TECHNOLOGY TO REDUCE BURDEN.**

Upon approval, these forms will be used to submit information directly to the Committees that administer the respective Orders. These Committees are not part of a Federal agency, but are industry commodity Committees that operate under Federal authority and oversight.

The availability and submission of forms electronically is at the discretion of the Committees. Currently, most forms are transmitted by fax and mail. Some Committees are transmitting some forms by e-mail, but many handlers and growers do not have the ability to access electronic forms.

Information collections are periodically reviewed by each Committee to ensure that they are understood by industry members, are easy to complete, and place as small a burden as possible on the respondents.

4. DESCRIBE EFFORTS TO IDENTIFY DUPLICATION. SHOW SPECIFICALLY WHY ANY SIMILAR INFORMATION ALREADY AVAILABLE CANNOT BE USED OR MODIFIED FOR USE FOR THE PURPOSE(S) DESCRIBED IN ITEM 2 ABOVE.

Reports and forms are periodically reviewed to avoid unnecessary duplication of information collection by industry and public sector agencies. At the present time, there is no duplication between Federal agencies.

5. IF THE COLLECTION OF INFORMATION HAS SIGNIFICANT IMPACT ON A SUBSTANTIAL NUMBER OF SMALL BUSINESSES OR OTHER SMALL ENTITIES (ITEM 15 OF THE PAPERWORK REDUCTION ACT SUBMISSION FORM), DESCRIBE THE METHODS USED TO MINIMIZE BURDEN.

Information collection requirements have been reduced to the minimum requirements of each Order. Forms require only a minimal amount of information, which can be supplied without data processing equipment or a trained statistical staff. The primary sources of data used to complete the forms are routinely used in all business transactions. Thus, the information collection and reporting burden is relatively small, and requires the same reporting requirements for all handlers and receivers. Approximately 68 percent of the respondents are small businesses. The information collection does not significantly disadvantage any handler or receiver that is smaller than industry average.

6. DESCRIBE THE CONSEQUENCE TO FEDERAL PROGRAM OR POLICY ACTIVITIES IF THE COLLECTION IS NOT CONDUCTED OR IS CONDUCTED LESS FREQUENTLY, AS WELL AS ANY TECHNICAL OR LEGAL OBSTACLES TO REDUCING BURDEN.

If this information collection was not conducted, not only would the Secretary lose his ability to administer the Orders, but the Committees also would have no way to monitor industry compliance with their respective Orders and Agreements. They would also not be able to determine the assessments due from industry handlers and growers, which would negatively impact any market research and promotion activities.

7. EXPLAIN ANY SPECIAL CIRCUMSTANCES THAT WOULD CAUSE AN INFORMATION COLLECTION TO BE CONDUCTED IN A MANNER:

- **REQUIRING RESPONDENTS TO REPORT INFORMATION TO THE AGENCY MORE OFTEN THAN QUARTERLY;**

The following forms in this information collection require respondents to report information more often than quarterly:

There are no other special circumstances. The collection of information is conducted in a manner consistent with the guidelines in 5 CFR 1320.6.

8. IF APPLICABLE, PROVIDE A COPY AND IDENTIFY THE DATE AND PAGE NUMBER OF PUBLICATION IN THE FEDERAL REGISTER OF THE AGENCY'S NOTICE, REQUIRED BY 5 CFR 1320.8(d), SOLICITING COMMENTS ON THE INFORMATION COLLECTION PRIOR TO SUBMISSION TO OMB. SUMMARIZE PUBLIC COMMENTS RECEIVED IN RESPONSE TO THAT NOTICE AND DESCRIBE ACTIONS TAKEN BY THE AGENCY IN RESPONSE TO THESE COMMENTS. SPECIFICALLY ADDRESS COMMENTS RECEIVED ON COST AND HOUR BURDEN.

A 60-day notice was published in the Federal Register on July 25, 2013 (Vol. 78, No. 143, page 44922), which invited comments from interested persons through September 23, 2013. No comments were received.

- **DESCRIBE EFFORTS TO CONSULT WITH PERSONS OUTSIDE THE AGENCY TO OBTAIN THEIR VIEWS ON THE AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, THE CLARITY OF INSTRUCTIONS AND RECORDKEEPING, DISCLOSURE, OR REPORTING FORMAT (IF ANY), AND ON THE DATA ELEMENTS TO BE RECORDED, DISCLOSED, OR REPORTED.**
- **CONSULTATION WITH REPRESENTATIVES OF THOSE FROM WHOM INFORMATION IS TO BE OBTAINED OR THOSE WHO MUST COMPILE RECORDS SHOULD OCCUR AT LEAST ONCE EVERY 3 YEARS -- EVEN IF THE COLLECTION OF INFORMATION ACTIVITY IS THE SAME AS IN PRIOR PERIODS. THERE MAY BE CIRCUMSTANCES THAT MAY PRECLUDE CONSULTATION IN A SPECIFIC SITUATION. THESE CIRCUMSTANCES SHOULD BE EXPLAINED.**

The Committees meet throughout the year to assess the Orders' regulatory and informational needs. The Committees assess the type of information that is collected, and also keep close contact with industry representatives and trade associations to ensure their utmost efficiency. The Committees endeavor to consult with representatives from whom the information is to be obtained at least every three years. In addition, notices of Committee meetings are sent to all those associated with the respective industry, and any concerns regarding Committee issues are welcomed. Use of these forms has been discussed with the following Committee managers and their staff:

Order No. 932 – California Olive Committee, Manager, Alexander Ott, (559) 456-9096;

Order No. 945 – Idaho-Eastern Oregon Potato Committee, Manager, Travis Blacker, (208) 529-8057;

9. EXPLAIN ANY DECISION TO PROVIDE PAYMENT OR GIFT TO RESPONDENTS, OTHER THAN REMUNERATION OF CONTRACTORS OR GRANTEES.

Respondents are not provided with gifts or payments for providing information.

10. DESCRIBE ANY ASSURANCE OF CONFIDENTIALITY PROVIDED TO RESPONDENTS AND THE BASIS FOR THE ASSURANCE IN STATUTE, REGULATION, OR AGENCY POLICY.

Section 608(d) of the Act provides that information acquired will be kept confidential. Reports submitted to the Committees are accessible only by the Committee managers and staff, AMS field office employees, and certain USDA employees in Washington, D.C. Committee members have access to handler reports and assessment records for the purpose of administering compliance with the Orders, and determining assessments, but are under strict orders to maintain the confidentiality of this information by securing these records under lock and key. The Committee staffs are aware of the penalties for violating confidentiality requirements. Forms, such as ballots, which request confidential information, contain statements that the information will be held in strict confidence.

11. PROVIDE ADDITIONAL JUSTIFICATION FOR ANY QUESTIONS OF A SENSITIVE NATURE, SUCH AS SEXUAL BEHAVIOR AND ATTITUDE, RELIGIOUS BELIEFS, AND OTHER MATTERS THAT ARE COMMONLY CONSIDERED PRIVATE. (THIS JUSTIFICATION SHOULD INCLUDE THE REASONS WHY THE AGENCY CONSIDERS THE QUESTIONS NECESSARY, THE SPECIFIC USES TO BE MADE OF THE INFORMATION, THE EXPLANATION TO BE GIVEN TO PERSONS FROM WHOM THE INFORMATION IS REQUESTED, AND ANY STEPS TO BE TAKEN TO OBTAIN THEIR CONSENT).

Questions of a sensitive nature are not included on any form in this information collection. Private information is required on the “Confidential Background Statement” for grower and public members and alternates, which are completed by Committee nominees. This form inquires about a nominee’s qualifications to serve on a Committee, such as position in a firm, years growing or handling a commodity, approximate volume grown or handled, and offices held in industry organizations. This information is provided to the Secretary for use in the Committee selection process.

12. PROVIDE ESTIMATES OF THE HOUR BURDEN OF THE COLLECTION OF INFORMATION. THE STATEMENT SHOULD:

- **INDICATE THE NUMBER OF RESPONDENTS, FREQUENCY OF RESPONSE, ANNUAL HOUR BURDEN, AND AN EXPLANATION OF HOW THE BURDEN WAS ESTIMATED. UNLESS OTHERWISE DIRECTED TO DO SO, AGENCIES SHOULD NOT CONDUCT SPECIAL SURVEYS TO OBTAIN INFORMATION ON WHICH TO BASE HOUR BURDEN ESTIMATES. CONSULTATION WITH A SAMPLE (FEWER THAN 10) OF POTENTIAL RESPONDENTS IS DESIRABLE. IF THE HOUR BURDEN ON RESPONDENTS IS EXPECTED TO VARY WIDELY BECAUSE OF DIFFERENCE IN ACTIVITY, SIZE, OR COMPLEXITY, SHOW THE RANGE OF ESTIMATED BURDEN AND EXPLAIN THE REASONS FOR THE VARIANCE. GENERALLY, ESTIMATES SHOULD NOT INCLUDE BURDEN HOURS FOR CUSTOMARY AND USUAL BUSINESS PRACTICES.**

The number of respondents required to file forms is approximately 20,446, and was estimated based on records kept by Committees that track handlers regulated under their respective Orders. These estimates are close to the actual number of producers and handlers because the members of the industry are required to work closely with the Committees. See AMS-71 spreadsheet for breakout.

- **IF THIS REQUEST FOR APPROVAL COVERS MORE THAN ONE FORM, PROVIDE SEPARATE HOUR BURDEN ESTIMATES FOR EACH FORM AND AGGREGATE THE HOUR BURDENS IN ITEM 13 OF OMB FORM 83-I.**

See AMS-71 spreadsheet for breakout of burden.

- **PROVIDE ESTIMATES OF ANNUALIZED COST TO RESPONDENTS FOR THE HOUR BURDENS FOR COLLECTIONS OF INFORMATION, IDENTIFYING AND USING APPROPRIATE WAGE RATE CATEGORIES.**

The respondents' estimated annual cost of providing information to the committees is \$509,364. This total has been estimated by multiplying 24,267 total burden hours, by \$20.99, the national mean hourly wage of Farming, Fishing and Forestry occupations, according to the U.S. Department of Labor Statistics. (National Compensation Survey: Occupational Employment and Wages, May 2012; http://www.bls.gov/oes/current/oes_nat.htm.)

13. PROVIDE AN ESTIMATE OF THE TOTAL ANNUAL COST BURDEN TO RESPONDENTS OR RECORD KEEPERS RESULTING FROM THE COLLECTION OF INFORMATION. (DO NOT INCLUDE THE COST OF ANY HOUR BURDEN SHOWN IN ITEMS 12 AND 14).

- **THE COST ESTIMATE SHOULD BE SPLIT INTO TWO COMPONENTS: (a) A TOTAL CAPITAL AND START-UP COST COMPONENT (ANNUALIZED OVER ITS EXPECTED USEFUL LIFE); AND (b) A TOTAL OPERATION AND MAINTENANCE AND PURCHASE OF SERVICES COMPONENT. THE ESTIMATES SHOULD TAKE INTO ACCOUNT COSTS ASSOCIATED WITH GENERATING, MAINTAINING, AND DISCLOSING OR PROVIDING THE INFORMATION. INCLUDE DESCRIPTIONS OF METHODS USED TO ESTIMATE MAJOR COST FACTORS INCLUDING SYSTEM AND TECHNOLOGY ACQUISITION, EXPECTED USEFUL LIFE OF CAPITAL EQUIPMENT, THE DISCOUNT RATE(S), AND THE TIME PERIOD OVER WHICH COSTS WILL BE INCURRED. CAPITAL AND START-UP COSTS INCLUDE, AMONG OTHER ITEMS, PREPARATION FOR COLLECTING INFORMATION SUCH AS PURCHASING COMPUTERS AND SOFTWARE; MONITORING, SAMPLING, DRILLING AND TESTING EQUIPMENT; AND RECORD STORAGE FACILITIES.**
- **IF COST ESTIMATES ARE EXPECTED TO VARY WIDELY, AGENCIES SHOULD PRESENT RANGES OF COST BURDENS AND EXPLAIN THE REASONS FOR THE VARIANCE. THE COST OF PURCHASING OR**

CONTRACTING OUT INFORMATION COLLECTION SERVICES SHOULD BE A PART OF THIS COST BURDEN ESTIMATE. IN DEVELOPING COST BURDEN ESTIMATES, AGENCIES MAY CONSULT WITH A SAMPLE OF RESPONDENTS (FEWER THAN 10), UTILIZE THE 60-DAY PRE-OMB SUBMISSION PUBLIC COMMENT PROCESS AND USE EXISTING ECONOMIC OR REGULATORY IMPACT ANALYSIS ASSOCIATED WITH THE RULEMAKING CONTAINING THE INFORMATION COLLECTION, AS APPROPRIATE.

- **GENERALLY, ESTIMATES SHOULD NOT INCLUDE PURCHASES OF EQUIPMENT OR SERVICES, OR PORTIONS THEREOF, MAKE: (1) PRIOR TO OCTOBER 1, 1995, (2) TO ACHIEVE REGULATORY COMPLIANCE WITH REQUIREMENTS NOT ASSOCIATED WITH THE INFORMATION COLLECTION OR KEEPING RECORDS FOR THE GOVERNMENT, OR (4) AS PART OF CUSTOMARY AND USUAL BUSINESS OR PRIVATE PRACTICES.**

There are no start-up cost burdens to respondents or record keepers that are not included in items 2 and 14.

14. PROVIDE ESTIMATES OF ANNUALIZED COST TO THE FEDERAL GOVERNMENT. ALSO, PROVIDE A DESCRIPTION OF THE METHOD USED TO ESTIMATE COST, WHICH SHOULD INCLUDE QUANTIFICATION OF HOURS, OPERATIONS EXPENSES (SUCH AS EQUIPMENT, OVERHEAD, PRINTING, AND SUPPORT STAFF), AND ANY OTHER EXPENSE THAT WOULD NOT HAVE BEEN INCURRED WITHOUT THIS COLLECTION OF INFORMATION. AGENCIES ALSO MAY AGGREGATE COST ESTIMATES FROM ITEMS 12, 13, AND 14 IN A SINGLE TABLE.

The Federal government's annual costs for providing oversight of, and assistance for, this information collection is estimated at \$106,876 for the first year, and \$110,082 for subsequent years, assuming higher overhead costs. A breakdown of the oversight costs for the first year is as follows:

Salaries/benefits/awards	\$10,476
Travel	\$30,000
Printing/Copying/Mailing/Postage	\$44,000
Federal Register Services	\$2,400
OGC (Legal Services)	\$8,000
Supplies/Equipment	\$12,000
TOTAL	\$106,876

15. EXPLAIN THE REASON FOR ANY PROGRAM CHANGES OR ADJUSTMENTS REPORTED IN ITEM 13 OR 14 OF THE OMB FORM 83-I.

The Agency is requesting approval for 24,267 burden hours, based on 94,130 annual responses. Since the last submission in 2010, there is a decrease of 2,534 burden hours from 26,801. The total decrease is a combination of a 677 hour adjustment increase and a program

change decrease of -3,211 hours. Several edits to existing forms were necessitated by office addresses changes and name changes to two AMS offices referenced on multiple forms; change in respondents and termination of Orders. Due to AMS's desire to know the level of involvement of the organic industry in these committees, a question is now asked in most member nomination forms whether their operation is certified organic.

The Oregon-California Potato Committee entered into proceedings in 2013 to terminate handling regulations under the Order, necessitating the need to delete the related forms from this forms package. Consequently the following forms are no longer included:

Order No. 947; Oregon-California Potatoes:

Background Questionnaire, Form FV-61

Letter of Acceptance, No form number

Certificate of Resolution, Form FV-79A

Producer Referendum, FV-80, FV-80A and FV-80B

Special Purpose Shipment, No form number

Handler Statement, No form number

Application for Establishment of Approved Manufacturers Classification, No form number

Report of Anticipated Shipment to Receiver not on Approved Manufacturers List, No form number

Shipper's Application for Waiver of Inspection Privilege, No form number

Load Report Sheet Waiver of Inspection, No form number

Certificate of Privilege, No form number

Certificate of Privilege Seed Potatoes, No form number

An assortment of obsolete forms was also deleted, including the following:

Order No. 946; Colorado Potatoes:

Exemption for Certified Seed Potatoes, No form number

Order No. 945; Idaho-E. Oregon Potatoes:

Destination Zip Code and Quantity Reporting Requirement; Certificate of Privilege; No form number.

Destination Zip Code and Quantity Reporting Requirement; Shipments; No form number

Order No. 953; Southeast Potatoes:

Background Questionnaire, FV-109

16. FOR COLLECTIONS OF INFORMATION WHOSE RESULTS WILL BE PUBLISHED, OUTLINE PLANS FOR TABULATION AND PUBLICATION. ADDRESS ANY COMPLEX ANALYTICAL TECHNIQUES THAT WILL BE USED. PROVIDE THE TIME SCHEDULE FOR THE ENTIRE PROJECT, INCLUDING BEGINNING AND ENDING DATES OF THE COLLECTION OF INFORMATION, COMPLETION OF REPORT, PUBLICATION DATES, AND OTHER ACTIONS.

There are no plans to publish any information or data collected.

IF SEEKING APPROVAL TO NOT DISPLAY THE EXPIRATION DATE FOR OMB APPROVAL OF THE INFORMATION COLLECTION, EXPLAIN THE REASONS THAT DISPLAY WOULD BE INAPPROPRIATE.

AMS requests approval not to display the expiration date on the forms associated with this information collection because having to do so would 1) decrease the efficiency of the Orders, 2) be financially prohibitive to some Committees, and 3) delay the use of such forms and cause confusion to the respondents.

Displaying expiration dates on the forms in this information collection would decrease the efficiency of these Orders. At the time the forms expire, each Committee would need to destroy otherwise-usable forms, counteracting the Administration's goal of increasing program efficiency. As the forms are widely distributed, there is the possibility that a respondent could inadvertently complete an expired form before a new form was distributed, having a severe adverse legal consequence if the validity of the form were ever challenged. For example, if expired ballots were inadvertently used to elect Committee members, the members' seats could later be found to be invalid, causing a disruption of the Committee, requiring re-election, and negatively affecting the entire applicable commodity industry. This would increase legal and administrative costs, and greatly decrease efficiency.

Some Committees are very small with small operating budgets, and rely heavily on financial discounts to function properly. As such, they order large quantities of these forms at once to get lower printing prices, knowing that they will be in use for several years. Displaying expiration dates on the forms could financially devastate them as they simply could not afford to reprint forms or pay more for the forms they order from the printer.

Finally, putting expiration dates on the forms prevents them from being used once they reach expiration while the new forms in the OMB-approval process. Committees mail forms to respondents in a timely manner to ensure accurate completion. If a Committee needs to order additional forms during this process, it could not order the forms with a new expiration date, as there are no guarantees that a requested expiration date would be approved by OMB. This would delay the Committee's use of these forms, and hinder the smooth operation of Order requirements. Displaying expiration dates on forms also confuses respondents, who may think that the expiration date applies to the time their information is due, rather than the validity of the actual form.

17. EXPLAIN EACH EXCEPTION TO THE CERTIFICATION STATEMENT IDENTIFIED IN ITEM 19, "CERTIFICATION FOR PAPERWORK REDUCTION ACT SUBMISSIONS," OF OMB FORM 83-I.

The agency is able to certify compliance with all provisions under item 19 of OMB Form 83-I.

A. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS.

This collection of information does not employ statistical methods.
