Welcome to the Intellectual Property Rights e-Recordation (IPRR) application.

This new method for filing initial trademark and copyright recordation applications will greatly decrease the amount of time and paperwork normally required, thus providing more timely enforcement of your intellectual property rights. (* Please note: An electronic application for trademark and copyright "renewals" and "tradename" recordations is not yet available. For additional information, please review the "Renewals" and "Tradename" sections at the bottom of this page.)

The filing of this electronic application will begin the administrative recordation process with CBP. A separate application is required for each recordation sought. Applications will be processed in the order in which they are received. The recordation fee for copyrights is \$190. The recordation fee for trademarks is \$190 per International Class of goods. By submitting this application on-line, you agree to supply the documents specified in [19 CFR 133.3](#) for trademarks, and [19 CFR 133.33](#) for copyrights, upon request by CBP. Failure to do so will result in your recordation being suspended pending receipt of the documents.

We recommend that you have the following materials and information readily available before you begin the application process:

- ✓ U.S. Patent & Trademark Office Registration Number or the U.S. Copyright Office Registration Number
- ✓ Digital images of the protected mark/work in ".jpg" or ".gif" format that accurately depict the right to be protected. Individual image files are limited to 2MB.
- ✓ Familiarization with the applicable regulations
