SUPPLEMENTARY INFORMATION:

I. Abstract

2016 marks the 100th anniversary of the National Park Service (NPS)—a defining moment that offers an opportunity to reflect on and celebrate our accomplishments as we move forward into a new century of stewardship and engagement. As we prepare for our centennial anniversary, discussions concerning the relevancy of the National Parks have ignited the need for a third iteration of the NPS Comprehensive Survey of the American

Public. This survey will include questions from the original surveys as well as updated questions that can be used to provide views from a national audience concerning the current relevancy of the NPS that would otherwise be unavailable.

This request is to reinstate OMB Control Number 1024–0254 in order to pretest the survey and collection methods before we ask OMB to review for the consideration of approval the final version of the survey instrument. The new content is sufficiently different enough to necessitate this request to pretest question, response choice wording, and survey length before requesting approval of the final survey. The purpose and intent of the final survey will be measure the awareness, engagement, values, and preferences of both visitors and non-visitors. This information will be used to assess the relevancy of NPS as well as to assess change over time, which in turn will be used to evaluate the effectiveness of NPS efforts to increase its relevancy.

II. Data

OMB Control Number: 1024–0254.

Title: National Park Service Centennial National Household Survey.
Type of Request: Reinstatement with change to a previously approved collection.

Affected Public: Individuals and households.

Respondent Obligation: Voluntary.

Frequency of Collection: One time.

Estimated Number of Annual Responses: 120.

Annual Burden Hours: 54 hours.

Estimated Annual Reporting and Recordkeeping “Non-Hour Cost”: None.

III. Comments

A notice was published in the **Federal Register** (80 FR 80384) on December 24, 2015, stating that we intended to submit an information collection OMB approval of the NPS Comprehensive Survey of the American Public. In this notice, we solicited public comment for 60 days ending February 22, 2016. We did not receive any comments in response to that notice that required changes to the collection instruments.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and

- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: October 26, 2016.

Bureau of Ocean Energy Management

[Docket No. BOEM–2016–0071]

Atlantic Wind Lease Sale 6 (ATLW–6) for Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore New York—Final Sale Notice MMAA104000

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Final sale notice for commercial leasing for Wind Power on the Outer Continental Shelf Offshore New York.

SUMMARY: This document is the Final Sale Notice (FSN) for the sale of one commercial wind energy lease on the Outer Continental Shelf (OCS) offshore New York, pursuant to 30 CFR 585.216. The Bureau of Ocean Energy Management (BOEM or “the Bureau”) will offer Lease OCS–A 0512 for sale using a multiple-factor auction format. This FSN contains information pertaining to the area available for leasing, lease provisions and conditions, auction details, the lease form, criteria for evaluating competing bids, award procedures, appeal procedures, and lease execution. The issuance of the lease resulting from this sale would not constitute an approval of project-specific plans to develop offshore wind energy. Such plans, if submitted by the lease sale winner, would be subject to subsequent environmental and public review prior to a decision to proceed with development.

DATES: BOEM will hold a mock auction for the bidders starting at 8:30 a.m. Eastern Standard (EST) on December 13, 2016. The monetary auction will be held online and will begin at 8:30 a.m. Eastern Standard Time (EST) on December 15, 2016. Additional details are provided in the section entitled, “Deadlines and Milestones for Bidders.”

FOR FURTHER INFORMATION CONTACT: Wright Frank, New York Project Coordinator and Auction Manager, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, VAM–OREP, Sterling, Virginia, 20166, (703) 787–1325 or Wright.Frank@boem.gov.

Background: BOEM proposed this lease sale on June 6, 2016, in *Proposed Sale Notice (PSN) for Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore New York*, which was published in the **Federal Register** with a 60-day public comment period (81 FR 36336). BOEM received 401 comment submissions in response to the PSN, which are available in the **Federal Register** docket (Docket ID: BOEM–2016–0027) through BOEM’s Web site at: <http://www.boem.gov/New-York/>. BOEM has posted a document containing responses to comments submitted during the PSN comment period. The document, entitled *Response to Comments*, can be found at the following URL: <http://www.boem.gov/New-York/>.

BOEM made several changes from the description of the New York lease sale that was published in the PSN. Three changes worth highlighting are: A 10% bidding credit for entities that establish that they are a “government authority” meeting the definition included in this notice, an adaptation to the auction format, and the removal of a small portion of the lease area. The auction format described here differs slightly from past lease sales in that bidders may have a “limited opportunity to revoke” a provisionally winning bid without penalty if the next-highest bid was submitted by a governmental entity. An explanation regarding the reduction in the area of the LA relative to the area described in the PSN is provided in the section entitled “Area Offered for Leasing.”

Environmental Reviews

On May 28, 2014, BOEM published a Notice of Intent (NOI) to Prepare an Environmental Assessment (EA) for commercial wind lease issuance and approval of site assessment activities on the Atlantic OCS offshore New York with a 45-day public comment period (79 FR 30643). In response to the NOI, BOEM received 32 comment
