## Survey Information

RTI University

Welcome to the 2015 Survey of Graduate Students and Postdoctorates in Science and Engineering (GSS).

### Survey Overview

The GSS asks for counts of the following information by [organizational unit](#) (unit):

- **Graduate Students**
  - Part-time graduate students by demographics, including citizenship, ethnicity, race, and sex
  - Full-time graduate students by demographics, including citizenship, ethnicity, race, and sex
  - Full-time graduate students by financial support, including funding agency (e.g., NSF, NIH) and mechanism (e.g., training grant, fellowship)
- **Postdoctoral Researchers (postdocs)**
  - Demographics, including citizenship, ethnicity, race, and sex
  - Financial support, including agency (e.g. NSF, NIH) and mechanism (e.g. training grant, fellowship)
  - Type of degree (professional, PhD, or PhD-equivalent) and origin of degree (U.S. or foreign)
- **Other Doctorate-Holding Nonfaculty Researchers**
  - By sex and type of degree (professional, PhD, or PhD-equivalent)

### Submissions

The 2015 GSS consists of two parts, with two separate deadlines. You may find it helpful to print a [worksheet](#) containing the table shells for Part 2 and a survey glossary.

Each respondent completing sections of the survey will be asked to estimate the time spent completing the survey.

#### Part 1: Update and Confirm Your Unit Listing

- Be sure to use a current version of the [GSS Code List](#) and [CIP/GSS code crosswalk](#) (revised in 2011)
- Identify all units in [GSS-eligible fields](#) at your school that have graduate students, postdocs, or other doctorate-holding nonfaculty researchers
- Identify and notify respondents who can report data for each unit in your list
- **Submit Part 1 by November 30, 2015**

#### Part 2: Obtain Counts and Submit Your Data

- For the units identified in Part 1, obtain counts of graduate students, postdocs, and other doctorate-holding nonfaculty researchers by the characteristics listed above
- Provide counts in the survey by manually entering the data or using the [Upload Data](#) tool. It is possible for you to upload data for some units or some GSS questions and manually enter the remaining information.
- **Submit Part 2 by February 29, 2016.**

### Update Your Unit List

RTI University

Please review your school's list of organizational units, which may include teaching units (departments/programs) and research units (research centers/healthcare facilities). The units currently listed for Milwaukee School of Engineering are displayed below.

**Important:**

- Report clinical psychology separately from all other psychology departments or programs
- Report each engineering field (e.g., electrical engineering, mechanical engineering) separately

Retain or add only units in GSS-eligible fields (science, engineering or health fields) that meet one of the following criteria:

- Award degrees (including online degrees) such as MA, MS, PhD, or PhD-equivalent such as ScD or DEng ('PhD or PhD equivalent' excludes EdD, PsyD, or professional degrees, e.g., MD, DVM, DO, DDS), OR
- Appoint [postdoctoral researchers](#) (postdocs), OR
- Employ [other doctorate-holding nonfaculty researchers](#)

Do not include units that award professional degrees such as MD, DDS, JD unless they also award a GSS-eligible PhD or PhD-equivalent degree, appoint postdocs, or employ other doctorate-holding nonfaculty researchers. For these units, the graduate student counts should NOT include students enrolled in the professional degree programs.

**Edit Units:** Click the "Edit Unit" link to make changes to the unit name, highest degree granted, or GSS code, and save changes. If the unit has no graduate students, check the "No graduate students" box. If the unit has no postdocs and other doctorate-holding nonfaculty researchers, check the "No postdocs and nonfaculty researchers" box.

**Delete Units:** Click the "Delete Unit" link to remove the units that are not GSS-eligible

**Add Units:** Click the "Add Units" button to add any new or missing GSS-eligible units, and assign each new unit a GSS code

Add Units

**Confirm Units:** Check the box at the bottom of the unit listing to confirm that you have completed updating the units for your school.

## Unit Status Menu

RTI University

Use the following status icon to monitor the data collection progress for all the units in your school:

= No Data Entered     
 = Ready to Submit     
 = Contains Warnings     
 = Contains Errors

To view or edit the data, click on the status icons in the table below to go to that page.

If a Unit Respondent has not submitted their unit and you wish to edit or report their unit's data, check the *Lock Unit* box for that unit. This will prevent the Unit Respondent from making changes and will enable you to enter data for that unit.

Due: February 29, 2016

### Printer-Friendly Table

Click on the icon to review or edit survey data for that unit

Check this box if this unit had no eligible part-time graduate students

**Note**

- Count only students enrolled *part-time* for credit in a graduate-degree program in science, engineering, or health
- Count students enrolled in more than one organizational unit in only one home unit

**Include**

- Part-time graduate students doing thesis or dissertation research
- Part-time students pursuing a master's, PhD, or PhD-equivalent degree such as an ScD or DEng
- Part-time master's or PhD candidates (including residents and interns) concurrently enrolled in a professional degree program (e.g., MD, DDS, DO, DPT, DVM) or a joint medical/PhD program
- Part-time students who already hold a graduate or professional degree **and** are seeking an additional degree in a master's or PhD program

**Exclude**

- Graduate students enrolled at a branch or extension center of a U.S. institution in a foreign country

## Upload Data

RTI University

As an alternative to entering your data directly on the Web survey screens, you may upload your data using comma-separated values data files (.csv). This approach may be beneficial for schools with a large number of reporting units. You may use the upload tool even if you are unable to upload all information; it is possible for you to upload data for some units or some GSS questions and manually enter the remaining information.

You may view a list of [frequently asked questions](#) to assist you in taking this approach.

### Steps for Using the File Upload

#### 1. Build a Unit-Level Mapping

Create a mapping or link between the units in the GSS and your internal systems by matching the GSS Unit ID with your internal system's unique identifier. [Download a unit link template](#), which contains a record for each GSS unit in this school and enter your school's unique identifier for each unit in the 6th column (with the header "Internal Unit ID"). In order to do this, you may find it helpful to use the [GSS - CIP Crosswalk](#) to link your units. This file also contains your School ID (same on all lines), that you will need when building your upload file. **Your school id is: 1032-1251**

#### 2. Create Programs to Extract Data

You will need to create programs or queries to extract the GSS data from your internal systems. Using the crosswalk file created in step 1, you will extract the data for any given GSS question and output that data into an upload file, using the [required format for that question](#). To obtain a file showing the format for all GSS questions for all of your GSS units, you may [download an exchange format file](#).

#### 3. Run Programs and Place the Upload File(s) on your Workstation

Run the programs created in step 2 and place the resulting file(s) on the workstation you use to access the GSS on-line survey.

#### 4. Select the File to Upload

Click the "Browse" button below and navigate to the folder containing your upload file and open it.

No file selected.
