# Instructions to Access the Internet Version of the
# Mining Industry and Workforce Survey and Sampling System

Enclosed in this package is a paper survey questionnaire for the Mining Industry and Workforce Survey. You have the option of filling out the paper questionnaire and returning it by mail or completing the questionnaire over the Internet. Both versions ask the same questions, but you may find the Internet version more convenient to complete. For example, the computer automatically skips any questions that do not apply to your mine, based upon your responses to prior questions.

You do not have to complete the survey in one sitting. You can stop and re-start the survey multiple times. Just return to the website and enter your user name and password. You will be taken to the next question to answer.

**To access the Internet version of the survey:**

1.  Go to <<URL>>.

2.  Enter this user name:

3.  Enter this password:

4.  Select whether you want to:
    a.  Access the Employee Sampling System for use with the paper questionnaire to select employee line numbers appropriate for your mine size
    b.  Take the survey on the web
