Cancer Control P.L.A.N.E.T. Evaluation Survey

OMB No.: 0925-XXXX
Expiration Date: xx/xx/20xx

Collection of this information is authorized by The Public Health Service Act, Section 412 (42 USC 285a-1). You are being contacted through provision of this on-line survey link to complete this instrument so that we can improve the Cancer Control P.L.A.N.E.T. website. Participation is voluntary, and there are no penalties for not participating or withdrawing from the study at any time. Refusal to participate will not affect your benefits in any way. Rights of study participants are protected by The Privacy Act of 1974. The information collected in this study will be kept private under the Privacy Act. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries.

Public reporting burden for this collection of information is estimated to average 12 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-XXXX). Do not return the completed form to this address.

The Cancer Control P.L.A.N.E.T. is a web portal that provides access to data and resources that can be used to design, implement, and evaluate evidence-based cancer control programs. We would like your feedback on how the site can better meet your needs.

The survey takes approximately 10-12 minutes to complete. It will ask you about your experience with Cancer Control P.L.A.N.E.T., and then a few questions about you.

Cancer Control P.L.A.N.E.T. Evaluation Survey

CONSENT

You are invited to participate in an online survey about the National Cancer Institute Cancer Control P.L.A.N.E.T. web portal. This survey asks about your current use of, and satisfaction with, the portal. It should take approximately 10-12 minutes to complete.

Your participation in this survey is voluntary. You may refuse to take part in the evaluation or exit the survey at any time without penalty. You are free to decline to answer any particular question you do not wish to answer for any reason.

BENEFITS/RISKS

You will receive no direct benefits from participating in this evaluation. However, your responses may help us learn more about how people use Cancer Control P.L.A.N.E.T., and how the portal can be improved.

There are no foreseeable risks involved in participating in this evaluation other than those encountered in day-to-day life.

CONFIDENTIALITY

Your survey answers will be sent to a link at SurveyMonkey.com where data will be stored in a password protected electronic format. Your responses will be confidential and not be shared with anyone outside of the evaluation team.

At the end of the survey you will be asked if you are interested in participating in an additional interview by phone to provide more detailed feedback about specific changes you would like to see made to Cancer Control P.L.A.N.E.T. If you choose to provide contact information (email address), your survey responses may no longer be anonymous to the researcher. However, no names or identifying information will be included in any publications or presentations based on these data, and your responses to this survey will remain confidential.

CONTACT

If you have questions at any time about the study or the procedures, or if you have any questions, concerns, or complaints that you wish to address, you may contact us at cancercontrolplanet@mail.nih.gov

I agree to participate in this survey. I am participating voluntarily, and I understand that I can exit from the survey at any time, without any penalty or consequences.
