BCC: All 2017 CDC Science Ambassador Fellows who provided an email address

Subject: Reminder! 2017 CDC Science Ambassador Fellowship summer course survey

Last week we sent you an email inviting you to complete a voluntary short survey about your participation in the 2017 Science Ambassador Fellowship summer course at the Centers for Disease Control and Prevention in Atlanta. We strive to improve the summer course, and are interested in your feedback and suggestions to guide the direction of future summer courses.

To help us improve next year's Fellowship, we invite you to complete a voluntary short survey by accessing the link below. The survey should take approximately **20 minutes** to complete. Be sure to complete this survey in one sitting, as you will not be able to return to edit your responses or complete the survey once you exit it. The survey closes on **Monday, August 8th at 11:59 pm EST.**

Your participation in this survey is voluntary and will not affect your earning continuing education units (CEUs). If you have any questions or problems concerning this survey, please contact scienceambassador@cdc.gov.

Thank you again for attending this year's summer course and providing feedback.
