Subject: CFPB Financial Literacy Program Feedback

Dear «Salutation» «ContactLastName»,

The Consumer Financial Protection Bureau (CFPB) and RTI International, an independent research organization, would like to invite you to contribute to an important study evaluating the use and implementation of CFPB financial literacy resources in libraries. During the past few years, CFPB has provided libraries with financial literacy resources such as free print materials, online resources, library staff training, marketing materials, and a guidebook for partnering with local organizations. We would like to get your feedback on your library's use of these CFPB program and materials.

Participating in this study will involve answering questions in a small focus group session with a member of our project team and other librarians like yourself. We ask for approximately 45 minutes of your time. Your feedback will help us identify areas where the CFPB can improve current resources or create new resources to better serve libraries.

With your permission, we will record the session to verify the accuracy of our notes. The recording will not be used for any other purpose, and will be destroyed as soon as the analysis of your information is completed. All individual responses will be kept private. No identifying information will be used in any notes or reports so your responses will not be linked to you.

A member of the research team will call you in the next few days with more information about participating in this important evaluation. Or, you can call 1-XXX-XXX-XXXX to schedule a time to complete the interview.

Thank you in advance for your time and consideration.
